[HB 428]

AN ACT GENERALLY REVISING WORKERS' COMPENSATION LAWS; REVISING THE DEFINITION OF EMPLOYER FOR WORKERS' COMPENSATION COVERAGE; REVISING THE FREQUENCY OF SUMMARY REPORTS SUBMITTED BY INSURERS; REVISING PROVISIONS FOR MEDICAL STATUS FORMS; AND AMENDING SECTIONS 39-71-117, 39-71-201, 39-71-306, AND 39-71-1036, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-117, MCA, is amended to read:

“39-71-117. Employer defined. (1) “Employer” means:

(a) the state and each county, city and county, city school district, and irrigation district; all other districts established by law; all public corporations and quasi-public corporations and public agencies; each person; each prime contractor; each firm, voluntary association, limited liability company, limited liability partnership, and private corporation, including any public service corporation and including an independent contractor who has a person in service under an appointment or contract of hire, expressed or implied, oral or written; and the legal representative of any deceased employer or the receiver or trustee of the deceased employer;

(b) any association, corporation, limited liability company, limited liability partnership, or organization that seeks permission and meets the requirements set by the department by rule for a group of individual employers to operate as self-insured under plan No. 1 of this chapter;

(c) any nonprofit association, limited liability company, limited liability partnership, or corporation or other entity funded in whole or in part by federal, state, or local government funds that places community service participants, as described in 39-71-118(1)(e), with nonprofit organizations or associations or federal, state, or local government entities;

(d) subject to subsection (5), a religious corporation, religious organization, or religious trust receiving remuneration from nonmembers for:

(i) manufacturing or construction activities conducted by its members on or off the property owned or leased by the religious corporation, religious organization, or religious trust; or

(ii) agricultural labor and services performed off the property owned or leased by the religious corporation, religious organization, or religious trust; and

(e) an approved and authorized fiduciary, agent, or other person acting as fiscal agent under section 3504 of the Internal Revenue Code, 26 U.S.C. 3504, and 26 CFR 31.3504-1.

(2) A temporary service contractor is the employer of a temporary worker for premium and loss experience purposes.

(3) Except as provided in chapter 8 of this title, an employer defined in subsection (1) who uses the services of a worker furnished by another person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, is presumed to be the employer for workers' compensation premium and loss experience purposes for work performed by the worker. The presumption may be rebutted by substantial credible evidence of the following that :

(a) the person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service

contractor, furnishing the services of a worker to another retains control over all aspects of the work performed by the worker, both at the inception of employment and during all phases of the work; ~~and~~

~~(b) the person, association, contractor, firm, limited liability company, limited liability partnership, or corporation, other than a temporary service contractor, furnishing the services of a worker to another has obtained workers' compensation insurance for the worker in Montana both at the inception of employment and during all phases of the work performed.~~

(4) An interstate or intrastate common or contract motor carrier that maintains a place of business in this state and uses an employee or worker in this state is considered the employer of that employee, is liable for workers' compensation premiums, and is subject to loss experience rating in this state unless:

(a) the worker in this state is certified as an independent contractor as provided in 39-71-417; or

(b) the person, association, contractor, firm, limited liability company, limited liability partnership, or corporation furnishing employees or workers in this state to a motor carrier has obtained Montana workers' compensation insurance on the employees or workers in Montana both at the inception of employment and during all phases of the work performed.

(5) The definition of "employer" in subsection (1)(d) is limited to implementing the administrative purposes of this chapter and may not be interpreted or construed to create an employment relationship in any other context.

(6) (a) A fiscal agent that qualifies under subsection (1)(e) and that is designated as a payor, using federal, state, or local government funds, under 26 CFR 31.3504-1 is considered to be the employer for the purposes of the Workers' Compensation Act of those workers for whom the fiscal agent is making payments.

(b) The client of the fiscal agent, despite exercising control over the hiring, scheduling, and direction of the work tasks performed by the worker, is not the employer of that worker for the purposes of the Workers' Compensation Act."

Section 2. Section 39-71-201, MCA, is amended to read:

"39-71-201. Workers' compensation administration fund. (1) A workers' compensation administration fund is established out of which are to be paid upon lawful appropriation all costs of administering the Workers' Compensation Act, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. The department may use the workers' compensation administration fund to reimburse premiums for high-quality work-based learning programs, as provided in 39-71-319. The department shall collect and deposit in the state treasury to the credit of the workers' compensation administration fund:

(a) all fees and penalties provided in 39-71-107, 39-71-205, 39-71-223, 39-71-304, ~~39-71-306~~, 39-71-307, 39-71-315, 39-71-316, 39-71-401(6), 39-71-2204, 39-71-2205, and 39-71-2337; and

(b) all fees paid by an assessment on paid losses, plus administrative fines and interest provided by this section.

(2) For the purposes of this section, paid losses include the following benefits paid during the preceding calendar year for injuries covered by the Workers' Compensation Act without regard to the application of any deductible whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of \$200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(3) Each plan No. 1 employer, plan No. 2 insurer subject to the provisions of this section, and plan No. 3, the state fund, shall file annually on March 1 in the form and containing the information required by the department a report of paid losses pursuant to subsection (2).

(4) Each employer enrolled under compensation plan No. 1, compensation plan No. 2, or compensation plan No. 3, the state fund, shall pay its proportionate share determined by the paid losses in the preceding calendar year of all costs of administering and regulating the Workers' Compensation Act, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. In addition, compensation plan No. 3, the state fund, shall pay a proportionate share of these costs based upon paid losses for claims arising before July 1, 1990.

(5) (a) Each employer enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of the plan No. 1 employer. Any entity, other than the department, that assumes the obligations of an employer enrolled under compensation plan No. 1 is considered to be the employer for the purposes of this section.

(b) An employer formerly enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of the employer for claims arising out of the time when the employer was enrolled under compensation plan No. 1.

(c) By April 30 of each year, the department shall notify employers described in subsections (5)(a) and (5)(b) of the percentage of the assessment that comprises the compensation plan No. 1 proportionate share of administrative and regulatory costs. The assessment provided for by this subsection (5) must be paid by the employer in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(d) If an employer fails to timely pay to the department the assessment under this section, the department may impose on the employer an administrative fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund and may be used to pay the reimbursement of premiums required under 39-71-319.

(6) (a) Compensation plan No. 3, the state fund, shall pay an assessment to fund administrative and regulatory costs attributable to claims arising before July 1, 1990. The assessment may be up to 4% of the paid losses paid in the preceding calendar year for claims arising before July 1, 1990. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the assessment for administrative and regulatory costs that is attributable to claims arising before July 1, 1990.

(b) The assessment must be paid in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(c) If the state fund fails to timely pay to the department the assessment under this section, the department may impose on the state fund an administrative

fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(7) (a) Each employer insured under compensation plan No. 2 or plan No. 3, the state fund, shall pay a premium surcharge to fund administrative and regulatory costs. The premium surcharge must be collected by each plan No. 2 insurer and by plan No. 3, the state fund, from each employer that it insures. The premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted to the insured employer and must be identified as "workers' compensation regulatory assessment surcharge". The premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes. However, an insurer may cancel a workers' compensation policy for nonpayment of the premium surcharge. When collected, assessments may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as a separate cost imposed upon insured employers.

(b) The amount to be funded by the premium surcharge may be up to 4% of the paid losses paid in the preceding calendar year by or on behalf of all plan No. 2 insurers and may be up to 4% of paid losses for claims arising on or after July 1, 1990, for plan No. 3, the state fund, plus or minus any adjustments as provided by subsection (7)(f). The amount to be funded must be divided by the total premium paid by all employers enrolled under compensation plan No. 2 or plan No. 3 during the preceding calendar year. A single premium surcharge rate, applicable to all employers enrolled in compensation plan No. 2 or plan No. 3, must be calculated annually by the department by not later than April 30. The resulting rate, expressed as a percentage, is levied against the premium paid by each employer enrolled under compensation plan No. 2 or plan No. 3 in the next fiscal year.

(c) On or before April 30 of each year, the department, in consultation with the advisory organization designated pursuant to 33-16-1023, shall notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge percentage to be effective for policies written or renewed annually on and after July 1 of that year.

(d) The premium surcharge must be paid whenever the employer pays a premium to the insurer. Each insurer shall collect the premium surcharge levied against every employer that it insures. Each insurer shall pay to the department all money collected as a premium surcharge within 20 days of the end of the calendar quarter in which the money was collected. If an insurer fails to timely pay to the department the premium surcharge collected under this section, the department may impose on the insurer an administrative fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund and may be used to pay the reimbursement of premiums required under 39-71-319.

(e) If an employer fails to remit to an insurer the total amount due for the premium and premium surcharge, the amount received by the insurer must be applied to the premium surcharge first and the remaining amount applied to the premium due.

(f) The amount actually collected as a premium surcharge in a given year must be compared to the assessment on the paid losses paid in the preceding year. Any excess amount collected must be deducted from the amount to be collected as a premium surcharge in the following year. The amount collected that is less than the assessed amount must be added to the amount to be collected as a premium surcharge in the following year.

(8) By July 1, an insurer under compensation plan No. 2 that paid benefits in the preceding calendar year but that will not collect any premium for coverage in the following fiscal year shall pay an assessment of up to 4% of paid losses paid in the preceding calendar year. The department shall determine and notify the insurer by April 30 of each year of the amount that is due by July 1.

(9) An employer that makes a first-time application for permission to enroll under compensation plan No. 1 shall pay an assessment of \$500 within 15 days of being granted permission by the department to enroll under compensation plan No. 1.

(10) The department shall deposit all funds received pursuant to this section in the state treasury, as provided in this section.

(11) The administration fund must be debited with expenses incurred by the department in the general administration of the provisions of this chapter, including the salaries of its members, officers, and employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501 through 2-18-503, incurred while on the business of the department either within or without the state. Reimbursement of premiums required under 39-71-319 by the workers' compensation administration fund also is a debit on the fund.

(12) Disbursements from the administration fund must be made after being approved by the department upon claim for disbursement.

(13) The department may assess and collect the workers' compensation regulatory assessment surcharge from uninsured employers, as defined in 39-71-501, that fail to properly comply with the coverage requirements of the Workers' Compensation Act. Any amounts collected by the department pursuant to this subsection must be deposited in the workers' compensation administration fund."

Section 3. Section 39-71-306, MCA, is amended to read:

"39-71-306. Insurers to file summary reports of benefits paid for injuries and miscellaneous expenses and statements of medical expenditures. (1) ~~Each insurer shall, on or before the 15th day after each state government fiscal quarter ends, By January 15 of each year, each insurer shall~~ file with the department:

(2) An insurer that fails to file the summary report required by this section or the annual paid losses report required in 39-71-201 within 5 days after the date on which either report is due may be assessed a penalty in an amount of not less than \$250 or more than \$1,000 to be deposited in the workers' compensation administration fund."

Section 4. Section 39-71-1036, MCA, is amended to read:

(c) promote the cooperation of member states in regulating the practice of respiratory therapy within those member states;

(d) ease administrative burdens on states by encouraging the cooperation of member states in regulating multistate respiratory therapy practice;

(e) support relocating active military members and their spouses; and

(f) promote mobility and address workforce shortages.

(i) complete a criminal background check for each new licensee at the time of initial licensure. Where expressly authorized or permitted by federal law, whether such federal law is in effect prior to, at, or after the time of a member state's enactment of this compact, a member state's enactment of this compact shall hereby authorize the member state's respiratory therapy licensing authority to perform criminal background checks as defined herein. The absence of such a federal law as described in this subsection (1)(i) shall not prevent or preclude such authorization where it may be derived or granted through means other than the enactment of this compact.

(2) Nothing in this compact prohibits a member state from charging a fee for granting and renewing the compact privilege.

SECTION 4

COMPACT PRIVILEGE

(1) To exercise the compact privilege under the terms and provisions of the compact, the licensee shall:

- (a) hold and maintain an active home state license as a respiratory therapist;
- (b) hold and maintain an active credential from the national board for respiratory care or its successor that would qualify the licensee for licensure in the remote state in which the licensee is seeking the privilege;

(i) consent to accept service of process by mail at the licensee's domicile on record with the commission with respect to any action brought against the licensee by the commission or a member state, and consent to accept service of a subpoena by mail at the licensee's domicile on record with the commission with respect to any action brought or investigation conducted by the commission or a member state.

(2) The compact privilege is valid until the expiration date or revocation of the home state license unless terminated pursuant to adverse action. The licensee must comply with all of the requirements of subsection (1) to maintain the compact privilege in a remote state. If those requirements are met, no adverse actions are taken, and the licensee has paid any applicable compact privilege renewal fees, then the licensee will maintain the licensee's compact privilege.

(3) A licensee providing respiratory therapy in a remote state under the compact privilege shall function within the scope of practice authorized by the remote state for the type of respiratory therapist license the licensee holds. Such procedures, actions, processes, and the circumstances under which they may be undertaken may be established through means, including, but not limited to, statute, regulations, case law, and other processes available to the state respiratory therapy licensing authority or other government agency.

(4) If a licensee's compact privilege in a remote state is removed by the remote state, the individual shall lose or be ineligible for the compact privilege in that remote state until the compact privilege is no longer limited or restricted by that state.

(5) If a home state license is encumbered, the licensee shall lose the compact privilege in all remote states until the following occur:

(a) the home state license is no longer encumbered; and

(b) 2 years have elapsed from the date on which the license is no longer encumbered due to the adverse action.

(6) Once a licensee with a restricted or limited license meets the requirements of subsection (5), the licensee must also meet the requirements of subsection (1) to obtain a compact privilege in a remote state.

SECTION 5

ACTIVE MILITARY MEMBER OR THEIR SPOUSE

(2) An active military member or their spouse shall not be required to pay to the commission for a compact privilege any fee that may otherwise be charged by the commission. If a remote state chooses to charge a fee for a compact

privilege, it may choose to charge a reduced fee or no fee to an active military member or their spouse for a compact privilege.

SECTION 6

ADVERSE ACTIONS

(1) A member state in which a licensee is licensed shall have authority to impose adverse action against the license issued by that member state.

(2) A member state may take adverse action based on significant investigative information of a remote state or the home state, so long as the member state follows its own procedures for imposing adverse action.

(3) Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws.

(4) A remote state shall have the authority to:

(a) take adverse actions as set forth herein against a licensee's compact privilege in that state;

(c) unless otherwise prohibited by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee;

(d) notwithstanding subsection (4)(b), a member state may not issue a subpoena to gather evidence of conduct in another member state that is lawful in such other member state for the purpose of taking adverse action against a licensee's compact privilege or application for a compact privilege in that member state; and

(e) nothing in this compact authorizes a member state to impose discipline against a respiratory therapist's compact privilege in that member state for the individual's otherwise lawful practice in another state.

(5) In joint investigations:

(a) in addition to the authority granted to a member state by its respective respiratory therapy practice act or other applicable state law, a member state may participate with other member states in joint investigations of licensees, provided, however, that a member state receiving such a request has no obligation to respond to any subpoena issued regarding an investigation of conduct or practice that was lawful in a member state at the time it was undertaken; and

(b) member states shall share any significant investigative information, litigation, or compliance materials in furtherance of any joint or individual

investigation initiated under the compact. In sharing such information between member state respiratory therapy licensing authorities, all information obtained shall be kept confidential, except as otherwise mutually agreed upon by the sharing and receiving member state or states.

(b) The executive committee shall be composed of up to nine members, as further set forth in the bylaws of the commission:

(5) The commission shall adopt and provide to the member states an annual report.

(6) Meetings of the commission must be conducted as follows:

(a) All meetings of the commission that are not closed pursuant to subsection (6)(d) shall be open to the public. Notice of public meetings shall be posted on the commission's website at least 30 days prior to the public meeting.

(b) Notwithstanding subsection (6)(a), the commission may convene an emergency public meeting by providing at least 24 hours' prior notice on the commission's website, and any other means as provided in the commission's rules, for any of the reasons it may dispense with notice of proposed rulemaking under Section 9(7). The commission's legal counsel shall certify that one of the reasons justifying an emergency public meeting has been met.

(c) Notice of all commission meetings shall provide the time, date, and location of the meeting, and if the meeting is to be held or accessible via telecommunication, videoconference, or other electronic means, the notice shall include the mechanism for access to the meeting.

(xi) legal advice;

(xii) matters specifically exempted from disclosure by federal or member state law; or

(xiii) other matters as promulgated by the commission by rule.

(e) If a meeting or a portion of a meeting is closed, the presiding officer shall state that the meeting will be closed and reference each relevant exempting provision, and such reference shall be recorded in the minutes.

(f) The commission shall keep minutes in accordance with commission rules and bylaws. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release only by a majority vote of the commission or order of a court of competent jurisdiction.

(7) Financing of the commission is as follows:

(a) The commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

(b) The commission may accept any and all appropriate revenue sources as provided herein.

(c) The commission may levy on and collect an annual assessment from each member state and impose fees on licensees of member states to whom it grants a compact privilege to cover the cost of the operations and activities of the commission and its staff. The aggregate annual assessment amount for member states, if any, shall be allocated based upon a formula that the commission shall promulgate by rule.

(d) The commission shall not incur obligations of any kind prior to securing the funds or a loan adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

(e) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the financial review and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be subject to an annual financial review by a certified or licensed public accountant, and the report of the financial review shall be included in and become part of the annual report of the commission.

(8) Qualified immunity, defense, and indemnification are as follows:

(a) Nothing herein shall be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable state laws.

(b) The member states, commissioners, officers, executive directors, employees, and agents of the commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided that nothing in this subsection (8)(b) shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The

procurement of insurance of any type by the commission shall not in any way compromise or limit the immunity granted hereunder.

(c) The commission shall defend any commissioner, officer, executive director, employee, and agent of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or as determined by the commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense, and provided further that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(d) The commission shall indemnify and hold harmless any commissioner, member, officer, executive director, employee, and agent of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(e) Nothing in this compact shall be interpreted to waive or otherwise abrogate a member state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, the Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

(f) Nothing in this compact shall be construed to be a waiver of sovereign immunity by the member states or by the commission.

SECTION 8 DATA SYSTEM

(1) The commission shall provide for the development, maintenance, operation, and utilization of a coordinated database and reporting system containing licensure, adverse action, and the presence of significant investigative information.

(2) Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system as required by the rules of the commission, including but not limited to:

- (a) identifying information;
- (b) licensure data;
- (c) adverse actions against a licensee, license applicant, or compact privilege holder and information related thereto;
- (d) nonconfidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under member state law;
- (e) any denial of application for licensure and the reason or reasons for such denial;
- (f) the presence of current significant investigative information; and
- (g) other information that may facilitate the administration of this compact or the protection of the public, as determined by the rules of the commission.

(3) No member state shall submit any information that constitutes criminal history record information, as defined by applicable federal law, to the data system established hereunder.

(4) The records and information provided to a member state pursuant to this compact or through the data system, when certified by the commission

or an agent thereof, shall constitute the authenticated business records of the commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a member state.

(5) Significant investigative information pertaining to a licensee in any member state will only be available to other member states.

(6) It is the responsibility of the member states to report any adverse action against a licensee and to monitor the database to determine whether adverse action has been taken against a licensee. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

(7) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(8) Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the member state contributing the information shall be removed from the data system.

SECTION 9 RULEMAKING

(1) The commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of the compact. A rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the compact, or the powers granted hereunder, or based upon another applicable standard of review.

(2) For purposes of the compact, the rules of the commission shall have the force of law in each member state.

(3) The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules shall become binding as of the date specified in each rule.

(4) If a majority of the legislatures of the member states rejects a rule or portion of a rule, by enactment of a statute or resolution in the same manner used to adopt the compact within 4 years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

(5) Rules shall be adopted at a regular or special meeting of the commission.

(6) Prior to adoption of a proposed rule, the commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

(7) Prior to adoption of a proposed rule by the commission, and at least 30 days in advance of the meeting at which the commission will hold a public hearing on the proposed rule, the commission shall provide a notice of proposed rulemaking:

(a) on the website of the commission or other publicly accessible platform;
(b) to persons who have requested notice of the commission's notices of proposed rulemaking; and

(c) in such other way or ways as the commission may by rule specify.

(8) The notice of proposed rulemaking shall include:

(a) the time, date, and location of the public hearing at which the commission will hear public comments on the proposed rule and, if different, the time, date, and location of the meeting in which the commission will consider and vote on the proposed rule;

(b) if the hearing is held via telecommunication, videoconference, or other electronic means, the commission shall include the mechanism for access to the hearing in the notice of proposed rulemaking;

(c) the text of the proposed rule and the reason therefor;

(d) a request for comments on the proposed rule from any interested person;
and

(e) the manner in which interested persons may submit written comments.

(9) All hearings will be recorded. A copy of the recording and all written comments and documents received by the commission in response to the proposed rule shall be available to the public.

(10) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

(11) The commission shall, by majority vote of all commissioners, take final action on the proposed rule based on the rulemaking record and the full text of the rule.

(a) The commission may adopt changes to the proposed rule provided the changes are consistent with the original purpose of the proposed rule.

(b) The commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

(c) The commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in Section 9(12), the effective date of the rule shall be no sooner than 30 days after issuing the notice that it adopted or amended the rule.

(12) Upon determination that an emergency exists, the commission may consider and adopt an emergency rule with 24 hours' notice, and with opportunity to comment, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(a) meet an imminent threat to public health, safety, or welfare;

(b) prevent a loss of commission or member state funds;

(c) meet a deadline for the promulgation of a rule that is established by federal law or rule; or

(d) protect public health and safety.

(13) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(14) No member state's rulemaking process or procedural requirements shall apply to the commission. The commission shall have no authority over any member state's rulemaking process or procedural requirements that do not pertain to the compact.

(15) Nothing in this compact, nor any rule or regulation of the commission, shall be construed to limit, restrict, or in any way reduce the ability of a member state to enact and enforce laws, regulations, or other rules related to the practice of respiratory therapy in that state, where those laws, regulations, or other rules are not inconsistent with the provisions of this compact.

SECTION 10

OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

(1) Oversight is as follows:

(a) The executive and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to implement the compact.

(b) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct or any such similar matter.

(c) The commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the commission service of process shall render a judgment or order void as to the commission, this compact, or promulgated rules.

(2) Default, technical assistance, and termination are as follows:

(a) If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall provide written notice to the defaulting state. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the commission may take, and shall offer training and specific technical assistance regarding the default.

(b) The commission shall provide a copy of the notice of default to the other member states.

(3) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the commissioners of the member states, and all rights, privileges and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(4) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's respiratory therapy licensing authority and each of the member states' respiratory therapy licensing authorities.

(5) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination, if necessary.

(6) Upon the termination of a state's membership from this compact, that state shall immediately provide notice to all licensees and compact privilege holders (of which the commission has a record) within that state of such termination. The terminated state shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of said notice of termination.

(7) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(8) The defaulting state may appeal the action of the commission by petitioning the U.S. district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(9) Dispute resolution is as follows:

(a) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(b) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(10) Enforcement is as follows:

(a) By majority vote, as may be further provided by rule, the commission may initiate legal action against a member state in default in the U.S. district court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. A member state by enactment of this compact consents to venue and jurisdiction in such court for the purposes set forth herein. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or the defaulting member state's law.

(b) A member state may initiate legal action against the commission in the U.S. district court for the District of Columbia or the federal district where the commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

(c) No person other than a member state shall enforce this compact against the commission.

SECTION 11

EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT

(1) The compact shall come into effect on the date on which the compact statute is enacted into law in the seventh member state ("effective date").

(a) On or after the effective date of the compact, the commission shall convene and review the enactment of each of the first seven member states ("charter member states") to determine if the statute enacted by each such charter member state is materially different than the model compact.

(i) A charter member state whose enactment is found to be materially different from the model compact shall be entitled to the default process set forth in Section 10.

(ii) If any member state is later found to be in default, or is terminated or withdraws from the compact, the commission shall remain in existence and the compact shall remain in effect even if the number of member states should be less than seven.

(b) Member states enacting the compact subsequent to the seven initial charter member states shall be subject to the process set forth herein and commission rule to determine if their enactments are materially different from the model compact and whether they qualify for participation in the compact.

(c) All actions taken for the benefit of the commission or in furtherance of the purposes of the administration of the compact prior to the effective date of the compact or the commission coming into existence shall be considered to be

actions of the commission unless specifically repudiated by the commission. The commission shall own and have all rights to any intellectual property developed on behalf or in furtherance of the commission by individuals or entities involved in organizing or establishing the commission, as may be further set forth in rules of the commission.

(d) Any state that joins the compact subsequent to the commission's initial adoption of the rules and bylaws shall be subject to the rules and bylaws as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the date the compact becomes law in that state.

(2) Any member state may withdraw from this compact by enacting a statute repealing the same.

(a) A member state's withdrawal shall not take effect until 180 days after enactment of the repealing statute.

(b) Withdrawal shall not affect the continuing requirement of the withdrawing state's respiratory therapy licensing authority to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(c) Upon the enactment of a statute withdrawing from this compact, a state shall immediately provide notice of such withdrawal to all licensees and compact privilege holders (of which the commission has a record) within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all licenses granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

(3) Nothing contained in this compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(4) This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 12

CONSTRUCTION AND SEVERABILITY

(1) This compact and the commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the compact. Provisions of the compact expressly authorizing or requiring the promulgation of rules shall not be construed to limit the commission's rulemaking authority solely for those purposes.

(2) The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is held by a court of competent jurisdiction to be contrary to the constitution of any member state, a state seeking participation in the compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

(3) Notwithstanding subsection (2) of this section, the commission may deny a state's participation in the compact or, in accordance with the requirements of Section 10, terminate a member state's participation in the compact if it determines that a constitutional requirement of a member state is a material departure from the compact. Otherwise, if this compact shall be held to be contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

SECTION 13

CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS

(1) Nothing herein shall prevent or inhibit the enforcement of any other law of a member state that is not inconsistent with the compact.

(2) Any laws, statutes, regulations, or other legal requirements in a member state in conflict with the compact are superseded to the extent of the conflict, including any subsequently enacted state laws.

(3) All permissible agreements between the commission and the member states are binding in accordance with their terms.

(4) Other than as expressly set forth herein, nothing in this compact will impair initial licensure.

Section 2. Criminal background check. (1) The board shall require each applicant for licensure as a respiratory care practitioner to submit a full set of the applicant's fingerprints to the board for the purpose of obtaining a state and federal criminal history background check.

(2) Each license applicant is responsible for paying all fees charged in relation to obtaining the state and federal criminal history background check.

(3) The board may require a licensee who is renewing a license to submit a full set of the licensee's fingerprints to the board for the purpose of obtaining a state and federal criminal history background check.

(4) The Montana department of justice may share the fingerprint data obtained under this section with the federal bureau of investigation.

Section 3. Codification instruction. (1) [Section 1] is intended to be codified as a new part in Title 37, chapter 28, and the provisions of Title 37, chapter 28, apply to [section 1].

(2) [Section 2] is intended to be codified as an integral part of Title 37, chapter 28, part 2, and the provisions of Title 37, chapter 28, part 2, apply to [section 2].

Section 4. Contingent effective date. [This act] is effective on the date that the compact has been legislatively enacted into law by the seventh member state. The department of labor and industry shall notify the code commissioner within 15 days of the occurrence of the contingency.

(3) A transfer of interest by one of several partners, joint owners, or owners in common, who are jointly insured, to the others does not avoid an insurance of property even though it has been agreed that the insurance must cease upon an alienation of the thing insured.”

AN ACT PROVIDING FOR CATEGORICAL EXCLUSIONS IN THE MONTANA ENVIRONMENTAL POLICY ACT; PROVIDING AN EXEMPTION TO THE DEPARTMENT OF ADMINISTRATION FOR CONSTRUCTION AND MAINTENANCE ON STATE LAND; PROVIDING AN EXEMPTION TO THE DEPARTMENT OF COMMERCE FOR HISTORIC PRESERVATION GRANTS; AMENDING SECTION 75-1-220, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, in 2024, the Department of Environmental Quality formed a dedicated work group to review and facilitate numerous open public discussions about the agency's implementation of the Montana Environmental Policy Act;

WHEREAS, the department work group found that the definitions of certain terms in statute and rule, or the lack of definitions, creates unnecessary confusion and challenges in the implementation of a defensible Montana Environmental Policy Act;

WHEREAS, recommendation 3C from the department work group's final report suggests presenting legislation to clarify problematic terms and definitions to provide more certainty for decisionmakers, practitioners, applicants, and the public and to reduce the need for the courts to rely on federal definitions or case law;

WHEREAS, the department work group specifically identified the term "categorical exclusion" as lacking a definition in statute, although it is defined in model rules;

WHEREAS, the federal government, both in rulemaking and statute, has previously adopted numerous categorical exclusions under the National Environmental Policy Act; and

WHEREAS, it is the will of the Legislature to add clarity to the Montana Environmental Policy Act by codifying the term “categorical exclusions” to clearly provide state agencies with the authority to identify actions that do not have a significant impact on the human environment and to exclude those actions from the Montana Environmental Policy Act.

Be it enacted by the Legislature of the State of Montana:

Section 1. Agency determination of categorical exclusion.

(1) (a) A state agency as defined in 2-4-102 shall identify actions that meet the definition of a categorical exclusion as provided in 75-1-220.

(b) A state action identified by a state agency as a categorical exclusion is exempt from the provisions of Title 75, chapter 1, parts 1 and 2.

(c) A state action determined by the state agency as meeting the requirements of a categorical exclusion under the National Environmental Policy Act, 42 U.S.C. 4321 et seq., and 40 CFR, parts 1500 through 1508, is exempt from the provisions of Title 75, chapter 1, parts 1 and 2.

(2) For a state action identified by a state agency as a categorical exclusion, there is a rebuttable presumption that extraordinary circumstances do not exist and that neither an environmental analysis nor an environmental impact statement is required.

(3) State agencies retain all existing authority provided in Title 75, chapter 1, parts 1 and 2, to identify and adopt, as authorized by rule, categorical exclusions and programmatic environmental assessments.

Section 2. Report to legislature. State agencies as defined in 2-4-102 shall track the number and use of categorical exclusions and make those available upon request of the environmental quality council established in 5-16-101.

Section 3. Exemption from environmental review. The department of administration is exempt from the provisions of Title 75, chapter 1, parts 1 and 2, when inspecting, contracting, transferring funds, bonding, inventorying, supervising, and carrying out other general powers and duties of the department of administration for the construction, renovation, or repair of a building, structure, or utility infrastructure located above or below ground on land owned by the state and for projects and developments in the long-range building program pursuant to Title 17, chapter 7, part 2.

Section 4. Exemption from environmental review. The department of commerce is exempt from the provisions of Title 75, chapter 1, parts 1 and 2, when authorizing grants, administering a grant program, or creating a grant program related to historic preservation pursuant to this part.

Section 5. Section 75-1-220, MCA, is amended to read:

“75-1-220. Definitions. For the purposes of this part, the following definitions apply:

(1) “Alternatives analysis” means an evaluation of different parameters, mitigation measures, or control measures that would accomplish the same objectives as those included in the proposed action by the applicant. For a project that is not a state-sponsored project, it does not include an alternative facility or an alternative to the proposed project itself. The term includes alternatives required pursuant to Title 75, chapter 20.

(f) department of livestock, the board of livestock, as provided for in 2-15-3102.

(3) *“Categorical exclusion” means a state action that does not individually, collectively, or cumulatively result in a significant adverse effect on the human environment that would require an environmental assessment or environmental impact statement, as determined by agency rulemaking, programmatic review, or statute, unless extraordinary circumstances exist as defined by the agency rulemaking, programmatic review, or statute that would make the designation of categorical exclusion inappropriate.*

(3)(4) *“Complete application” means, for the purpose of complying with this part, an application for a permit, license, or other authorization that contains all data, studies, plans, information, forms, fees, and signatures required to be included with the application sufficient for the agency to approve the application under the applicable statutes and rules.*

AN ACT GENERALLY REVISING DUI LAWS; INCLUDING THE USE OF ORAL FLUID FOR DUI TESTING; AND AMENDING SECTIONS 61-8-806, 61-8-1001, 61-8-1002, AND 61-8-1016, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-8-806, MCA, is amended to read:

“61-8-806. Blood, and breath, and oral fluid tests of commercial vehicle operators – procedure – suspension. (1) A person who operates a commercial motor vehicle upon the ways of this state open to the public is considered to have given consent to one or more tests of the person’s blood, ~~or~~ *or* breath, *or oral fluid* for the purpose of determining a measured amount or detected presence of alcohol in the person’s body if the person is requested to submit to the test or tests by a peace officer who has reasonable grounds to believe that the person was driving or in actual physical control of a commercial motor vehicle upon the ways of this state open to the public while having a measured alcohol concentration or detected presence of alcohol. The

peace officer may designate the blood, ~~or~~ breath, *or oral fluid* test or tests to be administered and may request that the person submit to a preliminary alcohol screening test before a blood, breath, *oral fluid*, or urine test is taken.

(2) A person who is unconscious or who is otherwise incapable of refusal is considered not to have withdrawn the consent provided in subsection (1).

(3) If a person refuses to submit to one or more tests designated by the officer, the test or tests may not be given, but the officer shall immediately seize the person's commercial driver's license and forward the license to the department, along with a report certified under penalty of law that the officer had reasonable grounds to believe that the person was driving or was in actual physical control of a commercial motor vehicle upon ways of this state open to the public while having a measurable alcohol concentration or detected presence of alcohol and that the person had refused to submit to one or more tests upon the request of the officer. Upon receipt of the report, the department shall suspend the license for a period provided in subsection (5).

(4) Upon seizure of a person's commercial driver's license, the peace officer shall issue, on behalf of the department, a temporary 5-day noncommercial driving permit, effective 12 hours after the time of issuance, and shall provide the person with written notice of the license suspension and the right to a hearing under 61-8-808.

(5) Upon receipt of the officer's certified report, the department shall suspend the person's commercial driver's license, with no provision for a restricted probationary commercial driver's license, for:

(a) 1 year, upon a first refusal, except that if the violation occurred in a commercial motor vehicle transporting placardable hazardous materials, the suspension for a first refusal must be for 3 years;

(b) life, upon a second or subsequent refusal at any time as determined from the records of the department, subject to department rules adopted to implement federal rules allowing for driver rehabilitation and license reinstatement, if otherwise eligible, upon service of a minimum period of 10 years' suspension. If the person has a prior conviction of a major offense listed in 61-8-802(2) arising from a separate incident, the conviction has the same effect as a previous testing refusal for purposes of this subsection (5)(b)."

(3) "Alcohol concentration" means either grams of alcohol per 100 milliliters of blood or grams of alcohol per 210 liters of breath, including as used in 16-6-305, 23-2-535, 45-5-207, 67-1-211, and this title.

(4) "Bus" means a motor vehicle with a manufacturer's rated seating capacity of 11 or more passengers, including the driver.

(8) "DUI court" means any court that has established a special docket for handling cases involving persons convicted under 61-8-1007 or 61-8-1008 and that implements a program of incentives and sanctions intended to assist a participant to complete treatment ordered pursuant to 61-8-1009 and to end the participant's criminal behavior associated with the use of alcohol or drugs.

(15) "Vehicle" has the meaning provided in 61-1-101, except that the term does not include a bicycle."

Section 3. Section 61-8-1002, MCA, is amended to read:

"61-8-1002. Driving under influence. (1) A person commits the offense of driving under the influence if the person drives or is in actual physical control of:

(a) a vehicle or a commercial motor vehicle upon the ways of this state open to the public while under the influence of alcohol, any drug, or a combination of alcohol and any drug;

(b) a noncommercial vehicle upon the ways of this state open to the public while the person's alcohol concentration, as shown by analysis of the person's blood, breath, *oral fluid*, or other bodily substance, is 0.08 or more;

(c) a commercial motor vehicle within this state while the person's alcohol concentration, as shown by analysis of the person's blood, breath, *oral fluid*, or other bodily substance, is 0.04 or more;

(2) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person driving or in actual physical

control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person at the time of a test, as shown by analysis of a sample of the person's blood, breath, *oral fluid*, or other bodily substance drawn or taken within a reasonable time after the alleged act, gives rise to the following inferences:

(a) if there was at that time an alcohol concentration of 0.04 or less, it may be inferred that the person was not under the influence of alcohol;

(b) if there was at that time an alcohol concentration in excess of 0.04 but less than 0.08, that fact may not give rise to any inference that the person was or was not under the influence of alcohol, but the fact may be considered with other competent evidence in determining the guilt or innocence of the person; and

(c) if there was at that time an alcohol concentration of 0.08 or more, it may be inferred that the person was under the influence of alcohol. The inference is rebuttable.

(3) The provisions of subsection (2) do not limit the introduction of any other competent evidence bearing on the issue of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

(4) Each municipality in this state is given authority to enact this section, with the word "state" changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of the ordinance and the imposition of the fines and penalties provided in the ordinance.

(5) Absolute liability, as provided in 45-2-104, is imposed for a violation of this section.

(6) When the same acts may establish the commission of an offense under subsection (1), a person charged with the conduct may be prosecuted for a violation of another relevant subsection under subsection (1). However, the person may be convicted of only one offense under this section or of a similar offense under previous laws of this state."

Section 4. Section 61-8-1016, MCA, is amended to read:

"61-8-1016. Implied consent – blood, or breath, or oral fluid tests for alcohol, blood or oral fluid for drugs, or testing for both – alcohol and drugs using recognized methods for each – refusal to submit to test – administrative license suspension. (1) (a) A person who operates or is in actual physical control of a vehicle or commercial motor vehicle upon the ways of this state open to the public is considered to have given consent to a test or tests of the person's blood, or breath, or *oral fluid* for the purpose of determining any measured amount or detected presence of alcohol or blood or oral fluid for the purpose of determining any measured amount or detected presence of drugs in the person's body.

(b) The tests in subsection (1)(a) include but are not limited to a preliminary alcohol screening test of the person's breath for the purpose of estimating the person's alcohol concentration.

(c) A preliminary alcohol screening test may not be conducted or requested under this section unless both the peace officer and the instrument used to conduct the test have been certified by the department pursuant to rules adopted under the authority of 61-8-1019(5).

(d) The person's obligation to submit to a test in subsection (1)(a) is not satisfied by the person submitting to a preliminary alcohol screening test pursuant to this section.

(2) (a) The test or tests must be administered at the direction of a peace officer when:

(i) the peace officer has particularized suspicion to believe that the person has been driving or has been in actual physical control of a vehicle upon ways

of this state open to the public while under the influence of alcohol, drugs, or a combination of the two and the person has been detained for a violation of driving under the influence as provided in 61-8-1002 or an offense that meets the definition of aggravated driving under the influence in 61-8-1001;

(ii) the person is under the age of 21 and the peace officer has particularized suspicion to believe that the person has been driving or in actual physical control of a vehicle in violation of 61-8-1002(1)(e); or

(iii) the peace officer has probable cause to believe that the person was driving or in actual physical control of a vehicle or commercial motor vehicle:

(A) in violation of driving under the influence, as provided in 61-8-1002, and the person has been placed under arrest;

(B) in violation of driving under the influence as provided in 61-8-1002, and the person has been involved in a motor vehicle crash or collision resulting in property damage;

(C) and the person has been involved in a motor vehicle accident or collision resulting in serious bodily injury, as defined in 45-2-101, or death; or

(D) in violation of driving under the influence as provided in 61-8-1002 and meets the definition of aggravated driving under the influence in 61-8-1001.

(b) A peace officer may designate which test or tests are administered.

(c) The peace officer shall inform the person of the right to refuse the test and that the refusal to submit to the test will result in the suspension for up to 1 year of that person's driver's license.

(d) A hearing as provided for in 61-8-1017 must be available. The issues in the hearing must be limited to determining whether a peace officer had a particularized suspicion that the person was in violation of 61-8-1002 or an offense meeting the definition of aggravated driving under the influence in 61-8-1001, and whether the person refused to submit to the test.

(e) If a person refuses a preliminary alcohol screening test and another test during the same incident, the department may not consider each a separate refusal for purposes of suspension of the person's driver's license.

(3) A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is considered not to have withdrawn the consent requested in subsection (1).

(4) (a) If an arrested person refuses to submit to one or more tests requested and designated by the peace officer, the refused test or tests may not be given unless the person has refused to provide a breath, blood, urine, *oral fluid*, or other bodily substance in a prior investigation in this state or under a substantially similar statute in another jurisdiction or the arrested person has a prior conviction or pending offense for a violation of 45-5-104, 45-5-106, 45-5-205, or driving under the influence, including 61-8-1002, an offense that meets the definition of aggravated driving under the influence in 61-8-1001, or a similar offense under previous laws of this state or a similar statute in another jurisdiction.

(b) On the person's refusal to provide the breath, blood, urine, oral fluid, or other bodily substance requested by the peace officer pursuant to subsection (1) and this subsection (4) may apply for a search warrant to be issued pursuant to 46-5-224 to collect a sample of the person's blood or oral fluid for testing.

(c) (i) On the person's refusal to provide a breath, blood, urine, oral fluid, or other bodily substance, the peace officer shall, on behalf of the department, immediately seize the person's driver's license. The peace officer shall immediately forward the license to the department, along with a report certified under penalty of law stating which of the conditions set forth in subsection (2)(a) provides the basis for the testing request and confirming that the person refused to submit to one or more tests requested and designated by the peace

officer. Upon receipt of the report, the department shall suspend the license for the period provided in 61-8-1032.

(ii) Upon seizure of a driver's license, the peace officer shall issue, on behalf of the department, a temporary driving permit, which is effective 12 hours after issuance and is valid for 5 days following the date of issuance, and shall provide the driver with written notice of the license suspension and the right to a hearing as provided in 61-8-1017.

(iii) A nonresident driver's license seized under this section must be sent by the department to the licensing authority of the nonresident's home state with a report of the nonresident's refusal to submit to one or more tests.

(5) This section does not apply to tests, samples, and analyses of blood, breath, or urine used for purposes of medical treatment or care of an injured motorist, related to a lawful seizure for a suspected violation of an offense not in this part, or performed pursuant to a search warrant.

(6) This section does not prohibit the release of information obtained from tests, samples, and analyses of blood, breath, or urine for law enforcement purposes as provided in 46-4-301 and 61-8-1019(6)."

(1) A motorboat on the waters of this state that is propelled by a motor or an engine of any description or a sailboat on the waters of this state must be properly numbered and display *a* valid registration and validation decals *decal*. A person may not operate or give permission for the operation of any motorboat or sailboat on the waters of this state unless the motorboat or sailboat is numbered and displays *a* valid registration and validation decals *decal* in accordance with this part and applicable federal law or with a federally approved numbering system of another state and unless:

(a) the certificate of number assigned to the motorboat or sailboat is in effect;

(b) the identifying number set forth in the certificate of number and the valid license decals *registration decal* are displayed on the motorboat or sailboat; and

Section 3. Section 23-2-512, MCA, is amended to read:

"23-2-512. Identifying number. (1) The owner of each motorboat, sailboat, or personal watercraft requiring numbering by this state shall file an application for number in the office of the county treasurer in the county where the motorboat, sailboat, or personal watercraft is owned, on forms prepared and furnished by the department of justice. The application must be signed by the owner of the motorboat, sailboat, or personal watercraft and be accompanied by the fee prescribed in 61-3-321(10). Any alteration, change, or false statement contained in the application renders the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the *identifying* number assigned to the motorboat, sailboat, or personal watercraft and the name and address of the owner. Validation decals verifying the identifying number for each motorboat, sailboat, or personal watercraft must be issued along with the certificate of *The identifying* number and must be displayed on the motorboat, sailboat, or personal watercraft.

(2) The fine for failing to display the validation decals may not be more than the cost incurred by the justice's court.

(3) The department may give only verbal or written warnings until December 31, 2007, for failing to display validation decals in an attempt to educate the boating public.

(4)(2) If the ownership of a motorboat, sailboat, or personal watercraft changes, a new application form with the certification fee must be filed within 40 days with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number. ~~New validation decals must be issued simultaneously.~~

(5)(3) If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

~~(6) A certificate of number and validation decals issued under this part are effective unless terminated or discontinued in accordance with the provisions of this part. All motorboats, sailboats, or personal watercraft already numbered must exhibit validation decals by December 31, 2005. All validation decals expire on February 28, 2008. Validation decals must be obtained by the expiration date at any regional office of the department or through the department website and are in effect for another 3-year period ending February 28, 2011. The requirement of renewal validation decals must continue in subsequent 3-year periods, and renewal validation decals must be identified by color in accordance with the federal numbering system. Except as provided in 23-2-511(2) and subsection (4) of this section, the operation of a motorboat, sailboat, or personal watercraft is prohibited without current validation decals.~~

~~(7) Validation decals must be approximately 3 square inches. The validation decals must be serially numbered in accordance with the federal numbering system and must be displayed on each side of the vessel.~~

(8)(4) If ownership is transferred, the purchaser shall notify the county treasurer within 40 days of the acquisition of all or any part of the purchaser's interest, other than the creation of a security interest, in a motorboat, sailboat, or personal watercraft numbered in this state or of the loss, theft, destruction, or abandonment of the motorboat, sailboat, or personal watercraft. The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat, sailboat, or personal watercraft. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat, sailboat, or personal watercraft does not terminate the certificate of number.

(9)(5) A holder of a certificate of number shall notify the county treasurer within a reasonable time if the holder's address no longer conforms to the address appearing on the certificate and shall furnish the county treasurer with the new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

~~(10)(6)~~ (a) (i) The identifying number assigned must be painted on or attached to each outboard side of the forward half of the motorboat, sailboat, or personal watercraft or, if there are no sides, at a corresponding location on both outboard sides of the foredeck of the motorboat, sailboat, or personal watercraft.

(ii) The identifying number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible.

(iii) The identifying number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore.

(iv) Numerals, letters, or devices other than those used in connection with the identifying number issued may not be placed in the proximity of the identifying number. Numerals, letters, or devices that might interfere with the ready identification of the motorboat, sailboat, or personal watercraft by its identifying number may not be carried in a manner that interferes with the motorboat's, sailboat's, or personal watercraft's identification.

(v) A number other than the identifying number assigned to a motorboat, sailboat, or personal watercraft or granted reciprocity under this part may not be painted, attached, or otherwise displayed on either side of the forward half of the motorboat, sailboat, or personal watercraft.

(vi) A registration decal issued under this part must be placed next to the identifying number located on the left side of a motorboat, sailboat, or personal watercraft or, if there are no sides, at the corresponding location on the left outboard side of the foredeck of the motorboat, sailboat, or personal watercraft. ~~The validation decal must be placed immediately aft of the registration decal on the left side and immediately aft of the identifying number on the right side of a motorboat, sailboat, or personal watercraft.~~

(b) The certificate of number must be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat, sailboat, or personal watercraft whenever the motorboat, sailboat, or personal watercraft is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat, sailboat, or personal watercraft, but a rental agreement must be carried on board livery motorboats, sailboats, or personal watercraft in place of the certificate of number.

~~(11)~~(7) An owner of a motorboat, sailboat, or personal watercraft shall within a reasonable time notify the department of justice, giving the motorboat's, sailboat's, or personal watercraft's identifying number and the owner's name if the motorboat, sailboat, or personal watercraft is transferred, lost, destroyed, or abandoned or within 60 days after a change of the state of principal use or if a motorboat becomes documented as a vessel of the United States.

~~(12) The department shall reimburse the department of justice for any programming costs necessary to implement the provisions of this section that are incurred in fiscal year 2005."~~

Section 4. Section 23-2-524, MCA, is amended to read:

"23-2-524. Passing rule and right-of-way. (1) When two vessels are approaching each other "head on" or nearly so ~~(so as to involve risk of collision)~~, each vessel shall bear to the right and pass the other vessel on its left side *to avoid the risk of collision.*

(2) When vessels approach each other obliquely or at right angles, the vessel ~~approaching on the right side has the right-of-way that has the other vessel on the starboard side shall keep out of the way and shall, if the circumstances of the case require, avoid crossing ahead of the other vessel.~~

~~(3) One vessel may overtake another on either side but shall grant right-of-way to the overtaken vessel. A vessel overtaking another vessel shall keep out of the way of the vessel being overtaken.~~

(4) When a sailboat and motorboat are operating as to involve a risk of collision with each other, the motorboat shall yield ~~the right-of-way~~ to the sailboat in all cases."

Section 5. Section 23-2-525, MCA, is amended to read:

"23-2-525. Restricted areas. (1) A person may not anchor a vessel or ~~other place another obstacle for fishing or pleasure purposes~~ on any body of water over which the state has jurisdiction in a position that obstructs a passageway ordinarily used by other vessels.

(2) A person may not operate a pleasure vessel within 20 feet of the exterior boundary of a water area that is clearly marked by buoys or some other distinguishing device as a bathing or swimming area. Swimming areas must be marked with white buoys having international orange markings in conformance with the uniform state waterway marking system by the owners of the areas.

(3) A person may not operate a vessel within 75 feet of a person engaged in fishing or hunting waterfowl, unless unavoidable. If unavoidable, the vessel must be operated at not greater than no-wake speed or at a minimum speed necessary to maintain upstream progress while within 75 feet of the person engaged in fishing or hunting waterfowl.

(4) (a) A person may not purposely, knowingly, or negligently operate a motorboat upon the waters of this state within 200 feet of a tow-float or buoy displaying a "diver-down" symbol, red with a white slash, on a flag.

(b) The motorboat may enter the 200-foot safety zone by use of sail or oar. In an emergency or if there is insufficient water on either side of the 200-foot safety zone to pass by and stay out of the zone, the operator may use power within the zone but may not exceed no-wake speed. The burden of proving that an emergency exists or that there is insufficient water is on the operator.

(c) The fish and wildlife commission may by rule determine areas where establishment of a 200-foot safety zone is not allowed in order to provide for diver safety or the regulation of water traffic."

Section 6. Section 23-2-527, MCA, is amended to read:

"23-2-527. Collisions, accidents, and casualties. (1) The operator of a vessel involved in a collision, accident, or other casualty, so far as the operator can do so without serious danger to the operator's own vessel, crew, and passengers, shall render to other persons affected by the collision, accident, or other casualty assistance that may be practicable and that may be necessary in order to save them from or minimize any danger caused by the collision, accident, or other casualty. The operator shall give the operator's name, address, and identification of the operator's vessel in writing to any person injured and to the owner or person in control of any property damaged in the collision, accident, or other casualty.

(2) The department shall prepare and distribute to each sheriff's office and each game warden of this state a standardized accident report form. A person involved in a collision, accident, or other casualty involving a death, disappearance, personal injury, or property damage in excess of ~~\$100~~ **\$2,000** shall immediately report the collision, accident, or other casualty to the sheriff's office or game warden of the county in which the collision, accident, or casualty occurred and fill out a standardized accident report form.

(3) A sheriff advised of a collision, accident, or other casualty reported under this part shall:

(a) conduct an appropriate investigation of the collision, accident, or other casualty; and

(b) prepare and submit a report of the results of the investigation, together with the completed standardized accident report forms, to the department."

Section 7. Section 23-2-531, MCA, is amended to read:

"23-2-531. Personal watercraft operation. In addition to applicable provisions in this part, a person may not operate a personal watercraft:

(1) unless a person operating or riding on the vessel is wearing a United States coast guard approved type I, H, HH, ~~or V~~ of personal flotation device;

(2) if the vessel is equipped by the manufacturer with a lanyard type engine cutoff switch unless the lanyard is attached to the operator's person, clothing, or personal flotation device as is appropriate for the specific vessel;

(3) (a) except as provided for standup personal watercraft in subsection (3)(b) or when towing a waterskier from or to a dock or shore, at greater than no-wake speed within 200 feet of a dock, swimmer, swimming raft, nonmotorized boat, or anchored vessel on a lake or river;

(b) at greater than the minimum speed necessary to operate a personal watercraft when leaving or returning directly from or to a dock or shore for the purpose of launching or docking; or

(4) on any surface waters restricted in whole or in part by rule of the fish and wildlife commission;

(5) in a reckless or negligent manner. Actions prohibited in 23-2-523 are considered reckless operation.”

Section 8. Section 23-2-533, MCA, is amended to read:

(a) improve, operate, or maintain boating facilities; ~~and~~

(b) ~~cover costs associated with the boating advisory council created in 23-2-536.~~

(2) The department may use the funds to match available federal funds to the extent possible. ~~Expenditure of funds must be made after consideration of recommendations by the boating advisory council.”~~

Section 9. Repealer. The following section of the Montana Code Annotated is repealed:

23-2-536. Creation of boating advisory council -- appointment of members -- duties.

Section 10. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 301

[HB 473]

AN ACT ALLOWING MEDICARE FEE SCHEDULES ISSUED BY THE CENTERS FOR MEDICARE AND MEDICAID SERVICES TO BE ADOPTED BY RULE BY THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES; PROVIDING FOR ADOPTION OF MEDICARE FEE SCHEDULES ISSUED BY THE CENTERS FOR MEDICARE AND MEDICAID SERVICES; PROVIDING FOR AUTOMATIC INCORPORATION OF UPDATED MEDICARE FEE SCHEDULES; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTIONS 2-4-302, 2-4-305, 2-4-306, 2-4-307, AND 53-6-113, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-302, MCA, is amended to read:

“2-4-302. Notice, hearing, and submission of views. (1) (a) Prior to the adoption, amendment, or repeal of any rule, the agency shall give written notice of its proposed action. The proposal notice must include a statement of either the terms or substance of the intended action or a description of the subjects and issues involved, the reasonable necessity for the proposed action, and the time when, place where, and manner in which interested persons may present their views on the proposed action. The reasonable necessity must be written in plain, easily understood language.

(b) The agency shall state in the proposal notice the date on which and the manner in which contact was made with the primary sponsor as required in subsection (2)(e). If the notification to the primary sponsor was given by mail, the date stated in the proposal notice must be the date on which the notification was mailed by the agency. If the proposal notice fails to state the date on which and the manner in which the primary sponsor was contacted, the filing of the proposal notice under subsection (2)(a) is ineffective for the purposes of this part and for the purposes of the law that the agency cites in the proposal notice as the authority for the proposed action.

(c) If the agency proposes to adopt, increase, or decrease a monetary amount that a person shall pay or will receive, such as a fee, cost, or benefit, the notice must include an estimate, if known, of:

(i) the cumulative amount for all persons of the proposed increase, decrease, or new amount; and

(ii) the number of persons affected.

(2) (a) The proposal notice must be filed with the secretary of state for publication in the register, as provided in 2-4-312. When the agency files the proposal notice with the secretary of state to prepare it for publication in the register, the agency shall concurrently send an electronic copy of the proposal notice to the appropriate administrative rule review committee. If the secretary of state requires formatting changes to the proposal notice before it may be published, the agency is not required to send another copy of the proposal notice to the committee. The requirement to concurrently send a copy of the proposal notice to the committee is fulfilled if the agency sends an electronic copy to each member of the staff of the appropriate rule review committee on the same day that the notice is filed with the secretary of state.

(b) (i) Except as provided in subsection (2)(b)(ii), within 3 days of publication, a copy of the published proposal notice must be sent to interested persons who have made timely requests to the agency to be informed of its rulemaking proceedings, and to the office of any professional, trade, or industrial society or organization or member of those entities who has filed a request with the appropriate administrative rule review committee when the request has been forwarded to the agency as provided in subsection (2)(c).

(ii) In lieu of sending a copy of the published proposal notice to an interested person who has requested the notice, the agency may, with the consent of that person, send that person an electronic notification that the proposal notice is available on the agency's website and an electronic link to the part of the agency's website or a description of the means of locating that part of the agency's website where the notice is available.

(iii) Each agency shall create and maintain a list of interested persons and the subject or subjects in which each person on the list is interested. A person who submits a written comment or attends a hearing in regard to proposed agency action under this part must be informed of the list by the agency. An agency complies with this subsection (2)(b)(iii) if it includes in the proposal notice an advisement explaining how persons may be placed on the list of interested persons and if it complies with subsection (7).

(c) The appropriate administrative rule review committee shall forward a list of all organizations or persons who have submitted a request to be informed of agency actions to the agencies that the committee oversees that publish rulemaking notices in the register. The list must be amended by the agency upon request of any person requesting to be added to or deleted from the list.

(d) The proposal notice required by subsection (1) must be published at least 30 days in advance of the agency's proposed action. The agency shall

post the proposal notice on a state digital access system or other electronic communications system available to the public.

(e) (i) When an agency begins to work on the substantive content and the wording of a proposal notice for a rule that initially implements legislation, the agency shall contact, as provided in subsection (8), the legislator who was the primary sponsor of the legislation to:

(A) obtain the legislator's comments;

(B) inform the legislator of the known dates by which each step of the rulemaking process must be completed; and

(C) provide the legislator with information about the time periods during which the legislator may comment on the proposed rules, including the opportunity to provide comment to the appropriate administrative rule review committee.

(ii) If the legislation affected more than one program, the primary sponsor must be contacted pursuant to this subsection (2)(e) each time that a rule is being proposed to initially implement the legislation for a program.

(iii) Within 3 days after a proposal notice covered under subsection (2)(e)(i) has been published as required in subsection (2)(a), a copy of the published notice must be sent to the primary sponsor contacted under this subsection (2)(e).

(3) If a statute provides for a method of publication different from that provided in subsection (2), the affected agency shall comply with the statute in addition to the requirements contained in this section. However, the notice period may not be less than 30 days or more than 6 months.

(4) Prior to the adoption, amendment, or repeal of any rule, the agency shall afford interested persons at least 20 days' notice of a hearing and at least 28 days from the day of the original notice to submit data, views, or arguments, orally or in writing. If an amended or supplemental notice is filed, additional time may be allowed for oral or written submissions. In the case of substantive rules, the notice of proposed rulemaking must state that opportunity for oral hearing must be granted if requested by either 10% or 25, whichever is less, of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency, by the appropriate administrative rule review committee, or by an association having not less than 25 members who will be directly affected. If the proposed rulemaking involves matters of significant interest to the public, the agency shall schedule an oral hearing.

(5) An agency may continue a hearing date for cause. In the discretion of the agency, contested case procedures need not be followed in hearings held pursuant to this section. If a hearing is otherwise required by statute, nothing in this section alters that requirement.

(6) If an agency fails to publish a notice of adoption within the time required by 2-4-305(7) and the agency again proposes the same rule for adoption, amendment, or repeal, the proposal must be considered a new proposal for purposes of compliance with this chapter.

(7) At the commencement of a hearing on the intended action, the person designated by the agency to preside at the hearing shall:

(a) read aloud the "Notice of Function of Administrative Rule Review Committee" appearing in the register; and

(b) inform the persons at the hearing of the provisions of subsection (2)(b) and provide them an opportunity to place their names on the list.

(8) (a) For purposes of contacting primary sponsors under subsection (2)(e), a current or former legislator who wishes to receive notice shall keep the current or former legislator's name, address, e-mail address, and telephone number on file with the secretary of state. The secretary of state may also use

legislator contact information provided by the legislative services division for the purposes of the register. The secretary of state shall update the contact information whenever the secretary of state receives corrected information from the legislator or the legislative services division. An agency proposing rules shall consult the register when providing sponsor contact.

(b) An agency has complied with the primary bill sponsor contact requirements of this section when the agency has attempted to reach the primary bill sponsor at the legislator's address, e-mail address, and telephone number on file with the secretary of state pursuant to subsection (8)(a). If the agency is able to contact the primary sponsor by using less than all of these three methods of contact, the other methods need not be used.

(9) This section applies to the department of labor and industry adopting a rule relating to a commercial drug formulary as provided in 39-71-704. This section does not apply to the automatic updating of department of labor and industry rules relating to commercial drug formularies as provided in 39-71-704.

(10) (a) *This section applies to the department of public health and human services' adoption of rules relating to medicare fee schedules issued by the centers for medicare and medicaid services of the United States department of health and human services as provided in 53-6-113.*

(b) *This section does not apply to the automatic updating of department of public health and human services rules relating to medicare fee schedules issued by the centers for medicare and medicaid services of the United States department of health and human services."*

Section 2. Section 2-4-305, MCA, is amended to read:

"2-4-305. Requisites for validity – authority and statement of reasons. (1) (a) The agency shall fully consider written and oral submissions respecting the proposed rule, including comments submitted by the primary sponsor of the legislation prior to the drafting of the substantive content and wording of a proposed rule that initially implements legislation.

(b) (i) Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement the reasons for overruling the considerations urged against its adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is published in the register, the differences must be described in the statement of reasons for and against agency action. When written or oral submissions have not been received, an agency may omit the statement of reasons.

(ii) If an adopted rule that initially implements legislation does not reflect the comments submitted by the primary sponsor, the agency shall provide a statement explaining why the sponsor's comments were not incorporated into the adopted rule.

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency's notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section, unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule, and unless the adoption is in compliance with the prohibitions of subsection ~~(11)~~ (12). The measure of whether an agency has adopted a rule in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section is not whether the agency has provided notice of the proposed rule, standing alone, but rather must be based on an analysis of the agency's substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) (a) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules.

(b) An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(c) If an agency uses an amended proposal notice to amend a statement of reasonable necessity for reasons other than for corrections in citations of authority, in citations of sections being implemented, or of a clerical nature, the agency shall allow additional time for oral or written comments from the

same interested persons who were notified of the original proposal notice, including from a primary sponsor, if primary sponsor notification was required under 2-4-302, and from any other person who offered comments or appeared at a hearing already held on the proposed rule.

(9) Subject to 2-4-112, if a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to all or a portion of a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to all or a portion of the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, all or a portion of the proposal notice that the committee objects to may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the committee's notification to the agency must be included in the committee's records.

(10) This section applies to the department of labor and industry adopting a rule relating to a commercial drug formulary as provided in 39-71-704. This section does not apply to the automatic updating of department of labor and industry rules relating to commercial drug formularies as provided in 39-71-704.

(11) (a) *This section applies to the department of public health and human services' adoption of rules relating to medicare fee schedules issued by the centers for medicare and medicaid services of the United States department of health and human services as provided in 53-6-113.*

(b) *This section does not apply to the automatic updating of department of public health and human services rules relating to medicare fee schedules issued by the centers for medicare and medicaid services of the United States department of health and human services.*

~~(11)~~(12) (a) In the year preceding the year in which the legislature meets in regular session, an agency may not adopt a rule between October 1 through the end of the year.

(b) This subsection ~~(11)~~ (12) does not apply to:

(i) an emergency rule adopted under 2-4-303;

(ii) subject to subsection ~~(11)(c)(i)~~ (12)(c)(i), a rule adopted for implementation of a program or policy if the unavailability of information, guidance, or notice precluded adoption of the rule before October 1; or

(iii) subject to subsection ~~(11)(c)(ii)~~ (12)(c)(ii), a rule adopted by providing the proposal notice and statement of reasoning with an opportunity to object to the appropriate administrative rule review committee.

(c) (i) A rule may only be exempted under subsection ~~(11)(b)(ii)~~ (12)(b)(ii) if the notice required under 2-4-302(1)(a) provides a statement explaining why the unavailability of information, guidance, or notice precluded adoption of the rule before October 1.

(ii) A rule may be exempted under subsection ~~(11)(b)(iii)~~ (12)(b)(iii) only if the agency provides a copy of the proposal notice and an explanation of the reason why the rule must be adopted before the end of the year by electronic mail to each member of the committee and the committee staff. If the committee does not object to the proposal within 10 business days after the electronic mail of the proposal and explanation has been sent to the committee, the agency may proceed with adoption of the proposed rule. If, during the 10-day review period, a majority of the members notify the committee presiding officer that those members object to the proposed rulemaking, the presiding officer shall

notify the agency by electronic mail that the committee objects. Following notice of the objection, a rule may not be adopted before the end of the year.”

Section 3. Section 2-4-306, MCA, is amended to read:

“2-4-306. Filing and format – adoption and effective dates – dissemination of emergency rules. (1) Each agency shall file with the secretary of state a copy of each rule adopted by it or a reference to the rule as contained in the proposal notice. A rule is adopted on the date that the adoption notice is filed with the secretary of state and is effective on the date referred to in subsection (4), except that if the secretary of state requests corrections to the adoption notice, the rule is adopted on the date that the revised notice is filed with the secretary of state.

(2) Pursuant to 2-15-401, the secretary of state may prescribe rules to effectively administer this chapter, including rules regarding the printed or electronic format, style, and arrangement for notices and rules that are filed pursuant to this chapter, and may refuse to accept the filing of any notice or rule that is not in compliance with this chapter and the secretary of state’s rules. The secretary of state shall keep and maintain a permanent register of all notices and rules filed, including superseded and repealed rules, that must be open to public inspection and shall provide copies of any notice or rule upon request of any person. Unless otherwise provided by statute, the secretary of state may require the payment of the cost of providing copies.

(3) If the appropriate administrative rule review committee has conducted a poll of the legislature in accordance with 2-4-403, the results of the poll must be published with the rule if the rule is adopted by the agency.

(4) Each rule is effective after publication in the register, as provided in 2-4-312, except that:

(a) if a later date is required by statute or specified in the rule, the later date is the effective date;

(b) subject to applicable constitutional or statutory provisions:

(i) a temporary rule is effective immediately upon filing with the secretary of state or at a stated date following publication in the register; and

(ii) an emergency rule is effective at a stated date following publication in the register or immediately upon filing with the secretary of state if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare. The agency’s finding and a brief statement of reasons for the finding must be filed with the rule. The agency shall, in addition to the required publication in the register, take appropriate and extraordinary measures to make emergency rules known to each person who may be affected by them.

(c) if, following written administrative rule review committee notification to an agency under 2-4-305(9), the committee meets and under 2-4-406(1) objects to all or some portion of a proposed rule before the proposed rule is adopted, the proposed rule or portion of the proposed rule objected to is not effective until the day after final adjournment of the regular session of the legislature that begins after the notice proposing the rule was published by the secretary of state, unless, following the committee’s objection under 2-4-406(1) and subject to 2-4-112:

(i) the committee withdraws its objection under 2-4-406 before the proposed rule is adopted; or

(ii) the rule or portion of a rule objected to is adopted with changes that in the opinion of a majority of the committee members, as communicated in writing to the committee presiding officer and staff, make it comply with the committee’s objection and concerns.

(5) An agency may not enforce, implement, or otherwise treat as effective a rule proposed or adopted by the agency until the effective date of the rule as provided in this section. Nothing in this subsection prohibits an agency from enforcing an established policy or practice of the agency that existed prior to the proposal or adoption of the rule as long as the policy or practice is within the scope of the agency's lawful authority.

(6) This section applies to the department of labor and industry adopting a rule relating to a commercial drug formulary as provided in 39-71-704. This section does not apply to the automatic updating of department of labor and industry rules relating to commercial drug formularies as provided in 39-71-704.

(7) (a) *This section applies to the department of public health and human services' adoption of rules relating to medicare fee schedules issued by the centers for medicare and medicaid services of the United States department of health and human services as provided in 53-6-113.*

(b) *This section does not apply to the automatic updating of department of public health and human services rules relating to medicare fee schedules issued by the centers for medicare and medicaid services of the United States department of health and human services."*

Section 4. Section 2-4-307, MCA, is amended to read:

"2-4-307. Omissions from ARM or register. (1) An agency may adopt by reference any model code, federal agency rule, rule of any agency of this state, or other similar publication if:

(a) the publication of the model code, rule, or other publication would be unduly cumbersome, expensive, or otherwise inexpedient; and

(b) it is reasonable for the agency to adopt the model code, rule, or other publication for the state of Montana.

(2) The model code, rule, or other publication must be adopted by reference in a rule adopted under the rulemaking procedure required by this chapter. The rule must contain a citation to the material adopted by reference and a statement of the general subject matter of the omitted rule and must state where a copy of the omitted material may be obtained. Upon request of the secretary of state, a copy of the omitted material must be filed with the secretary of state.

(3) (a) The model code, rule, or other publication to be adopted by an agency pursuant to subsection (1):

(i) must be in existence at the time that the agency's notice of proposed rulemaking is published in the register;

(ii) must be available to the public for comment, through either publication in the register or publication in an electronic format on the agency's web page, during the time that the rule adopting the model code, rule, or other publication is itself subject to public comment; and

(iii) except as provided in subsection (3)(b), may not be altered between the time of publication of the notice of proposed rulemaking and the publication of the notice of adoption by the agency proposing the rule unless the alteration is required in order to respond to comments in the rulemaking record of the adopting agency.

(b) If the model code, rule, or other publication is altered by the agency between the time of the publication of the notice of proposed rulemaking and the notice of adoption, the part of the model code, rule, or other publication that is altered by the agency is not adopted unless that part is also subject to a separate process of adoption as provided in this section.

(c) If the model code, rule, or other publication is made available on the agency's website, the website may provide either the full text of the model

code, rule, or other publication or a link to the source of the official electronic text of the model code, rule, or other publication.

(4) A rule originally adopting by reference any model code or rule provided for in subsection (1) may not adopt any later amendments or editions of the material adopted. Except as provided in subsection (6), each later amendment or edition may be adopted by reference only by following the rulemaking procedure required by this chapter.

(5) If requested by a three-fourths vote of the appropriate administrative rule review committee, an agency shall immediately publish the full or partial text of any pertinent material adopted by reference under this section. The committee may not require the publication of copyrighted material. Publication of the text of a rule previously adopted does not affect the date of adoption of the rule, but publication of the text of a rule before publication of the notice of final adoption must be in the form of and is considered to be a new notice of proposed rulemaking.

(6) Whenever later amendments of federal regulations must be adopted to comply with federal law or to qualify for federal funding, only a notice of incorporation by reference of the later amendments must be filed in the register. This notice must contain the information required by subsection (2) and must state the effective date of the incorporation. The effective date may be no sooner than 30 days after the date upon which the notice is published unless the 30 days causes a delay that jeopardizes compliance with federal law or qualification for federal funding, in which event the effective date may be no sooner than the date of publication. A hearing is not required unless requested under 2-4-315 by either 10% or 25, whichever is less, of the persons who will be directly affected by the incorporation, by a governmental subdivision or agency, or by an association having not less than 25 members who will be directly affected. Further notice of adoption or preparation of a replacement page for the ARM is not required.

(7) If a hearing is requested under subsection (6), the petition for hearing must contain a request for an amendment and may contain suggested language, reasons for an amendment, and any other information pertinent to the subject of the rule.

(8) This section does not apply to the automatic updating of department of labor and industry rules relating to commercial drug formularies as provided in 39-71-704

(9) This section does not apply to the automatic updating of department of public health and human services rules relating to medicare fee schedules issued by the centers for medicare and medicaid services of the United States department of health and human services as provided in 53-6-113."

Section 5. Section 53-6-113, MCA, is amended to read:

"53-6-113. Department to adopt rules. (1) The department shall adopt appropriate rules necessary for the administration of the Montana medicaid program as provided for in this part and that may be required by federal laws and regulations governing state participation in medicaid under Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as amended.

(2) The department shall adopt rules that are necessary to further define for the purposes of this part the services provided under 53-6-101 and to provide that services being used are medically necessary and that the services are the most efficient and cost-effective available. The rules may establish the amount, scope, and duration of services provided under the Montana medicaid program, including the items and components constituting the services.

(3) The department shall establish by rule the rates for reimbursement of services provided under this part. The department may in its discretion

set rates of reimbursement that it determines necessary for the purposes of the program. In establishing rates of reimbursement, the department may consider but is not limited to considering:

- (a) the availability of appropriated funds;
- (b) the actual cost of services;
- (c) the quality of services;
- (d) the professional knowledge and skills necessary for the delivery of services; and

(e) the availability of services.

(4) The department shall specify by rule those professionals who may:

- (a) deliver or direct the delivery of particular services; and
- (b) deliver services by means of telehealth in accordance with 53-6-122.

(6) (a) The department may adopt rules consistent with this part to govern eligibility for the Montana medicaid program, including the medicaid program provided for in 53-6-195. Rules may include but are not limited to financial standards and criteria for income and resources, treatment of resources, nonfinancial criteria, family responsibilities, residency, application, termination, definition of terms, confidentiality of applicant and recipient information, and cooperation with the state agency administering the child support enforcement program under Title IV-D of the Social Security Act, 42 U.S.C. 651, et seq.

(b) The department may not apply financial criteria below \$15,000 for resources other than income in determining the eligibility of a child under 19 years of age for poverty level-related children's medicaid coverage groups, as provided in 42 U.S.C. 1396a(l)(1)(B) through (l)(1)(D).

(c) The department may not apply financial criteria below \$15,000 for an individual and \$30,000 for a couple for resources other than income in determining the eligibility of individuals for the medicaid program for workers with disabilities provided for in 53-6-195.

(d) (i) The department may not adopt rules or policies requiring a person who is eligible for medicaid pursuant to 53-6-131(1)(e)(ii)(A) to:

(A) make only a cash payment to qualify for medicaid under that subsection; or

(B) only incur medical expenses as a means of qualifying for medicaid under that subsection.

(ii) If a person eligible for medicaid under 53-6-131(1)(e)(ii)(A) is participating in a home and community-based services waiver, the department shall count as an eligible medical expense any medical service or item that a nonwaiver medicaid member is allowed to count as a medical expense to qualify for medicaid under 53-6-131(1)(e)(ii)(A).

(iii) Nothing in this subsection (6)(d) may be construed as preventing a person from making only a cash payment to qualify for medicaid pursuant to 53-6-131(1)(e)(ii)(A).

(7) The department may adopt rules limiting eligibility based on criteria more restrictive than that provided in 53-6-131 if required by Title XIX of the Social Security Act, 42 U.S.C. 1396, et seq., as may be amended, or if funds appropriated are not sufficient to provide medical care for all eligible persons.

(8) The department may adopt rules necessary for the administration of medicaid managed care systems. Rules to be adopted may include but are not limited to rules concerning:

- (a) participation in managed care;

- (b) selection and qualifications for providers of managed care; and
- (c) standards for the provision of managed care.

(9) Subject to subsection (6), the department shall establish by rule income limits for eligibility for extended medical assistance of persons receiving section 1931 medicaid benefits, as defined in 53-4-602, who lose eligibility because of increased income to the assistance unit, as that term is defined in the rules of the department, as provided in 53-6-134, and shall also establish by rule the length of time for which extended medical assistance will be provided. The department, in exercising its discretion to set income limits and duration of assistance, may consider the amount of funds appropriated by the legislature.

(10) Unless required by federal law or regulation, the department may not adopt rules that exclude a child from medicaid services or require prior authorization for a child to access medicaid services if the child would be eligible for or able to access the services without prior authorization if the child was not in foster care.

(11) (a) *When establishing rates of reimbursement for services provided under this part, the department may adopt by rule medicare fee schedules issued by the centers for medicare and medicaid services of the United States department of health and human services.*

(b) *If the department adopts fee schedules as provided in subsection (11)(a), the schedules automatically incorporate changes and updates furnished by the centers for medicare and medicaid services that are made during the year. AN ACT EXPANDING LIVESTOCK ELIGIBILITY UNDER THE LIVESTOCK LOSS MITIGATION PROGRAM TO INCLUDE DOMESTIC BISON; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTION 2-15-3112, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-15-3112, MCA, is amended to read:

“2-15-3112. Livestock loss mitigation program – definitions. The livestock loss board shall establish and administer a program to reimburse livestock producers for livestock losses caused by wolves, mountain lions, and grizzly bears, subject to the following provisions:

(1) The board shall establish eligibility requirements for reimbursement, which must provide that all Montana livestock producers are eligible for coverage for losses by wolves, mountain lions, and grizzly bears to cattle, domestic bison, swine, horses, mules, sheep, goats, llamas, and livestock guard dogs on state, federal, tribal, and private land.

(2) (a) Except as provided in subsection (2)(b), the board may reimburse confirmed and probable livestock losses at an amount not to exceed the fair market value of the livestock.

(b) The board may reimburse confirmed and probable livestock losses by paying a multiplier of the fair market value of the livestock based on a board-determined region.

(c) Before the board may issue a reimbursement for losses to a livestock producer eligible for coverage for losses, the department of revenue shall certify that the livestock producer has paid per capita fees as required by 15-24-921. Except for a tribal member or tribal entity participating in an authorized agreement pursuant to 2-15-3113, a livestock producer may not receive a reimbursement for losses until the producer has paid any delinquent per capita fees.

(3) Other losses may be reimbursed at rates determined by the board.

(4) A claim process must be established to be used when a livestock producer suffers a livestock loss for which wolves, mountain lions, or grizzly bears may be responsible. The claim process must set out a clear and concise method for documenting and processing claims for reimbursement for livestock losses.

(5) Names, addresses, and other personally identifiable information of claimants must remain confidential and may not be released.

(6) (a) A process must be established to allow livestock producers to appeal reimbursement decisions. A producer may appeal a staff adjuster's decision by notifying the staff adjuster and the board in writing, stating the reasons for the appeal and providing documentation supporting the appeal. If the documentation is incomplete, the board or a producer may consult with the U.S. department of agriculture wildlife services to complete the documentation.

(b) The board may not accept any appeal on the question of whether the loss was or was not a confirmed or probable loss because that final determination lies solely with the U.S. department of agriculture wildlife services and may not be changed by the board.

(c) The board shall hold a hearing on an appeal within 90 days of receipt of the written appeal, allowing the staff adjuster and the producer to present their positions. A decision must be rendered by the board within 30 days after the hearing. The producer must be notified in writing of the board's decision.

(7) As used in this section, the following definitions apply:

(a) "Confirmed" means reasonable physical evidence that livestock was actually attacked or killed by a wolf, mountain lion, or grizzly bear, including but not limited to the presence of bite marks indicative of the spacing of tooth punctures of wolves, mountain lions, or grizzly bears and associated subcutaneous hemorrhaging and tissue damage indicating that the attack occurred while the animal was alive, feeding patterns on the carcass, fresh tracks, scat, hair rubbed off on fences or brush, eyewitness accounts, or other physical evidence that allows a reasonable inference of wolf, mountain lion, or grizzly bear predation on an animal that has been largely consumed.

(b) "Fair market value" means:

(i) for commercial sheep more than 1 year old, the average price of sheep of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(ii) for commercial lambs, the average market weaning value;

(iii) for registered sheep, twice the average value of commercial sheep of the same age and sex;

(iv) for commercial cattle more than 1 year old, the average price of cattle of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(v) for commercial calves, the average market weaning value;

(vi) for registered cattle, twice the average value of commercial cattle of the same age and sex;

(vii)(vii) for other registered livestock, twice the average value of commercial-grade animals of the same breed, age, and sex; or

(viii)(viii) for *domestic bison and* other livestock, the average price paid at the most recent public auction for the type of animal lost or the replacement price as determined by the board.

(c) “Probable” means the presence of some evidence to suggest possible predation but a lack of sufficient evidence to clearly confirm predation by a particular species. A kill may be classified as probable depending on factors including but not limited to recent confirmed predation by the suspected depredating species in the same or a nearby area, recent observation of the livestock by the owner or the owner’s employees, and telemetry monitoring data, sightings, howling, or fresh tracks suggesting that the suspected depredating species may have been in the area when the depredation occurred.”

Section 2. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each federally recognized tribal government in Montana.

Section 3. Effective date. [This act] is effective July 1, 2025.

A restriction or requirement on the original platted lot or original unplatted parcel continues to apply to those areas.

(2) Notwithstanding the provisions of subsection (1):

(a) within a platted subdivision filed with the county clerk and recorder, a division, redesign, or rearrangement of lots that results in an increase in the number of lots or that redesigns or rearranges six or more lots must be reviewed and approved by the governing body before an amended plat may be filed with the county clerk and recorder;

 - (f) if the domesticated entity is a filing entity, its public organic record is effective;
 - (g) the private organic rules of the domesticated entity that are to be in a record, if any, approved as part of the plan of domestication are effective; and
 - (h) the interests in the domesticating entity are converted to the extent of and as approved in connection with the domestication and the domesticating entity's organic law. The interest holders of the domesticating entity are entitled only to the rights provided to them under the plan of domestication and to any appraisal rights they may have under the organic laws of the domesticating entity and any contractual appraisal rights they may have under the organic rules of the domesticating entity.
- (2) Except as otherwise provided in the organic law or organic rules of the domesticating entity, the domestication does not give rise to any rights that an interest holder or third party would have following a dissolution, liquidation, or winding up of the domesticating entity.
- (3) When a domestication becomes effective, a person that did not have interest holder liability with respect to the domesticating entity and becomes subject to interest holder liability with respect to a domestic entity as a result of the domestication has interest holder liability only to the extent provided by the organic law of the entity and only for those debts, obligations, and other liabilities that arise after the domestication becomes effective.
- (4) When a domestication becomes effective, the interest holder liability of a person that ceases to hold an interest in a domestic domesticating entity with respect to which the person had interest holder liability is subject to the following rules:

 - (c) The organic law of the domestic domesticating entity continues to apply to the release, collection, or discharge of any interest holder liability preserved under subsection (4)(a) as if the domestication had not occurred.
 - (d) A person has whatever rights of contribution from any other person as are provided by other law or the organic rules of the domestic domesticating entity with respect to any interest holder liability preserved under subsection (4)(a) as if the domestication had not occurred.

(5) When a domestication becomes effective, a foreign entity that is the domesticated entity may be served with process in this state for the collection and enforcement of any of its debts, obligations, and other liabilities in accordance with applicable law.

(6) If a domesticating entity is a registered foreign entity, the registration of the domesticating entity to do business in this state is canceled when the domestication becomes effective.

(7) A domestication does not require the entity to wind up its affairs and does not constitute or cause the dissolution of the entity.

Section 8. Nonexclusivity. A transaction under [sections 1 through 9] that produces a certain result may not preclude the same result from being accomplished in any other manner permitted by law other than in [sections 1 through 9].

Section 9. Reference to external facts. A plan of domestication may refer to facts ascertainable outside the plan if the manner in which the facts will operate upon the plan is specified in the plan. The facts may include the occurrence of an event or a determination or action by a person, whether or not the event, determination, or action is within the control of a party to the transaction.

Section 10. Codification instruction. [Sections 1 through 9] are intended to be codified as a new part in Title 35, chapter 8, and the provisions of Title 35, chapter 8, apply to [sections 1 through 9].

[HB 612]

AN ACT PROVIDING IF A SENTENCE IS REVOKED THE NEW SENTENCE MUST RUN CONSECUTIVELY TO ANY EXISTING SENTENCE UNLESS THE ORIGINAL SENTENCE RAN CONCURRENTLY; AND AMENDING SECTIONS 46-18-203 AND 46-18-401, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-18-203, MCA, is amended to read:

“46-18-203. Revocation of suspended or deferred sentence. (1) Upon the filing of a petition for revocation showing probable cause that the offender has violated any condition of a sentence, any condition of a deferred imposition of sentence, or any condition of supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-625(4), or 45-5-711, the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation and parole officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court either before the period of suspension or deferral has begun or during the period of suspension or deferral but not after the period has expired. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay and no more than 60 days after arrest, the offender must be brought before the judge, and at least 10 days prior to the hearing the offender must be advised of:

- (a) the allegations of the petition;
- (b) the opportunity to appear and to present evidence in the offender's own behalf;
- (c) the opportunity to question adverse witnesses; and
- (d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified unless:

- (a) the offender admits the allegations and waives the right to a hearing; or
- (b) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection (5)(b).

(6) (a) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of:

- (i) the terms and conditions of the suspended or deferred sentence; or
- (ii) a condition of supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-625(4), or 45-5-711.

(b) However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence by committing either compliance violations or noncompliance violations, or both, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions, which may include placement in:

- (A) a secure facility designated by the department for up to 9 months; or
- (B) a community corrections facility or program designated by the department for up to 9 months, including but not limited to placement in a prerelease center, sanction or hold bed, transitional living program, enhanced supervision program, relapse intervention bed, chemical dependency treatment, or 24/7 sobriety program;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any sentence that could have been imposed that does not include a longer imprisonment or commitment term than the original sentence. *A sentence imposed upon revocation must run consecutively to any other previously existing sentence unless the suspended or deferred sentence that is being revoked ran concurrently to the previously existing sentence; or.*

(iv) if the sentence was deferred, impose any sentence that might have been originally imposed.

(b) If a suspended or deferred sentence is revoked, the judge shall consider any elapsed time, consult the records and recollection of the probation and parole officer, and allow all of the elapsed time served without any record or recollection of violations as a credit against the sentence. If the judge determines that elapsed time should not be credited, the judge shall state the reasons for the determination in the order. Credit must be allowed for time served in a detention center or for home arrest time already served.

(c) If the judge finds that the offender has not violated a term or condition of a suspended or deferred sentence, the judge is not prevented from setting, modifying, or adding conditions of probation as provided in 46-23-1011.

(8) If the judge finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the offender, if in custody, must be immediately released.

(9) All sanction and placement decisions must be documented in the offender's file.

(10) As used in this section:

(a) "absconding" means when an offender deliberately makes the offender's whereabouts unknown to a probation and parole officer or fails to report for the purposes of avoiding supervision, and reasonable efforts by the probation and parole officer to locate the offender have been unsuccessful; and

(b) "compliance violation" means a violation of the conditions of supervision that is not:

(i) a new criminal offense;

(ii) possession of a firearm in violation of a condition of probation;

(iii) behavior by the offender or any person acting at the offender's direction that could be considered stalking, harassing, or threatening the victim of the offense or a member of the victim's immediate family or support network;

(iv) absconding; or

(v) failure to enroll in or complete a required sex offender treatment program or a treatment program designed to treat violent offenders.

(11) The provisions of this section apply to any offender whose suspended or deferred sentence is subject to revocation regardless of the date of the offender's conviction and regardless of the terms and conditions of the offender's original sentence."

Section 2. Section 46-18-401, MCA, is amended to read:

"46-18-401. Consecutive sentences. (1) Unless the judge otherwise orders:

(a) whenever a person serving a term of commitment imposed by a court in this state is committed for another offense, the shorter term or shorter remaining term may not be merged in the other term; and

(b) whenever a person under suspended sentence or on probation for an offense committed in this state is sentenced for another offense, the period still to be served on suspended sentence or probation may not be merged in any new sentence of commitment or probation.

(2) The court, whether or not it merges the sentences, shall immediately furnish each of the other courts and the penal institutions in which the defendant is confined under sentence with authenticated copies of its sentence, which must cite any sentence that is merged.

(3) If an unexpired sentence is merged pursuant to subsection (1), the court that imposed the sentence shall modify it in accordance with the effect of the merger.

(4) Separate sentences for two or more offenses must run consecutively unless the court otherwise orders.

(5) *If a sentence is revoked pursuant to 46-18-203, the sentence imposed upon revocation must run consecutively to any other previously existing sentence unless the suspended or deferred sentence that is being revoked ran concurrently to the previously existing sentence."*

[HB 616]

AN ACT PROVIDING FOR DATA MODELING WHEN RELEASING A STRIP OR UNDERGROUND MINE PERFORMANCE BOND; PROVIDING FOR CONTINGENT VOIDNESS; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTION 82-4-232, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-232, MCA, is amended to read:

"82-4-232. Area mining required – bond – alternative plan. (1) (a) Area strip mining, a method of operation that does not produce a bench or fill bench, is required where strip mining is proposed. The area of land affected must be backfilled and graded to the approximate original contour of the land. However:

(i) consistent with the adjacent unmined landscape elements, the operator may propose and the department may approve regraded topography gentler than premining topography in order to enhance the postmining land use and develop a postmining landscape that will provide greater moisture retention, greater stability, and reduced soil losses from runoff and erosion;

(ii) postmining slopes may not exceed the angle of repose or lesser slope as is necessary to achieve a long-term static safety factor of 1.3 or greater and to prevent slides;

(iii) permanent impoundments may be approved if they are suitable for the postmining land use and otherwise meet the requirements of this part, as provided by department rules; and

(iv) reclaimed topography must be suitable for the approved postmining land use.

(b) Spoil from the first cut is not required to be transported to the last cut if highwalls are eliminated, box cut spoils are graded to blend in with the surrounding terrain, and the approximate original contour of the land is achieved.

(c) When directed by the department, the operator shall construct in the final grading diversion ditches, depressions, or terraces that will accumulate or control the water runoff.

(2) In addition to the backfilling and grading requirements, the operator's method of operation on steep slopes may be regulated and controlled according to rules adopted by the department. These rules may require any measure to accomplish the purpose of this part.

(3) For coal mining on prime farmlands, the department shall establish by rule specifications for soil removal, storage, replacement, and reconstruction, and the operator must as a minimum be required to:

(a) (i) segregate the A horizon of the natural soil, except when it can be shown that other available soil materials will create a final soil having a greater productive capacity; and

(ii) if not used immediately, stockpile this material separately from other spoil and provide needed protection from wind and water erosion or contamination by other acid or toxic material;

(b) (i) segregate the B horizon of the natural soil, or underlying C horizon or other strata, or a combination of the horizons or other strata that are shown to be both texturally and chemically suitable for plant growth and that can be shown to be equally or more favorable for plant growth than the B horizon in sufficient quantities to create in the regraded final soil a root zone of comparable depth and quality to that that existed in the natural soil; and

(ii) if not used immediately, stockpile this material separately from other spoil and provide needed protection from wind and water erosion or contamination by acid or toxic material;

(c) replace and regrade the root zone material described in subsection (3)(b) with proper compaction and uniform depth over the regraded spoil material; and

(d) redistribute and grade in a uniform manner the surface soil horizon described in subsection (3)(a).

(4) All available topsoil must be removed in a separate layer, guarded from erosion and pollution, and kept in a condition so that it can sustain vegetation of at least the quality and variety it sustained prior to removal. However, the operator shall accord substantially the same treatment to any subsurface deposit of material that is capable, as determined by the department, of supporting surface vegetation virtually as well as the present topsoil. After the operation has been backfilled and graded, the topsoil or the best available subsurface deposit of material that is best able to support vegetation must be returned as the top layer.

(5) As determined by rules of the department, time limits must be established requiring backfilling, grading, subsidence stabilization, water control, highwall reduction, topsoiling, planting, and revegetation to be kept current. All backfilling, subsidence stabilization, sealing, grading, and topsoiling must be completed before necessary equipment is moved from the operation.

(6) (a) (i) The permittee may file an application with the department for the release of all or part of a performance bond. The application must contain a proposed public notice of the precise location of the land affected, the number of acres for which bond release is sought, the permit and the date approved, the amount of the bond filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, and a description of the results achieved as they relate to the permittee's approved reclamation plan. *The description of the results may include other information or methods, including predictive modeling, which may be used in conjunction with*

monitoring data compiled for the performance bond release application to demonstrate compliance with the approved reclamation plan.

(ii) ~~In addition, as~~ As part of any bond release application, the permittee shall submit copies of letters that the permittee has sent to adjoining property owners, local governmental bodies, planning agencies, and sewage and water treatment authorities or water companies in the locality of the operation, notifying them of the permittee's intention to seek release from the bond.

(b) The department shall determine whether the application is administratively complete. An application is administratively complete if it includes:

(i) the location and acreage of the land for which bond release is sought;

(ii) the amount of bond release sought;

(iii) a description of the completed reclamation, including the date of performance;

(iv) a discussion of how the results of the completed reclamation satisfy the requirements of the approved reclamation plan, *which may include a description of other information or methods, including predictive modeling, which may be used in conjunction with monitoring data for the purposes of demonstrating compliance with the approved reclamation plan;* and

(v) information required by rules implementing this part.

(c) The department shall notify the applicant in writing of its determination no later than 60 days after submittal of the application. If the department determines that the application is not administratively complete, it shall specify in the notice those items that the application must address. After an application for bond release has been determined to be administratively complete by the department, the permittee shall publish a public notice that has been approved as to form and content by the department at least once a week for 4 successive weeks in a newspaper of general circulation in the locality of the mining operation.

(d) Any person with a valid legal interest that might be adversely affected by the release of a bond or the responsible officer or head of any federal, state, or local governmental agency that has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation or is authorized to develop and enforce environmental standards with respect to the operation may file written objections to the proposed release of bond to the department within 30 days after the last publication of the notice. If written objections are filed and a hearing is requested, the department shall hold a public hearing in the locality of the operation proposed for bond release or in Helena, at the option of the objector, within 30 days of the request for hearing. The department shall inform the interested parties of the time and place of the hearing. The date, time, and location of the public hearing must be advertised by the department in a newspaper of general circulation in the locality for 2 consecutive weeks. Within 30 days after the hearing, the department shall notify the permittee and the objector of its final decision.

(e) Without prejudice to the rights of the objector or the permittee or the responsibilities of the department pursuant to this section, the department may establish an informal conference to resolve written objections.

(f) For the purpose of the hearing under subsection (6)(d), the department may administer oaths, subpoena witnesses or written or printed materials, compel the attendance of witnesses or the production of materials, and take evidence, including but not limited to conducting inspections of the land affected and other operations carried on by the permittee in the general vicinity. A verbatim record of each public hearing required by this section must

be made, and a transcript must be made available on the motion of any party or by order of the department.

(g) If the applicant significantly modifies the application after the application has been determined to be administratively complete, the department shall conduct a new review, including an administrative completeness determination. A significant modification includes but is not limited to:

(i) the notification of an additional property owner, local governmental body, planning agency, or sewage and water treatment authority of the permittee's intention to seek a bond release;

(ii) a material increase in the acreage for which a bond release is sought or in the amount of bond release sought; or

(iii) a material change in the reclamation for which a bond release is sought or the information used to evaluate the results of that reclamation.

(h) The department shall, within 30 days of determining that the application is administratively complete or as soon as weather permits, conduct an inspection and evaluation of the reclamation work involved. In the evaluation, the department shall consider, among other things, the degree of difficulty in completing any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of continuance or future occurrence of the pollution, and the estimated cost of abating the pollution. *Other information or methods acceptable to the department, including predictive modeling, may be used in conjunction with monitoring data for the purposes of the evaluation and to demonstrate compliance with the approved reclamation plan.*

(i) The department shall review each administratively complete application to determine the acceptability of the application. A complete application is acceptable if the application is in compliance with all of the applicable requirements of this part, the rules adopted under this part, and the permit. *Other information or methods acceptable to the department, including predictive modeling, may be used in conjunction with monitoring data for the purposes of determining the acceptability of the application and demonstrating compliance with the approved reclamation plan.*

(j) (i) The department shall notify the applicant in writing regarding the acceptability of the application no later than 60 days from the date of the inspection.

(ii) If the department determines that the application is not acceptable, it shall specify in the notice those items that the application must address.

(iii) If the applicant revises the application in response to a notice of unacceptability, the department shall review the revised application and notify the applicant in writing within 60 days of the date of receipt as to whether the revised application is acceptable.

(iv) If the revision constitutes a significant modification, the department shall conduct a new review, beginning with an administrative completeness determination.

(v) A significant modification includes but is not limited to:

(A) the notification of an additional property owner, local governmental body, planning agency, or sewage and water treatment authority of the permittee's intention to seek a bond release;

(B) a material increase in the acreage for which a bond release is sought or the amount of bond release sought; or

(C) a material change in the reclamation for which a bond release is sought or the information used to evaluate the results of that reclamation.

(k) At the request of the permittee, and for a designated area within the permit boundary within or across affected drainage basins, the department

shall release the bond in whole or in part if the reclamation covered by the bond or portion of the bond has been accomplished as required by this part according to the following schedule:

(i) When the permittee completes the plugging, backfilling, regrading, and drainage control of a bonded area in accordance with the approved reclamation plan, the department shall release 60% of the bond or collateral for the designated area within the permit boundary.

(ii) The department shall release a portion of the bond for the designated area that would be sufficient for a third party to cover the cost of replacing soil after revegetation and soil stability have been established in the designated area in accordance with the approved reclamation plan. Whenever a silt dam is to be retained as a permanent impoundment, that portion of the bond may also be released under this subsection (6)(k)(ii) if provisions for sound future maintenance by the operator or the landowner are made with the department. *Other information or methods acceptable to the department, including predictive modeling, may be used in conjunction with monitoring data for the purposes of determining soil replacement costs or silt dam maintenance and demonstrating compliance with the approved reclamation plan.*

(iii) Except as provided in subsection (6)(k)(iv), in accordance with the requirements of 82-4-235, upon expiration of the period specified for responsibility, and after the designated area has been successfully revegetated, the remaining total of the bond required for a third party to establish vegetation must be released for the designated area.

(iv) The department shall retain a portion of the bond sufficient for a third party to fully satisfy remaining permit conditions if:

(A) the disturbed areas eligible for release are contributing suspended solids to streamflow or runoff outside of the affected drainage basin or permit boundary in excess of the requirements of 82-4-231(10)(k), *as demonstrated by either sediment sampling or predictive modeling as approved by the department;*

(B) soil productivity for prime farmlands eligible for release is not returned to equivalent levels of yield as nonmined land of the same soil type in the surrounding area under equivalent management practices, as determined from the soil survey; or

(C) the permittee has not successfully completed all reclamation activities, including water replacement, in the designated area.

(v) On request by the permittee, the department shall release all final bonds when, in accordance with the requirements of this chapter, the permittee successfully completes all prospecting, mining, and reclamation activities within the designated area.

(l) If the department disapproves the application for release of the bond or a portion of the bond, it shall:

(i) provide to the permittee detailed written findings demonstrating that the reclamation covered by the bond or a portion of the bond has not been accomplished as required by this part; and

(ii) recommend corrective actions necessary to secure the release and allowing opportunity for a public hearing.

(m) When an application for total or partial bond release is filed with the department, it shall notify the municipality or county in which a prospecting or mining operation is located by certified mail at least 30 days prior to the release of all or a portion of the bond.

(7) All disturbed areas must be reclaimed in a timely manner to conditions that are capable of supporting the land uses that they were capable of supporting prior to any mining or to higher or better uses as approved pursuant to subsection (8).

(8) (a) An operator may propose a higher or better use as an alternative postmining land use. If the landowner is not the operator, the operator shall submit written documentation of the concurrence of the landowner or the land management agency with jurisdiction over the land. The department may approve the proposed alternative postmining land use only if it meets all of the following criteria:

(i) There is a reasonable likelihood for achievement of the alternative land use.

(ii) The alternative land use does not present any actual or probable hazard to the public health or safety or any threat of water diminution or pollution.

(iii) The alternative land use will not:

(A) be impractical or unreasonable;

(B) be inconsistent with applicable land use policies or plans;

(C) involve unreasonable delay in implementation; or

(D) cause or contribute to violation of federal, state, or local law.

(b) As used in this section, the term "landowner" includes a person who has sold the surface estate to the operator with an option to repurchase the surface estate after mining and reclamation are complete.

(9) The reclamation plan must incorporate appropriate wildlife habitat enhancement features that are integrated with cropland, grazing land, pastureland, land occasionally cut for hay, or other uses in order to enhance habitat diversity, with emphasis on big game animals, game birds, and threatened and endangered species that have been documented to live in the area of land affected, and to enhance wetlands and riparian areas along rivers and streams and bordering ponds and lakes. Incorporation of wildlife habitat enhancement features does not constitute a change in land use to fish and wildlife habitat and may not interfere with the designated land use.

(10) Facilities existing prior to mining, including but not limited to public roads, utility lines, railroads, or pipelines, may be replaced as part of the reclamation plan."

Section 2. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 3. Contingent voidness. (1) If the provisions of [this act] are disapproved by the United States secretary of the interior pursuant to 30 CFR 732, then [this act] is void.

(2) Within 15 days of the effective date of a disapproval pursuant to subsection (1), the department of environmental quality shall notify the code commissioner, certifying that the disapproval has occurred.

Section 4. Effective date. [This act] is effective on passage and approval.

CHAPTER NO. 327

[HB 625]

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-1-121, MCA, is amended to read:

“15-1-121. Entitlement share payment – purpose – appropriation.

(1) As described in 15-1-120(3), each local government is entitled to an annual amount that is the replacement for revenue received by local governments for diminishment of property tax base and various earmarked fees and other revenue that, pursuant to Chapter 574, Laws of 2001, amended by section 4, Chapter 13, Special Laws of August 2002, and later enactments, were consolidated to provide aggregation of certain reimbursements, fees, tax collections, and other revenue in the state treasury with each local government's share. The reimbursement under this section is provided by direct payment from the state treasury rather than the ad hoc system that offset certain state payments with local government collections due the state and reimbursements made by percentage splits, with a local government remitting a portion of collections to the state, retaining a portion, and in some cases sending a portion to other local governments.

(2) The sources of dedicated revenue that were relinquished by local governments in exchange for an entitlement share of the state general fund were:

(a) personal property tax reimbursements pursuant to sections 167(1) through (5) and 169(6), Chapter 584, Laws of 1999;

(b) vehicle, boat, and aircraft taxes and fees pursuant to:

(i) Title 23, chapter 2, part 5;

(ii) Title 23, chapter 2, part 6;

(iii) Title 23, chapter 2, part 8;

(iv) 61-3-317;

(v) 61-3-321;

(vi) Title 61, chapter 3, part 5, except for 61-3-509(3), as that subsection read prior to the amendment of 61-3-509 in 2001;

(vii) Title 61, chapter 3, part 7;

(viii) 5% of the fees collected under 61-10-122;

(ix) 61-10-130;

(x) 61-10-148; and

(xi) 67-3-205;

(c) gaming revenue pursuant to Title 23, chapter 5, part 6, except for the permit fee in 23-5-612(2)(a);

(d) district court fees pursuant to:

(i) 25-1-201, except those fees in 25-1-201(1)(d), (1)(g), and (1)(j);

(ii) 25-1-202;

(iii) 25-9-506; and

(iv) 27-9-103;

(e) certificate of title fees for manufactured homes pursuant to 15-1-116;

(f) financial institution taxes collected pursuant to the former provisions of Title 15, chapter 31, part 7;

(g) all beer, liquor, and wine taxes pursuant to:

(i) 16-1-404;

(ii) 16-1-406; and

(iii) 16-1-411;

(h) late filing fees pursuant to 61-3-220;

(i) title and registration fees pursuant to 61-3-203;

(j) veterans' cemetery license plate fees pursuant to 61-3-459;

(k) county personalized license plate fees pursuant to 61-3-406;

(l) special mobile equipment fees pursuant to 61-3-431;

(m) single movement permit fees pursuant to 61-4-310;

(n) state aeronautics fees pursuant to 67-3-101; and

(o) department of natural resources and conservation payments in lieu of taxes pursuant to former Title 77, chapter 1, part 5.

(3) Except as provided in subsection (7)(b), the total amount received by each local government in the prior fiscal year as an entitlement share payment under this section is the base component for the subsequent fiscal year distribution, and in each subsequent year the prior year entitlement share payment, including any reimbursement payments received pursuant to subsection (7), is each local government's base component. The sum of all local governments' base components is the fiscal year entitlement share pool.

(4) (a) Except as provided in subsections (4)(b)(iv) and (7)(b), the base entitlement share pool must be increased annually by an entitlement share growth rate as provided for in this subsection (4). The amount determined through the application of annual growth rates is the entitlement share pool for each fiscal year.

(b) By October 1 of each year, the department shall calculate the growth rate of the entitlement share pool for the next fiscal year in the following manner:

(i) The department shall calculate the entitlement share growth rate based on the ratio of two factors of state revenue sources for the first, second, and third most recently completed fiscal years as recorded on the statewide accounting, budgeting, and human resource system. The first factor is the sum of the revenue for the first and second previous completed fiscal years received from the sources referred to in subsections (2)(b), (2)(c), and (2)(g) divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.75. The second factor is the sum of the revenue for the first and second previous completed fiscal years received from individual income tax as provided in Title 15, chapter 30, and corporate income tax as provided in Title 15, chapter 31, divided by the sum of the revenue for the second and third previous completed fiscal years received from the same sources multiplied by 0.25.

(ii) Except as provided in subsections (4)(b)(iii) and (4)(b)(iv), the entitlement share growth rate is the lesser of:

(A) the sum of the first factor plus the second factor; or

(B) 1.03 for counties, 1.0325 for consolidated local governments, and 1.035 for cities and towns.

(iii) In no instance can the entitlement growth factor be less than 1. Subject to subsection (4)(b)(iv), the entitlement share growth rate is applied to the most recently completed fiscal year entitlement payment to determine the subsequent fiscal year payment.

(iv) The entitlement share growth rate, as described in this subsection (4), is:

(A) for fiscal year 2018, 1.005;

(B) for fiscal year 2019, 1.0187;

(C) for fiscal year 2020 and thereafter, determined as provided in subsection (4)(b)(ii). The rate must be applied to the entitlement payment for the previous fiscal year as if the payment had been calculated using entitlement share growth rates for fiscal years 2018 and 2019 as provided in subsection (4)(b)(ii).

(5) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (8). The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county

or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources for which reimbursement is provided in this section. The allocation for each special district that existed in 2002 must be based on the relative proportion of the loss of revenue in 2002.

(6) (a) The entitlement share pools calculated in this section, the amounts distributed under 15-1-123(4) for local governments, the funding provided for in subsection (8) of this section, and the amounts distributed under 15-1-123(5) for tax increment financing districts are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. The growth factor in the entitlement share must be calculated separately for:

- (A) counties;
- (B) consolidated local governments; and
- (C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the prior fiscal year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the prior fiscal year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the prior fiscal year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool before the growth amount or adjustments made under subsection (7) are applied is to be distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(7) (a) If the legislature enacts a reimbursement provision that is to be distributed pursuant to this section, the department shall determine the reimbursement amount as provided in the enactment and add the appropriate amount to the entitlement share distribution under this section. The total

entitlement share distributions in a fiscal year, including distributions made pursuant to this subsection, equal the local fiscal year entitlement share pool. The ratio of each local government's distribution from the entitlement share pool must be recomputed to determine each local government's ratio to be used in the subsequent year's distribution determination under subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A).

(b) For fiscal year 2018 and thereafter, the growth rate provided for in subsection (4) does not apply to the portion of the entitlement share pool attributable to the reimbursement provided for in 15-1-123(1) and (2). The department shall calculate the portion of the entitlement share pool attributable to the reimbursement in 15-1-123(1) and (2), including the application of the growth rate in previous fiscal years, for counties, consolidated local governments, and cities and, for fiscal year 2018 and thereafter, apply the growth rate for that portion of the entitlement share pool as provided in 15-1-123(3).

(c) The growth amount resulting from the application of the growth rate in 15-1-123(3) must be allocated as provided in subsections (6)(b)(ii)(A), (6)(b)(iii)(A), and (6)(b)(iv)(A) of this section.

(8) (a) Except for a tax increment financing district entitled to a reimbursement under 15-1-123(5), if a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any funding. If a tax increment financing district referred to in subsection (8)(b) terminates, then the funding for the district provided for in subsection (8)(b) terminates.

(b) One-half of the payments provided for in this subsection (8)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (8)(a), the entitlement share for tax increment financing districts is as follows:

Flathead	Kalispell - District 2	\$4,638
Flathead	Kalispell - District 3	37,231
Flathead	Whitefish District	148,194
Gallatin	Bozeman - downtown	31,158
Missoula	Missoula - 1-1C	225,251
Missoula	Missoula - 4-1C	30,009

(9) The estimated fiscal year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from tax increment financing districts.

(10) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department's estimation of the base component, the entitlement share growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) (a) Except as provided in 2-7-517, a payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1.

(b) A payment required pursuant to this section must be withheld if a local government:

(i) fails to meet a deadline established in 2-7-503(1), 7-6-611(2), 7-6-4024(3), or 7-6-4036(1); and

(ii) fails to remit any amounts collected on behalf of the state as required by 15-1-504 or as otherwise required by law within 45 days of the end of a month.

(c) A payment required pursuant to this section may be withheld if, for more than 90 days, a local government fails to:

(i) file a financial report required by 15-1-504;

(ii) remit any amounts collected on behalf of the state as required by 15-1-504; or

(iii) remit any other amounts owed to the state or another taxing jurisdiction.

(d) If the department of revenue receives notice from the attorney general that a county has failed to comply with the reporting requirements of 41-3-210(3), a payment required pursuant to this section must be reduced by 2%."

Section 2. Section 41-3-210, MCA, is amended to read:

"41-3-210. County attorney duties – certification – retention of records – reports to attorney general and legislature – attorney general report. (1) (a) The county attorney shall gather all case notes, correspondence, evaluations, interviews, and other investigative materials pertaining to each report from the department or investigation by law enforcement of sexual abuse or sexual exploitation of a child made within the county when the alleged perpetrator of the sexual abuse or sexual exploitation is 12 years of age or older. After a report is made or an investigation is commenced, the following individuals or entities shall provide to the county attorney all case notes, correspondence, evaluations, interviews, and other investigative materials related to the report or investigation:

(i) the department;

(ii) state and local law enforcement; and

(iii) all members of a county or regional interdisciplinary child information and school safety team established under 52-2-211.

(b) The duty to provide records to the county attorney under subsection (1)(a) remains throughout the course of an investigation, an abuse and neglect proceeding conducted pursuant to this part, or the prosecution of a case involving the sexual abuse of a child or sexual exploitation of a child.

(c) Upon receipt of a report from the department, as required in 41-3-202, that includes an allegation of sexual abuse of a child or sexual exploitation of a child, the county attorney shall certify in writing to the person who initially reported the information that the county attorney received the report. The certification must include the date the report was received and the age and gender of the alleged victim. If the report was anonymous, the county attorney shall provide the certification to the department. If the report was made to the county attorney by a law enforcement officer, the county attorney is not required to provide the certification.

(2) The county attorney shall retain records relating to the report or investigation, including the certification, case notes, correspondence, evaluations, videotapes, and interviews, for 25 years.

(3) On or before January 1 and June 1 of each year, each county attorney shall report to the attorney general. The report to the attorney general must include, for each report from the department or investigation by law enforcement:

(a) a unique case identifier;

(b) the date that the initial report or allegation was received by the county attorney;

(c) the date any charges were filed;

(d) the date of any decision to decline to prosecute;

(e) if charges are filed against a defendant, whether a conviction was obtained and, if a conviction was obtained, the sentence imposed by the court; and

(f) the number of certifications made as required by subsection (1)(c), including the number of certifications made to the department.

(4) (a) The attorney general shall create a form for county attorneys to use when submitting reports required by subsection (3). The form must allow collection of the information required by subsection (3) on an aggregated, cumulative basis for a 5-year period until charges are filed or a decision is made to decline to prosecute.

(b) The information provided by a county attorney on the forms is confidential criminal justice information as defined in 44-5-103.

(5) If a county attorney fails to report the information required by subsection (3), the attorney general shall provide notice to the county attorney and the county commissioners of that county within 10 days of the missed deadline. If the county attorney does not provide the required information within 30 days of the attorney general's notice, the attorney general shall report as provided in subsection (6)(b).

~~(5)~~(6) The attorney general shall report to:

(a) the law and justice interim committee each year by August 15 and as provided in 5-11-210. The reports must provide:

~~(a)~~(i) aggregated information regarding the status of the cases reported in subsection (3) by the county attorneys, except for those cases pending review of the county attorney or uncharged cases still under investigation, including data on the total number of cases reported;

~~(b)~~(ii) the number of cases declined for prosecution;

~~(c)~~(iii) the number of cases charged;

~~(d)~~(iv) any action in the past fiscal year that the attorney general took under the authority of 2-15-501 based on the reports submitted as required in subsection (3). A report made pursuant to this subsection ~~(5)(d)~~ (6)(a)(iv) may not include the name of the county.

~~(e)~~(v) after consideration of the information provided by the department pursuant to 41-3-211, any county attorney who failed to provide a complete report required by subsection (3); and

(b) the department of revenue each year by August 15. [HB 629]

AN ACT REVISING LAWS RELATED TO THE CONNECTION OF A PROPOSED SUBDIVISION TO A COUNTY OR MUNICIPAL WATER OR SEWER SYSTEM; PROVIDING THAT A COUNTY OR MUNICIPAL WATER OR SEWER SYSTEM SHALL ACCEPT A PROPOSED SUBDIVISION'S REQUEST FOR CONNECTION IN CERTAIN CIRCUMSTANCES; DIRECTING AN AMENDMENT TO ARM 17.36.123 TO PROVIDE THAT A PUBLIC WATER SUPPLY AND WASTEWATER SYSTEM ACCEPT A CONNECTION FROM A PROPOSED SUBDIVISION UNDER CERTAIN CIRCUMSTANCES; PROVIDING RULEMAKING AUTHORITY; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Department to amend rule. (1) The department of environmental quality shall amend ARM 17.36.123 to provide that new water supply and sewage disposal facilities in a proposed subdivision must be provided by a connection to a public municipal or county water and/or sewer district water supply or public wastewater system if:

- (a) the proposed subdivision requests the connection;

[HB 655]

AN ACT PROHIBITING DISCRIMINATORY ACTION AGAINST A PERSON PROVIDING ADOPTION OR FOSTER CARE SERVICES BASED ON THE PERSON'S RELIGIOUS BELIEF; PROVIDING DEFINITIONS; PROVIDING REMEDIES; AND PROVIDING A STATUTE OF LIMITATIONS.

WHEREAS, the State of Montana seeks to place a child in a safe, loving, and supportive home whenever the state is required to place a child with an adoptive or foster family; and

WHEREAS, adoption and foster care agencies in Montana assist families with adoption and foster parent placements of children; and

WHEREAS, the adoption agencies and foster care providers of this state represent diverse organizations and groups, some of which are faith-based and some of which are nonfaith-based; and

WHEREAS, children in need of placement services benefit from having as many adoption agencies and foster care providers as possible because the more agencies and providers that take part in placement services, the greater the likelihood that a child will find a permanent placement; and

WHEREAS, the United States Supreme Court in *Fulton v. City of Philadelphia*, 141 S. Ct. 1868 (2021), recognized the benefits of having more and not fewer adoption agencies and foster care providers, stating that “[m]aximizing the number of foster families and minimizing liability are important goals, but the City fails to show that granting [Catholic Social Services] an exception will put those goals at risk. If anything, including CSS in the program seems likely to increase, not reduce, the number of available foster parents”; and

WHEREAS, children and families benefit greatly from the adoption and foster care services provided by faith-based and nonfaith-based child placing agencies; and

WHEREAS, faith-based organizations and groups have a lengthy and distinguished history of providing adoption and foster care services in Montana; and

WHEREAS, private child-placing agencies and individuals, including faith-based child-placing agencies and individuals, have the right to free exercise of religion under both the state and federal constitutions, which, under well-settled principles of constitutional law, includes the freedom to abstain from conduct that conflicts with an agency's sincerely held religious beliefs; and

WHEREAS, ensuring that faith-based child-placing agencies can continue to provide adoption and foster care services will benefit the children and families who receive those services; and

WHEREAS, the United States Constitution allows all adoption and foster care providers to operate according to their beliefs without fear of unjust government punishment; and

WHEREAS, in the unanimous decision in *Fulton v. City of Philadelphia*, the U.S. Supreme Court made clear that state governments violate the requirements of religious neutrality when they undermine religious beliefs or practices and that the “[g]overnment fails to act neutrally when it proceeds in a manner intolerant of religious beliefs or restricts practices because of their religious nature”; and

WHEREAS, the U.S. Supreme Court in *Espinoza v. Montana Dept. of Revenue*, 140 S. Ct. 2246, 2276 (2020) (Gorsuch, J., concurring), stated that “[t]he Constitution forbids laws that prohibit the free exercise of religion. That guarantee protects not just the right to be a religious person, holding beliefs inwardly and secretly; it also protects the right to act on those beliefs outwardly and publicly [italics removed]”; and

WHEREAS, the *Espinoza* Court noted that the U.S. Supreme Court has “long recognized the importance of protecting religious actions, not just religious status” and, quoting *Cantwell v. Connecticut*, 310 U.S. 296, 3030 (1940), state that “the First Amendment protects the ‘freedom to act’ as well as the ‘freedom to believe’”; and

WHEREAS, in *Thomas v. Review Bd. of Ind. Employment Security Div.*, 450 U.S. 707, 717-718 (1981), the U.S. Supreme Court held that the government violates the Free Exercise Clause whenever it “conditions receipt of an important benefit upon conduct prescribed by a religious faith, or... denies such a benefit because of conduct mandated by a religious belief, thereby putting substantial pressure on an adherent to modify his behavior and to violate his beliefs.”

CHAPTER NO. 338

[HB 664]

AN ACT REVISING THE NUTRIENT CRITERIA FOR MONTANA WATER QUALITY STANDARDS; REMOVING REFERENCES TO NUMERIC NUTRIENT STANDARDS IN ADMINISTRATIVE RULE; REPEALING BASE NUMERIC NUTRIENT STANDARDS; PROVIDING DIRECTIONS TO THE DEPARTMENT OF ENVIRONMENTAL QUALITY; PROVIDING RULEMAKING AUTHORITY; ELIMINATING THE NUTRIENT WORK GROUP; AMENDING SECTION 75-5-103, MCA; REPEALING SECTION 75-5-321, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the objective of the Clean Water Act is to “restore and maintain the chemical, physical, and biological integrity of the Nation’s waters”; and

WHEREAS, the Environmental Protection Agency (EPA) authorized the Montana Department of Environmental Quality (DEQ) to regulate most water quality programs in the state; and

WHEREAS, beginning in 1998, the EPA “strongly encouraged” numeric nutrient standards, which the DEQ adopted in 2015; and

WHEREAS, from 2011 through 2014, members of the Nutrient Work Group and the public endeavored to develop rules to govern numeric nutrient criteria, rules, and guidance. The work involved interactions between the DEQ and EPA on the proposed rules, variances, and guidance and led to the adoption of rule packages by the Board of Environmental Review. Even though the EPA had clarity on the proposals before they were finalized and had indicated its support for Montana’s approach, the agency adopted a rule that made it impossible for Montana’s rules and variances from working as intended. The EPA never approved a general variance for private sector dischargers; and

WHEREAS, these numeric nutrient standards were not explicitly required by law, and many states have not adopted numeric nutrient standards for all of their bodies of water; and

WHEREAS, the 2021 Montana Legislature, recognizing this, chose to re-establish narrative nutrient standards in Senate Bill 358; and

WHEREAS, the Nutrient Work Group, which included participants from the DEQ and EPA, worked diligently to assess the viability of a general variance to allow compliance with numeric standards and to develop narrative standards without widespread economic consequences, but to no avail; and

WHEREAS, the failure to adopt narrative nutrient standards means that Montana again operates under the old, unattainable numeric nutrient standards; and

WHEREAS, Montana’s numeric nutrient standards and variances provided for in law and in ARM 17.30.507, 17.30.516, 17.30.602, 17.30.619, 17.30.622, 17.30.623, 17.30.624, 17.30.625, 17.30.626, 17.30.627, 17.30.628, 17.30.629, 17.30.660, 17.30.702, 17.30.715, and 17.30.1388 have subsequently proven to be unachievable and burdensome, especially for Montana’s municipal wastewater treatment systems.

Be it enacted by the Legislature of the State of Montana:

Section 1. Department to amend rules. The department shall amend ARM 17.30.507, 17.30.516, 17.30.602, 17.30.619, 17.30.622, 17.30.623, 17.30.624, 17.30.625, 17.30.626, 17.30.627, 17.30.628, 17.30.629, 17.30.702, and 17.30.715 to delete all references to department circular DEQ-12A, base numeric nutrient standards, and nutrient standards variances.

Section 2. Directions to department. The department shall:

(1) repeal department circular DEQ-12A Montana base numeric nutrient standards as adopted into administrative rule on August 8, 2014; and

(2) amend all guidance, assessment methods, total maximum daily load calculations, and other policies and procedures to eliminate reference to or reliance on department circular DEQ-12A.

CHAPTER NO. 345

[SB 163]

AN ACT REVISING THE GENETIC INFORMATION PRIVACY ACT; INCLUDING NEUROTECHNOLOGY DATA IN THE SCOPE OF THE GENETIC INFORMATION PRIVACY ACT; ADDING LEGISLATIVE FINDINGS AND PURPOSE TO THE ACT; REVISING PROVISIONS RELATING TO EXCEPTIONS; ADDING PROTECTIONS FOR THE PRIVACY OF NEUROTECHNOLOGY DATA; REVISING PROVISIONS RELATING TO PRIVACY NOTICES; PROVIDING A DEFINITION; AND AMENDING SECTIONS 30-23-101, 30-23-102, 30-23-103, 30-23-104, 30-23-105, AND 44-6-104, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 30-23-101, MCA, is amended to read:

“30-23-101. Short title – legislative findings and declaration of purpose. (1) This part may be cited as the “Genetic Information Privacy Act”.

(2) *The legislature finds and declares that:*

(a) *(i) the people of Montana regard their privacy as a fundamental right and an essential element of individual freedom; and*

(ii) Article II, section 10, of the Montana constitution protects individuals’ privacy, and fundamental privacy rights have long been, and continue to be, integral to protecting Montanans;

(b) ongoing advances in technology have produced exponential growth in the volume and variety of personal data being generated, collected, stored, and analyzed, and these advances present both great promise and potential risks;

(c) technology that collects data about the user’s bodily and mental functions is transforming the volume and sensitivity of personal data collected from individuals and stored by companies;

(d) neurotechnologies, including devices capable of recording, interpreting, and altering the response of an individual’s central or peripheral nervous system to its internal or external environment, raise particularly pressing privacy concerns given their ability to monitor, decode, and manipulate brain activity;

(e) data concerning the activity of the human brain and wider nervous systems, or “neurotechnology data”, is extremely sensitive and can reveal intimate information about individuals, including information about health, mental states, emotions, and cognitive functioning;

(f) each human brain is unique, meaning that neural data is specific to the individual from whom it is collected. Because neurotechnology data contains distinctive information about the structure and functioning of individual brains and nervous systems, it contains sensitive information that may link the data to an identified or identifiable individual.

(g) the collection of neurotechnology data involves the involuntary disclosure of information. Even if individuals consent to the collection and processing of their data for narrow use, they are unlikely to be fully aware of the content or quality of information they are sharing.

(h) neurotechnology users cannot decide what specific neurotechnology information they would like to disclose, and they are unlikely to understand the extent to which their neurotechnology data can be decoded, currently or in the future. Neurotechnologies can collect and process information about an individual that the individual did not even know existed.

(i) neurotechnologies that are deployed in medical settings or otherwise utilize the surgical implantation of invasive devices are typically regulated as medical tools that produce health information. Both invasive and noninvasive wearable neurotechnologies used in medical settings are also regulated by health data privacy laws. However, when noninvasive neurotechnologies are used outside of medical settings, they are generally considered consumer products and operate without regulation or data protection standards.”

Section 2. Section 30-23-102, MCA, is amended to read:

“30-23-102. Definitions. As used in this part, unless the context clearly indicates otherwise, the following definitions apply:

(10) (a) “Neurotechnology data” means information that is captured by neurotechnologies, is generated by measuring the activity of an individual’s central or peripheral nervous systems, or is data associated with neural activity,

which means the activity of neurons or glial cells in the central or peripheral nervous system, and that is not nonneural information.

(b) The term does not include nonneural information, which means information about the downstream physical effects of neural activity, including by not limited to pupil dilation, motor activity, and breathing rate.

~~(9)~~⁽¹¹⁾ “Person” means an individual, partnership, corporation, association, business, business trust, or legal representative of an organization.

(ii) the entity:

(A) takes administrative and technical measures to ensure the data cannot be associated with a particular consumer;

(B) maintains and uses data in deidentified form and does not attempt to reidentify data; and

(C) enters a legally enforceable contractual obligation that prohibits a recipient of the data from attempting to reidentify the data.

~~(2) Beginning June 1, 2025, any~~ Any collection, storage, use, or dissemination of genetic or *neurotechnology* data by a governmental agency must be performed in accordance with a specific state law or executed through a search warrant or *investigative subpoena issued pursuant to 46-4-301.*”

(3) For the purposes of this section, the following definitions apply:

(a) "Consumer DNA database" means a database maintained by a private entity that provides direct-to-consumer genetic testing services.

(b) "DNA identification index" has the same meaning provided in 44-6-101.

(c) "Familial DNA search" means a search performed of a government or consumer DNA database using specialized software to detect and statistically rank a list of potential candidates in the DNA database who may be a close biological relative to the unknown individual contributing the evidence DNA profile. The specialized software search may be combined with lineage testing to help confirm or refute biological relatedness.

(1) Applications to temporarily lease an appropriation right that comply with the requirements of this section are not subject to the provisions of 85-2-402, 85-2-407, 85-2-408, 85-2-410, or 85-2-436. After obtaining approval pursuant to this section, an appropriator may temporarily lease an appropriation right.

(2) The amount of water leased may not exceed the total consumptive use of the appropriation right. For an irrigation right, the consumptive volume may not exceed 2 acre-feet per acre irrigated.

(3) (a) Each appropriation right leased pursuant to this section:

(i) must have been in use within 5 years prior to the application date;

(ii) may be leased only during the period of diversion for the appropriation right;

(iii) may not be leased for more than 5 years during any consecutive 10-year period;

(5) Storage may be temporarily added during the term of the leased appropriation right if the water is diverted at the original point of diversion and subsequently put to a beneficial use.

(6) This section does not apply to change in an appropriation right that would result in leased water being transported outside Montana. Proposed out-of-state uses are subject to the provisions of 85-2-402.

(7) Water leased pursuant to this section must be measured at the point of diversion by a meter approved by the department. The appropriator shall report the amount of water measured at the end of the year in which the lease occurred or upon request of the department.

(8) An applicant proposing to lease an appropriation right pursuant to this section shall submit an application on a form provided by the department and a fee as established by rule. The application must include:

(a) the name and address of each lessee;

(b) the names of all owners of each appropriation right;

(c) the number of each appropriation right;

(9) Within 10 days of receipt of an application, the department shall provide written notice to potentially affected appropriators identified by the department that are proximate to the point of diversion.

(10) (a) Within 30 days of receipt of an application, the department shall

(i) determine whether the application is correct and complete;

(ii) evaluate whether the application meets the requirements of subsections (2), (3), and (8); and

(iii) approve or deny the application.

(b) The department may approve an application with conditions.

(c) Leased water may not be used until the department approves an application.

(11) (a) For a period of 30 days from a date an application is authorized pursuant to subsection (10), the department shall accept correct and complete objections to a proposed lease from a person whose property, water rights, or interests would be adversely affected by the proposed appropriation. The objection must be made on a form provided by the department.

(b) Within 5 business days of receipt of a correct and complete objection, the department shall determine whether the objection is valid. A valid objection must contain facts indicating that the rights of other appropriators would be

adversely affected by the lease of the appropriation right. If the department determines that an objection is valid, the authorization of the lease is suspended and no water may be put to beneficial use pursuant to the lease.

(c) (i) The owner of an appropriation right whose authorization is suspended under subsection (11)(b) may request a hearing on the objection pursuant to the informal proceedings provided for in 2-4-604 within 15 days of notice of the suspension. At the hearing, the owner of the appropriation right has the burden of proof to prove lack of adverse effects.

(ii) If the owner proves by a preponderance of the evidence that the water rights of other appropriators will not be adversely affected by the lease, the department shall issue an order reinstating the authorization for the beneficial use of the leased appropriation right.

(iii) If the department determines that the water rights of other appropriators have been or will be adversely affected by the lease, the department may revoke the authorization or modify its approval with necessary terms, conditions, restrictions, or limitations.

(d) A person who purposely, with malicious intent, causes the suspension of a temporary lease pursuant to this section through an objection found invalid and frivolous is, upon conviction, guilty of a misdemeanor and shall be fined an amount not to exceed \$500.

(12) Violations of this section are subject to the provisions of 85-2-114 and 85-2-122. This subsection does not limit the remedies available to an appropriator to enjoin or seek damages from the owner of an appropriation right who leased the water or from a lessee.

(13) The department shall report annually to the water policy interim committee provided for in 5-5-231 in accordance with 5-11-210. The report must include the number of leases, the amount of water leased, and the number of irrigated acres taken out of production.

(14) Pursuant to 85-20-1902, the provisions of this section do not apply within the exterior boundaries of the Flathead Indian reservation.

Section 3. Section 85-2-404, MCA, is amended to read:

“85-2-404. Abandonment of appropriation right. (1) If an appropriator ceases to use all or a part of an appropriation right with the intention of wholly or partially abandoning the right or if the appropriator ceases using the appropriation right according to its terms and conditions with the intention of not complying with those terms and conditions, the appropriation right is, to that extent, considered abandoned and must immediately expire.

(2) If an appropriator ceases to use all or part of an appropriation right or ceases using the appropriation right according to its terms and conditions for a period of 10 successive years and there was water available for use, there is a prima facie presumption that the appropriator has abandoned the right for the part not used.

(3) If an appropriator ceases to use all or part of an appropriation right in compliance with a candidate conservation agreement initiated pursuant to 50 CFR 17.32 or because the land to which the water is applied to a beneficial use is contracted under a state or federal conservation set-aside program:

(a) the set-aside and resulting reduction in use of the appropriation right does not represent an intent by the appropriator to wholly or partially abandon the appropriation right or to not comply with the terms and conditions attached to the right; and

(b) the period of nonuse that occurs for part or all of the appropriation right as a result of the contract may not create or may not be added to any previous period of nonuse to create a prima facie presumption of abandonment.

(4) The lease of an existing right pursuant to 85-2-436, *or* a temporary change in appropriation right pursuant to 85-2-407 or 85-2-408, *or a temporary lease of an appropriation right pursuant to [section 1]* does not constitute an abandonment or serve as evidence that could be used to establish an abandonment of any part of the right.

(5) Subsections (1) and (2) do not apply to existing rights until they have been finally determined in accordance with part 2 of this chapter.”

CHAPTER NO. 348

[SB 221]

AN ACT PROVIDING FOR A GREENHOUSE GAS ASSESSMENT UNDER THE MONTANA ENVIRONMENTAL POLICY ACT; REVISING DIRECTIONS FOR ENVIRONMENTAL REVIEWS RELATED TO GREENHOUSE GAS ASSESSMENTS; PROVIDING DEFINITIONS; AMENDING SECTIONS 75-1-201, 75-1-202, AND 75-1-220, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Montana Supreme Court found that the Montana Environmental Policy Act (MEPA) “must be construed in harmony with

the substantive limitations of an agency's applicable regulatory authority" (paragraph 30, *Bitterrooters for Planning, Inc. v. Montana Department of Environmental Quality*, 2017 MT 222, 388 Mont. 453, 401 P.3d 712), but also found that the Legislature granted broad authority to the Department of Environmental Quality (paragraph 53, *Montana Environmental Information Center v. Department of Environmental Quality*, DA 23-0225 (2023)); and

WHEREAS, the Legislature is troubled by the court's overreach and strongly disagrees with the court's Held decision but recognizes that without providing direction and clear statutory sideboard, there will be regulatory uncertainty and unnecessary, expensive, and continued litigation; and

WHEREAS, the earth's climate has never been in stasis, and there are different scientific views of the degree to which human activities are influencing current climatological trends and the degree to which the curtailment of human activities would affect current trends; and

WHEREAS, the court notes that section 75-1-201(4)(a), MCA, clarifies that an "agency may not withhold, deny, or impose conditions on any permit or other authority to act based on" MEPA alone. MEPA thus provides a review process for an agency's permitting consideration; it is not a regulatory enforcement law. MEPA expresses the Legislature's intent that state agencies fully consider all aspects of a proposal and ensure that "the public is informed of the anticipated impacts in Montana of potential state actions" (paragraph 57, *Montana Environmental Information Center v. Department of Environmental Quality*, DA 23-0225 (2023)); and

WHEREAS, the court stipulates that "we did not hold in Held, and do not hold here, that DEQ is required to analyze GHG [greenhouse gas] emissions for every potential state action...nor do we hold that DEQ must regulate GHG emissions in an air quality permit application"; and

WHEREAS, the court further stipulates the department's lack of substantive authority to regulate greenhouse gases and lack of authority to grant or deny a permit based on greenhouse gas emissions does not absolve the agency from conducting analysis of greenhouse gas emissions in a MEPA review (paragraph 58, *Montana Environmental Information Center v. Department of Environmental Quality*, DA 23-0225 (2023)); and

WHEREAS, with the court's recognitions of the regulatory limitations of MEPA to deny a permit based on greenhouse gas emissions analysis and the department's recognition of its "obligation to make an adequate compilation of relevant information, to analyze it reasonably, and to consider all pertinent data," (paragraph 61, *Montana Environmental Information Center v. Department of Environmental Quality*, DA 23-0225 (2023)), the Legislature directs the department to conduct an analysis of greenhouse gas emissions for state actions involving fossil fuel activities; and

WHEREAS, the Legislature stipulates that the greenhouse gas analysis is intended to satisfy the informational requirements under MEPA and that greenhouse gases will not be regulated.

Be it enacted by the Legislature of the State of Montana:

Section 1. Greenhouse gas assessment. (1) Except as provided in 75-1-201(3), a state agency, when conducting an environmental review in accordance with parts 1 through 3 of this chapter:

(a) may conduct a greenhouse gas assessment in accordance with 75-1-201 for a proposed action if the agency determines the assessment is necessary to meet the requirements of parts 1 through 3 of this chapter; or

(b) shall conduct a greenhouse gas assessment in accordance with 75-1-201 for a proposed action that is defined as a fossil fuel activity as provided in 75-1-220.

(2) A greenhouse gas assessment is not required for a proposed action exempted from review under parts 1 through 3 of this chapter or for categorical exclusions as provided in agency rules, programmatic review, or statute.

Section 2. Section 75-1-201, MCA, is amended to read:

“75-1-201. General directions – environmental impact statements.

(1) The legislature authorizes and directs that, to the fullest extent possible:

(a) the policies, regulations, and laws of the state must be interpreted and administered in accordance with the policies set forth in parts 1 through 3;

(b) under this part, all agencies of the state, except the legislature and except as provided in ~~subsections (2) and (3)~~ *subsection (3)*, shall:

(i) use a systematic, interdisciplinary approach that will ensure:

(A) ~~the integrated use of the natural and social sciences and the environmental design arts in planning and in decisionmaking for a state-sponsored project that may have an impact on the Montana human~~ *Montana’s environment* by projects in Montana; and

(B) that in any environmental review that is not subject to subsection (1)(b)(iv), when an agency considers alternatives, the alternative analysis will be in compliance with the provisions of subsections (1)(b)(iv)(C)(I) and (1)(b)(iv)(C)(II) and, if requested by the project sponsor or if determined by the agency to be necessary, subsection (1)(b)(iv)(C)(III);

(ii) identify and develop methods and procedures that will ensure that presently unquantified environmental amenities and values may be given appropriate consideration in decisionmaking for state-sponsored projects, along with economic and technical considerations;

(iii) identify and develop methods and procedures that will ensure that state government actions that may impact ~~the human environment in Montana~~ *Montana’s environment* are evaluated for regulatory restrictions on private property, as provided in subsection (1)(b)(iv)(D);

(iv) include in each recommendation or report on proposals for projects, programs, and other major actions of state government significantly affecting the quality of ~~the human environment in Montana~~ *Montana’s environment* a detailed statement on:

(A) the *proximate* environmental ~~impact~~ *impacts* of the proposed action;

(B) any *proximate* adverse effects on Montana’s environment that cannot be avoided if the ~~proposal~~ *proposed action* is implemented;

(C) alternatives to the proposed action. An analysis of any alternative included in the environmental review must comply with the following criteria:

(I) any alternative proposed must be reasonable, in that the alternative must be achievable under current technology and the alternative must be economically feasible as determined solely by the economic viability for similar projects having similar conditions and physical locations and determined without regard to the economic strength of the specific project sponsor;

(II) the agency proposing the alternative shall consult with the project sponsor regarding any proposed alternative, and the agency shall give due weight and consideration to the project sponsor’s comments regarding the proposed alternative;

(III) the agency shall complete a meaningful no-action alternative analysis. The no-action alternative analysis must include the projected beneficial and adverse environmental, social, and economic impact of the project’s noncompletion.

(D) any regulatory impacts on private property rights, including whether alternatives that reduce, minimize, or eliminate the regulation of private property rights have been analyzed. The analysis in this subsection (1)(b)(iv)(D) need not be prepared if the proposed action does not involve the regulation of private property.

(E) the relationship between local short-term uses of ~~the Montana human~~ *Montana's* environment and the maintenance and enhancement of long-term productivity;

(F) any irreversible and irretrievable commitments of resources that would be involved in the proposed action if it is implemented;

(G) the customer fiscal impact analysis, if required by 69-2-216; and

(H) the details of the beneficial aspects of the proposed project, both short-term and long-term, and the economic advantages and disadvantages of the proposal;

(v) in accordance with the criteria set forth in subsection (1)(b)(iv)(C), study, develop, and describe appropriate alternatives to recommend courses of action in any proposal that involves unresolved conflicts concerning alternative uses of available resources. If the alternatives analysis is conducted for a project that is not a state-sponsored project and alternatives are recommended, the project sponsor may volunteer to implement the alternative. Neither the alternatives analysis nor the resulting recommendations bind the project sponsor to take a recommended course of action, but the project sponsor may agree pursuant to subsection (4)(b) to a specific course of action.

(vi) recognize the potential long-range character of environmental impacts in Montana and, when consistent with the policies of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize cooperation in anticipating and preventing a decline in the quality of Montana's environment;

(vii) make available to counties, municipalities, institutions, and individuals advice and information useful in restoring, maintaining, and enhancing the quality of Montana's environment;

(viii) initiate and use ecological information in the planning and development of resource-oriented projects; and

(ix) assist the legislature and the environmental quality council established by 5-16-101;

(c) prior to making any detailed statement as provided in subsection (1)(b)(iv), the responsible state official shall consult with and obtain the comments of any state agency that has jurisdiction by law or special expertise with respect to any environmental impact involved in Montana and with any Montana local government, as defined in 7-12-1103, that may be directly impacted by the project. The responsible state official shall also consult with and obtain comments from any state agency in Montana with respect to any regulation of private property involved. Copies of the statement and the comments and views of the appropriate state, federal, and local agencies that are authorized to develop and enforce environmental standards must be made available to the governor, the environmental quality council, and the public and must accompany the proposal through the existing agency review processes.

(d) a transfer of an ownership interest in a lease, permit, license, certificate, or other entitlement for use or permission to act by an agency, either singly or in combination with other state agencies, does not trigger review under subsection (1)(b)(iv) if there is not a material change in terms or conditions of the entitlement or unless otherwise provided by law.

(2) (a) ~~Except as provided in subsection (2)(b), an~~ An environmental review conducted pursuant to subsection (1) may ~~not include an evaluation of greenhouse gas emissions and corresponding impacts to the climate in the state or beyond the state's borders a greenhouse gas assessment subject to [section 1].~~ The department of environmental quality shall develop a guidance document for use by state agencies to determine when a greenhouse gas assessment may be necessary. The guidance must include direction on methodologies for completing a greenhouse gas assessment. Prior to finalizing this guidance, the department shall provide public notice of the draft guidance and allow for public comment.

(b) An environmental review conducted pursuant to subsection (1) may include ~~an evaluation~~ an evaluation of the reasonably foreseeable environmental impacts of a proposed action if:

(i) ~~conducted jointly by a state agency and a federal agency to the extent the review of the expanded assessment is required by the federal agency; or~~

(ii) ~~the United States congress amends the federal Clean Air Act to include carbon dioxide emissions as a regulated pollutant.~~

(3) The department of public service regulation, in the exercise of its regulatory authority over rates and charges of railroads, motor carriers, and public utilities, is exempt from the provisions of parts 1 through 3.

(4) (a) The agency may not withhold, deny, or impose conditions on any permit or other authority to act based on parts 1 through 3 of this chapter.

(b) Nothing in this subsection (4) prevents a project sponsor and an agency from mutually developing measures that may, at the request of a project sponsor, be incorporated into a permit or other authority to act.

(c) Parts 1 through 3 of this chapter do not confer authority to an agency that is a project sponsor to modify a proposed project or action.

(5) (a) (i) A challenge to an agency's environmental review under this part may only be brought against a final agency action decision and may only be brought in district court or in federal court, whichever is appropriate. A challenge may only be brought by a person who submits formal comments on the agency's environmental review prior to the agency's final decision, and the challenge must be limited to those issues addressed in those comments.

(ii) Any action or proceeding challenging a final agency action alleging failure to comply with or inadequate compliance with a requirement under this part must be brought within 60 days of the action that is the subject of the challenge.

(iii) For an action taken by the board of land commissioners or the department of natural resources and conservation under Title 77, "final agency action" means the date that the board of land commissioners or the department of natural resources and conservation issues a final environmental review document under this part or the date that the board approves the action that is subject to this part, whichever is later.

(b) Any action or proceeding under subsection (5)(a)(ii) must take precedence over other cases or matters in the district court unless otherwise provided by law.

(c) Any judicial action or proceeding brought in district court under subsection (5)(a) involving an equine slaughter or processing facility must comply with 81-9-240 and 81-9-241.

(6) (a) (i) In an action alleging noncompliance or inadequate compliance with a requirement of parts 1 through 3, including a challenge to an agency's decision that an environmental review is not required or a claim that the environmental review is inadequate, the agency shall compile and submit to the court the certified record of its decision at issue. The agency, prior to submitting the certified record to the court, shall assess and collect from the

person challenging the decision a fee to pay for actual costs to compile and submit the certified record. Except as provided in subsection (6)(b), the person challenging the decision has the burden of proving the claim by clear and convincing evidence contained in the record.

~~(ii) An action alleging noncompliance or inadequate compliance with a requirement of parts 1 through 3, including a challenge to an agency's decision that an environmental review is not required or a claim that the environmental review is inadequate based in whole or in part upon greenhouse gas emissions and impacts to the climate in Montana or beyond Montana's borders, cannot vacate, void, or delay a lease, permit, license, certificate, authorization, or other entitlement or authority unless the review is required by a federal agency or the United States congress amends the federal Clean Air Act to include carbon dioxide as a regulated pollutant.~~

~~(iii)(i)~~(ii) Except as provided in subsection (6)(b), in a challenge to the agency's decision or the adequacy of an environmental review, a court may not consider any information, including but not limited to an issue, comment, argument, proposed alternative, analysis, or evidence, that was not first presented to the agency for the agency's consideration prior to the agency's decision or within the time allowed for comments to be submitted.

~~(iv)(ii)~~(iii) Except as provided in subsection (6)(b), the court shall confine its review to the record certified by the agency. The court shall affirm the agency's decision or the environmental review unless the court specifically finds that the agency's decision was arbitrary and capricious.

~~(v)(iv)~~(iv) A customer fiscal impact analysis pursuant to 69-2-216 or an allegation that the customer fiscal impact analysis is inadequate may not be used as the basis of an action challenging or seeking review of the agency's decision.

(b) (i) When a party challenging the decision or the adequacy of the environmental review or decision presents information not in the record certified by the agency, the challenging party shall certify under oath in an affidavit that the information is new, material, and significant evidence that was not publicly available before the agency's decision and that is relevant to the decision or the adequacy of the agency's environmental review.

(ii) If upon reviewing the affidavit the court finds that the proffered information is new, material, and significant evidence that was not publicly available before the agency's decision and that is relevant to the decision or to the adequacy of the agency's environmental review, the court shall remand the new evidence to the agency for the agency's consideration and an opportunity to modify its decision or environmental review before the court considers the evidence as a part of the administrative record under review.

(iii) If the court finds that the information in the affidavit does not meet the requirements of subsection (6)(b)(i), the court may not remand the matter to the agency or consider the proffered information in making its decision.

(c) (i) The remedies provided in this section for successful challenges to a decision of the agency or the adequacy of the statement are exclusive.

(ii) Notwithstanding the provisions of 27-19-201 and 27-19-314, a court having considered the pleadings of parties and intervenors opposing a request for a temporary restraining order, preliminary injunction, permanent injunction, or other equitable relief may not enjoin the issuance or effectiveness of a license or permit or a part of a license or permit issued pursuant to Title 75 or Title 82 unless the court specifically finds that the party requesting the relief is more likely than not to prevail on the merits of its complaint given the uncontroverted facts in the record and applicable law and, in the absence of a

temporary restraining order, a preliminary injunction, a permanent injunction, or other equitable relief, that the:

(A) party requesting the relief will suffer irreparable harm in the absence of the relief;

(B) issuance of the relief is in the public interest. In determining whether the grant of the relief is in the public interest, a court:

(I) may not consider the legal nature or character of any party; and

(II) shall consider the implications of the relief on the local and state economy and make written findings with respect to both.

(C) relief is as narrowly tailored as the facts allow to address both the alleged noncompliance and the irreparable harm the party asking for the relief will suffer. In tailoring the relief, the court shall ensure, to the extent possible, that the project or as much of the project as possible can go forward while also providing the relief to which the applicant has been determined to be entitled.

(d) The court may issue a temporary restraining order, preliminary injunction, permanent injunction, or other injunctive relief only if the party seeking the relief provides a written undertaking to the court in an amount reasonably calculated by the court as adequate to pay the costs and damages sustained by any party that may be found to have been wrongfully enjoined or restrained by a court through a subsequent judicial decision in the case, including but not limited to lost wages of employees and lost project revenues for 1 year. If the party seeking an injunction or a temporary restraining order objects to the amount of the written undertaking for any reason, including but not limited to its asserted inability to pay, that party shall file an affidavit with the court that states the party's income, assets, and liabilities in order to facilitate the court's consideration of the amount of the written undertaking that is required. The affidavit must be served on the party enjoined. If a challenge for noncompliance or inadequate compliance with a requirement of parts 1 through 3 seeks to vacate, void, or delay a lease, permit, license, certificate, or other entitlement or authority, the party shall, as an initial matter, seek an injunction related to a lease, permit, license, certificate, or other entitlement or authority, and an injunction may only be issued if the challenger:

(i) proves there is a likelihood of succeeding on the merits;

(ii) proves there is a violation of an established law or regulation on which the lease, permit, license, certificate, or other entitlement or authority is based; and

(iii) subject to the demonstration of the inability to pay, posts the appropriate written undertaking.

(e) An individual or entity seeking a lease, permit, license, certificate, or other entitlement or authority to act may intervene in a lawsuit in court challenging a decision or statement by a department or agency of the state as a matter of right if the individual or entity has not been named as a defendant.

(f) Attorney fees or costs may not be awarded to the prevailing party in an action alleging noncompliance or inadequate compliance with a requirement of parts 1 through 3.

(7) For purposes of judicial review, to the extent that the requirements of this section are inconsistent with the provisions of the National Environmental Policy Act, the requirements of this section apply to an environmental review or any severable portion of an environmental review within the state's jurisdiction that is being prepared by a state agency pursuant to this part in conjunction with a federal agency proceeding pursuant to the National Environmental Policy Act.

(8) The director of the agency responsible for the determination or recommendation shall endorse in writing any determination of significance

made under subsection (1)(b)(iv) or any recommendation that a determination of significance be made.

(9) A project sponsor may request a review of the significance determination or recommendation made under subsection (8) by the appropriate board, if any. The appropriate board may, at its discretion, submit an advisory recommendation to the agency regarding the issue. [SB 70]

AN ACT GENERALLY REVISING LAWS RELATED TO CONDITIONS OF PROBATION; ALLOWING FOR A PROBATION AND PAROLE OFFICER TO REMOVE A CONDITION OF SUPERVISION WITHOUT OBJECTION; REQUIRING VICTIM NOTIFICATION; AND AMENDING SECTIONS 46-18-203 AND 46-23-1011, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-18-203, MCA, is amended to read:

“46-18-203. Revocation of suspended or deferred sentence. (1) Upon the filing of a petition for revocation showing probable cause that the offender has violated any condition of a sentence, any condition of a deferred imposition of sentence, or any condition of supervision after release from imprisonment

imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-625(4), or 45-5-711, the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation and parole officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court either before the period of suspension or deferral has begun or during the period of suspension or deferral but not after the period has expired. Expiration of the period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay and no more than 60 days after arrest, the offender must be brought before the judge, and at least 10 days prior to the hearing the offender must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the offender's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified unless:

(a) the offender admits the allegations and waives the right to a hearing; or

(b) the sentencing court, the probationer, or the county attorney in the sentencing jurisdiction has not objected to the removal of a condition of supervision pursuant to 46-23-1011 and the department of corrections notifies the victim of the change, using any available contact information at the time the other parties are notified; or

~~(b)~~(c) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection ~~(5)(b)~~ (5)(c).

(6) (a) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of:

(i) the terms and conditions of the suspended or deferred sentence; or

(ii) a condition of supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-625(4), or 45-5-711.

(b) However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence by committing either a compliance ~~violations~~ violation or a noncompliance ~~violations~~ violation, or both, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions, which may include placement in:

(A) a secure facility designated by the department for up to 9 months; or

(B) a community corrections facility or program designated by the department for up to 9 months, including but not limited to placement in a prerelease center, sanction or hold bed, transitional living program, enhanced supervision program, relapse intervention bed, chemical dependency treatment, or 24/7 sobriety program;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any sentence that could have been imposed that does not include a longer imprisonment or commitment term than the original sentence; or

(iv) if the sentence was deferred, impose any sentence that might have been originally imposed.

(b) If a suspended or deferred sentence is revoked, the judge shall consider any elapsed time, consult the records and recollection of the probation and parole officer, and allow all of the elapsed time served without any record or recollection of violations as a credit against the sentence. If the judge determines that elapsed time should not be credited, the judge shall state the reasons for the determination in the order. Credit must be allowed for time served in a detention center or for home arrest time already served.

(c) If the judge finds that the offender has not violated a term or condition of a suspended or deferred sentence, the judge is not prevented from setting, modifying, or adding conditions of probation as provided in 46-23-1011.

(8) If the judge finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the offender, if in custody, must be immediately released.

(9) All sanction and placement decisions must be documented in the offender's file.

(10) As used in this section:

(a) "absconding" means when an offender deliberately makes the offender's whereabouts unknown to a probation and parole officer or fails to report for the purposes of avoiding supervision, and reasonable efforts by the probation and parole officer to locate the offender have been unsuccessful; and

(b) "compliance violation" means a violation of the conditions of supervision that is not:

(i) a new criminal offense;

(ii) possession of a firearm in violation of a condition of probation;

(iii) behavior by the offender or any person acting at the offender's direction that could be considered stalking, harassing, or threatening the victim of the offense or a member of the victim's immediate family or support network;

(iv) absconding; or

(v) failure to enroll in or complete a required sex offender treatment program or a treatment program designed to treat violent offenders.

(11) The provisions of this section apply to any offender whose suspended or deferred sentence is subject to revocation regardless of the date of the offender's conviction and regardless of the terms and conditions of the offender's original sentence."

Section 2. Section 46-23-1011, MCA, is amended to read:

"46-23-1011. Supervision on probation – removal of condition of supervision. (1) The department shall supervise probationers during their probation period, including supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-625(4), or 45-5-711, in accord with the conditions set by a sentencing judge. If the sentencing judge did not set conditions of probation at the time of sentencing, the court shall, at the request of the department, hold a hearing and set

conditions of probation. The probationer must be present at the hearing. The probationer has the right to counsel as provided in chapter 8 of this title.

(2) If the probationer is being supervised for a sexual offense as defined in 46-23-502, the conditions of probation may require the probationer to refrain from direct or indirect contact with the victim of the offense or an immediate family member of the victim. If the victim or an immediate family member of the victim requests to the department that the probationer not contact the victim or immediate family member, the department shall request a hearing with a sentencing judge and recommend that the judge add the condition of probation. If the victim is a minor, a parent or guardian of the victim may make the request on the victim's behalf.

(3) A copy of the conditions of probation must be signed by the probationer. The department may require a probationer to waive extradition for the probationer's return to Montana.

(4) The probation and parole officer shall regularly advise and consult with the probationer using effective communication strategies and other evidence-based practices to encourage the probationer to improve the probationer's condition and conduct and shall inform the probationer of the restoration of rights on successful completion of the sentence.

(5) (a) The probation and parole officer may recommend and a judge may modify or add any condition of probation or suspension of sentence at any time.

(b) The probation and parole officer shall provide the county attorney in the sentencing jurisdiction with a report that identifies the conditions of probation and the reason why the officer believes that the judge should modify or add the conditions.

(c) The county attorney may file a petition requesting that the court modify or add conditions as requested by the probation and parole officer.

(d) The court may grant the petition if the probationer does not object. If the probationer objects to the petition, the court shall hold a hearing pursuant to the provisions of 46-18-203.

(6) (a) *The probation and parole officer may submit the intent to remove a condition of supervision by notifying the sentencing court, the probationer, and the county attorney in the sentencing jurisdiction in writing of the condition of supervision to be removed. If no objection pursuant to subsection (6)(b) occurs, the condition is removed.*

(b) *If the sentencing court, the probationer, or the county attorney in the sentencing jurisdiction objects within 14 days to the probation and parole officer's notification of intent to remove a condition of supervision, the court shall hold a hearing as provided in 46-18-203.*

(c) *To reinstate a condition of supervision that was removed pursuant to subsection (6)(a), the probation and parole officer shall notify the sentencing court, the probationer, and the county attorney in the sentencing jurisdiction in writing.*

(d) *If a condition of supervision removed or reinstated under this subsection (6) affects restitution and interest to the victim, as provided in 46-18-241 through 46-18-249, or if the removed or reinstated condition affects direct or indirect contact with the victim, as provided in 46-24-203, or both, the county attorney in the sentencing jurisdiction shall make reasonable efforts to notify the victim by providing a copy of the notice described in subsection (6)(a).*

(e)(7) Except as they apply to supervision after release from imprisonment imposed pursuant to 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-625(4), or 45-5-711, the provisions of 46-18-203(7)(a)(ii) do not apply to this section.

~~(f)~~(8) The probationer shall sign a copy of new, *removed, reinstated*, or modified conditions of probation. The court may waive or modify a condition of restitution only as provided in 46-18-246.

~~(6)~~(9) Based on the risk and needs of each individual as determined by the individual's most recent risk and needs assessment, the probation and parole officer shall notify the probationer of eligibility for conditional discharge from supervision when a probationer is in compliance with the conditions of supervision when:

(a) under the women's risks and needs assessment:

- (i) a low-risk probationer has served 9 months;
- (ii) a moderate-risk probationer has served 12 months;

~~(7)~~(10) The probationer, the probationer's attorney, or the prosecutor may file a motion recommending conditional discharge. The motion must set forth the following:

- (b) whether the department of corrections supports or opposes the motion.

~~(8)~~(11) The motion must be served on the county attorney serving in the county of the presiding district court. The movant does not need to file an accompanying brief as otherwise required by Rule 2 of the Montana Uniform District Court Rules.

(iii) the victim may appear and testify at any hearing held on the motion.

~~(10)~~(13) (a) The court may hold a hearing on the motion. A judge may conditionally discharge a probationer from supervision before expiration of the probationer's sentence if:

(B) will not present unreasonable risk of danger to the victim of the offense; and

(ii) the offender has paid all restitution and court-ordered financial obligations in full.

(b) Subsection ~~(10)~~(a) (13)(a) does not prohibit a judge from revoking the order suspending execution or deferring imposition of sentence, as provided in 46-18-203, for a probationer who has been conditionally discharged from supervision."

(c) prevent the occupancy of ~~such the~~ building, structure, or land; or ~~to~~

(d) prevent any illegal act, conduct, business, or use in or ~~about such near~~ *the* premises.

(3) In interpreting a use and in determining whether a use violates this part or a resolution adopted under this part, any ambiguity or uncertainty in the zoning regulations as to whether the use is in violation must be interpreted in favor of the use in question.”

Section 7. Continuation of nonconforming uses. (1) The zoning regulations must allow for the nonconforming use of land or buildings legal at the time or prior to the time that a zoning regulation or amendment to the regulation is adopted, but the local government may provide grounds for discontinuing nonconforming uses based on changes to or abandonment of the use of the land or buildings after the adoption of a zoning regulation or amendment.

(2) Any ambiguity or uncertainty *in the zoning regulations* as to whether a nonconforming use is allowed or whether the use was allowed when it was commenced must be interpreted in favor of the ~~free use of property~~ *in question*.

(6) (a) The zoning regulations and map must identify areas that may necessitate the denial of a development or a specific type of development, such as unmitigable natural hazards, insufficient water supply, inadequate drainage, lack of access, inadequate public services, or the excessive expenditure of public funds for the supply of the services.

(b) The regulations must prohibit development in the areas identified in subsection (6)(a) unless the hazards or impacts may be eliminated or overcome

by approved construction techniques or other mitigation measures identified in the zoning regulations.

If the hazards cannot be mitigated, the zoning regulations and map must identify those areas where future development is limited or prohibited.

(8) (a) The zoning regulations must allow for the continued use of land or buildings legal at the time that any zoning regulation, map, or amendment ~~thereto~~ of these is adopted, but the local government may provide grounds for discontinuing nonconforming uses based on changes to or abandonment of the use of the land or buildings after the adoption of a zoning regulation, map, or amendment.

Section 3. Coal severance tax bonds authorized. (1) The legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific, approved, renewable resource projects as part of the state renewable resource grant and loan program. Available funds from previous sales of coal severance tax bonds, plus any additional principal amount on bonds as may be necessary, pursuant to the conditions described in 85-1-605, to fund emergency loans, as authorized and approved in accordance with 85-1-605(4), may also be used for the projects approved in [sections 1 and 2]. The board of examiners is authorized to issue coal severance tax bonds in an amount not to exceed \$121,198,444 in the biennium beginning July 1, 2025, of which up to \$12,119,844 is to be used to establish a reserve for the bonds. Proceeds of the bonds are appropriated to the department of natural resources and conservation for financing the projects identified in [sections 1 and 2] and may be used as authorized in 85-1-605(4). Loans made under 85-1-605(4) must bear interest at the rate borne by the state bonds unless the legislature in a subsequent session provides for a lower interest rate, in which case the rate must be reduced to the rate specified by the legislature.

(2) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The board of examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(3) Earnings on the bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the natural resources projects state special revenue account established in 15-38-302.

(4) Loan repayments from loans financed with coal severance tax bonds are pledged, dedicated, and appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under this section.

Section 4. Condition of loans. (1) Disbursement of funds under [sections 1 through 3] for loans is subject to the following conditions that must be met by project sponsors:

(a) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(b) documented commitment of other funds required for project completion;

(c) satisfactory completion of conditions described in the recommendations section of the project narrative in the renewable resource grant and loan program project evaluations and recommendations report;

(d) execution of a loan agreement with the department of natural resources and conservation; and

(e) completion of other specific requirements considered necessary by the department of natural resources and conservation to accomplish the purpose of the loan as evidenced from the application to the department or from the proposal to the legislature.

(2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay to the department of natural resources and

conservation a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

Section 5. Private and discount purchase of loans. Loans to political subdivisions and local government entities pursuant to [sections 1 through 3] and bonds, warrants, and notes issued in evidence of those loans may be made, purchased by, and sold to the department of natural resources and conservation at a discount and at a private negotiated sale, notwithstanding the provisions of any other law applicable to political subdivisions or local government entities.

Section 6. Appropriations established. For any entity of state government that receives a loan under [sections 1 through 3], an appropriation is established for the amount of the loan upon award of the loan by the department of natural resources and conservation for the biennium beginning July 1, 2025.

Section 7. Creation of state debt – two-thirds vote required – appropriation of coal severance tax – three-fourths vote required – bonding provisions. (1) Because [section 3] authorizes the creation of state debt, Article VIII, section 8, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage.

(2) The legislature, through the enactment of [sections 1 through 7] by a vote of three-fourths of the members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution, pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [section 3] to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of [sections 1 through 7] and the general resolution for this bond program that has been adopted by the board of examiners under the authority provided in Title 17, chapter 5, part 7.

Section 8. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each federally recognized tribal government in Montana.

Section 9. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 10. Effective date. [This act] is effective July 1, 2025.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 13], the following definitions apply:

(1) “Air ambulance services” means ambulance services provided by aircraft as defined in 50-6-302.

(2) (a) “Ambulance provider” means a person licensed pursuant to 50-6-306.

(b) The term does not include:

(i) an entity that exclusively provides air ambulance services;

(ii) an entity operated by the United States, an Indian tribe, or any facility authorized under the Indian Health Care Improvement Act; or

(iii) a public ambulance provider.

(3) “Assessment fee” means the ambulance provider assessment fee as provided in [section 2].

(4) “Department” means the department of revenue provided for in 2-15-1301.

(5) “Emergency ambulance services” means any service delivered by an ambulance provider other than air ambulance services.

(6) (a) “Net operating revenue” means gross revenue collected by ambulance providers for the delivery of emergency ambulance services, minus amounts deducted for bad debt, charity care, and payer discounts.

(b) The term does not include nonpatient service-related revenue.

(7) “Public ambulance provider” means an ambulance provider that is incorporated under Title 7.

Section 2. Ambulance provider assessment fee. (1) Each ambulance provider shall pay to the department a uniform assessment fee of 5.75% of net operating revenues.

(2) After the administration costs of the department are deducted, the department shall deposit the remaining proceeds from collection of the assessment fee in the ambulance provider special revenue account provided for in [section 14].

Section 3. Relation to other taxes and fees. The assessment fee imposed under [section 2] is, in addition to any other taxes and fees, required to be paid by ambulance providers.

Section 4. Rulemaking authority. The department may adopt rules necessary to administer [sections 1 through 13].

Section 5. Reporting and collection of assessment fee. (1) On or before June 30 each year, an ambulance provider shall file with the department a report of its net operating revenue received during the previous calendar year. The report must be:

(a) in the form prescribed by the department; and

(b) accompanied by a payment in an amount equal to the assessment fee required to be paid under [section 2].

(2) Revenue received for all emergency ambulance services provided during the calendar year must be included in the calculation of the ambulance provider's net operating revenue regardless of the source of payment for the services rendered, including services covered under fee-for-service and managed care arrangements.

(3) In the case of a transfer of ownership, the successor in interest to the ambulance provider assumes the liability for the assessment fee.

Section 6. Audit – records. (1) The department may audit the records and other documents of an ambulance provider to ensure that the proper assessment fee has been collected.

(2) The department may require the ambulance provider to provide records and other documentation, including books, ledgers, and registers, necessary for the department to verify the proper amount of the assessment fee paid.

(3) An ambulance provider shall maintain and make available for inspection by the department sufficient records and other documentation to demonstrate how the ambulance provider's net operating revenue was calculated. The ambulance provider shall maintain the records for at least 5 years from the date the report is due.

Section 7. Periods of limitation. (1) Except as otherwise provided in this section, a deficiency may not be assessed or collected with respect to the year for which a report is filed unless the notice of additional fees proposed to be assessed is mailed within 5 years from the date the report was filed. For the purposes of this section, a report filed before the last day prescribed for filing is considered filed on the last day. If, before the expiration of the period prescribed for the assessment of the fees, the ambulance provider consents in writing to an assessment after the 5-year period, the fees may be assessed at any time prior to the expiration of the period agreed on.

(2) A refund or credit may not be paid or allowed with respect to the year for which a report is filed after 5 years from the last day prescribed for filing the report or after 1 year from the date of the overpayment, whichever period expires later, unless before the expiration of the period, the ambulance provider files a claim or the department has determined the existence of the overpayment and has approved the refund or credit. If the ambulance provider has agreed in writing under the provisions of subsection (1) to extend the time within which the department may propose an additional assessment, the period for filing a claim for a refund or credit or for allowing a refund or credit if no claim is filed, is automatically extended.

Section 8. Penalty and interest for delinquent fee. If an ambulance provider does not pay the required assessment fee on or before the due date of the report as provided in [section 5], penalty and interest, as provided in 15-1-216, must be added to the assessment fee.

Section 9. Estimated assessment fee on failure to file. For the purposes of ascertaining the correctness of any report, the department may:

(1) examine or cause to have examined by a designated agent or representative any books, papers, records, or memoranda bearing on the information required to be included in the report;

(2) require the attendance of any officer or employee of the ambulance provider making the report or the attendance of any other persons having relevant knowledge; and

(3) take testimony and require the production of any other material for its information.

Section 10. Deficiency assessment – penalty and interest – hearing. (1) (a) If the department determines that the amount of the assessment fee due is greater than the amount disclosed by the report, it shall mail the ambulance provider a notice of the additional fees proposed to be assessed. Within 30 days after the mailing of the notice, the ambulance provider may file with the department a written protest against the proposed additional fees stating the grounds on which the protest is based. The ambulance provider may request in its protest an oral hearing or an opportunity to present additional evidence relating to its fee liability.

(b) If a protest is not filed, the amount of the additional fees proposed to be assessed becomes final on the expiration of the 30-day period.

(c) If a protest is filed, the department shall reconsider the proposed assessment and, if the ambulance provider has requested, shall grant the provider an oral hearing. After consideration of the protest and the evidence presented at an oral hearing, the department's action on the protest is final when it mails notice of its action to the ambulance provider.

(2) When a deficiency is determined and the fees become final, the department shall mail a notice and demand to the ambulance provider for payment. Penalty and interest may be added to any deficiency assessment as provided in 15-1-216.

Section 11. Closing agreements. (1) The director of the department or a person authorized in writing by the director may enter into an agreement with an ambulance provider relating to the liability of the provider in respect to fees imposed by [sections 1 through 13].

(2) An agreement under this section is final and conclusive, and, except on a showing of fraud, malfeasance, or misrepresentation of a material fact:

(a) the case may not be reopened as to matters agreed on or the agreement modified by an officer, employee, or agent of this state; and

(b) in a suit, action, or proceeding under the agreement or a determination, assessment, collection, payment, abatement, refund, or credit made in accordance with the agreement, the agreement may not be annulled, modified, set aside, or disregarded.

Section 12. Credit for overpayment – interest on overpayment. (1) If the department determines that the amount of fees, penalty, or interest due for any year is less than the amount paid, the amount of the overpayment must be credited against any fees, penalty, or interest then due from the ambulance provider and the balance must be refunded to the ambulance provider or its successor through reorganization, merger, or consolidation or to its shareholders on dissolution.

(2) Except as provided in subsection (3), interest is allowed on overpayments at the same rate as is charged on unpaid taxes, as provided in 15-1-216. Interest is due from the due date of the report or from the date of overpayment, whichever date is later, to the date the department approves refunding or crediting of the overpayment. Interest does not accrue during a period during which the processing of a claim for refund is delayed more than 30 days by reason of failure of the ambulance provider to furnish information requested by the department for the purpose of verifying the amount of the overpayment.

(3) Interest is not allowed:

(a) if the overpayment is refunded within 6 months from the date the report is due or from the date the return is filed, whichever is later; or

(b) if the amount of interest is less than \$1.

(4) A payment not made incident to a discharge of actual ambulance provider assessment fee liability or payment reasonably assumed to be imposed under [sections 1 through 13] is not considered an overpayment with respect to which interest is allowable.

Section 13. Warrant for distraint. If the assessment fee is not paid when due, the department may issue a warrant for distraint as provided in Title 15, chapter 1, part 7.

Section 14. Ambulance medicaid reimbursement special revenue account -- statutory appropriation. (1) There is an ambulance medicaid reimbursement account in the state special revenue account provided for in 17-2-102 to the credit of the department of public health and human services.

(2) The account consists of:

(b) any penalties and interest on penalties collected pursuant to [sections 1 through 13];

(c) other money authorized by the legislature to be credited to the account; and

(d) income earned on the account.

(3) Money in the account must be used by the department of public health and human services as follows:

(b) to fund personal services for the department of revenue for implementing [this act]; and

(c) to provide funding no later than June 30 September 30 of each year for increases in medicaid payments to emergency ambulance services up to the average commercial rate for the service and for the cost of collection of the fees and other administrative activities associated with the implementation of increases in the medicaid payments to ambulance providers.

(4) Money remaining in the account at the end of a fiscal year may not be expended or transferred for any other purpose except as provided in subsection (3)(a).

(5) Money in the account is statutorily appropriated, as provided in 17-7-502, for the purposes provided for in this section.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-15-4291, MCA, is amended to read:

"7-15-4291. Voluntary agreement to remit unused portion of urban renewal district tax increments. (1) Subject to subsections (2) through (5), a local government with an urban renewal district containing a tax increment provision may enter into an agreement to remit any portion of the annual tax increment not currently required for the payment of the costs listed in 7-15-4288 or pledged to the payment of the principal of premiums, if any, and interest on the bonds referred to in 7-15-4289. The remittance agreement must:

(a) provide for remittance to each taxing jurisdiction for which the mill rates are included in the calculation of the tax increment as provided in 7-15-4286(1) and (2); and

(b) require that the remittance be proportional to the taxing jurisdiction's share of the total mills levied.

(2) Any portion of the increment remitted to a school district pursuant to 7-15-4286(3) or this section:

(a) must be used to reduce property taxes or designated as operating reserve pursuant to 20-9-104 for the fiscal year following the fiscal year in which the remittance was received;

(b) must be deposited in one or more of the following funds that has a mill levy for the current school year, subject to the provisions of Title 20 and this section:

- (i) general fund;
- (ii) bus depreciation reserve fund;
- (iii) debt service fund;
- (iv) building reserve fund;
- (v) technology acquisition and depreciation fund; and
- (c) may not be transferred to any fund.

(3) The remittance will not reduce the levy authority of the school district receiving the remittance in years subsequent to the time period established by subsection (2)(a).

(4) Any portion of the increment remitted to a school district and deposited into the general fund must be designated as operating reserve pursuant to 20-9-104 or used to reduce the BASE budget levy or the over-BASE budget levy in the following fiscal year.

(5) If a school district does not utilize the remitted portion to reduce property taxes or designate the remittance as operating reserve within the time period established by subsection (2)(a), the unused portion must be remitted as follows:

(a) if the area or district is in existence at the time of the remittance, the portion is distributed to the special fund in 7-15-4286(2)(a) and used as provided in 7-15-4282 through 7-15-4294; or

(b) if the area or district is not in existence at the time of the remittance, the portion is distributed pursuant to 7-15-4292(2)(a)."

Section 2. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of property taxes or fees under protest. (1) (a) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested.

(b) The protested payment must:

- (i) be made to the officer designated and authorized to collect it;
- (ii) specify the grounds of protest; and
- (iii) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(c) If the protested property tax or fee is on property that is subject to central assessment pursuant to 15-23-101, the person shall report to the department the grounds of the protest and the amount of the protested payment for each county in which a protested payment was made.

(2) A person appealing a property tax or fee pursuant to Title 15, chapter 2 or 15, including a person appealing a property tax or fee on property that is annually assessed by the department or subject to central assessment pursuant to 15-23-101, shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal or mediation may continue but a tax or fee may not be refunded as a result of the appeal or mediation.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the Montana tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the

right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) (a) Except as provided in subsection (4)(b), all property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state against property that is centrally assessed pursuant to 15-23-101 ~~and any protested taxes on industrial property that is annually assessed by the department in a school district that has elected to waive its right to protested taxes in a specific year pursuant to 15-1-409~~ must be remitted by the county treasurer to the department for deposit as provided in subsections (4)(b)(ii) through ~~(4)(b)(iv)~~ (4)(b)(iii).

(ii) The department shall deposit 50% of that portion of the funds levied for the university system pursuant to 15-10-109 in the state special revenue fund to the credit of the university system, and the other 50% of the funds levied pursuant to 15-10-109 must be deposited in a centrally assessed property tax state special revenue fund.

(iii) Fifty percent of the funds remaining after the deposit of university system funds must be deposited in the state general fund, and the other 50% must be deposited in a centrally assessed property tax state special revenue fund.

~~(iv) Fifty percent of the funds from a school district that has waived its right to protested taxes must be deposited in the state general fund, and the other 50% must be deposited in a school district property tax protest state special revenue fund.~~

(5) (a) Except as provided in ~~subsections (5)(b) and (5)(c)~~ subsection (5)(b), the governing body of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(b) The governing body of a taxing jurisdiction affected by the payment of taxes under protest on property that is centrally assessed pursuant to 15-23-101 or on industrial property that is assessed annually by the department in the first and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled. The decision in a previous year of a taxing jurisdiction to leave protested taxes of centrally assessed property in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled.

(c) ~~The provisions of subsection (5)(b) do not apply to a school district that has elected to waive its right to its portion of protested taxes on centrally assessed property and on industrial property that is assessed annually by the department for that specific year as provided in 15-1-409.~~

(6) (a) If action before the county tax appeal board, Montana tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest fund or the centrally assessed property tax state special revenue fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

(b) (i) If the action is finally determined adversely to the governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date of payment under protest. ~~The department shall refund from the school district property tax protest state special revenue fund the protested portions of property taxes and interest to a taxpayer in a school district in which the school district has elected to waive its right to its portion of protested taxes for that specific year as provided in 15-1-409. If the amount available for the refund in the school district property tax protest state special revenue fund is insufficient to refund the property tax payments, the department shall pay the remainder of the refund from the state general fund.~~

(ii) The taxing jurisdiction shall pay interest at the rate of interest earned by the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then to interest owed, and lastly to costs.

(d) (i) (A) If, after a final determination by the Montana tax appeal board or a court or after settlement of an appeal, the final assessed value of a property that is centrally assessed under 15-23-101 or an industrial property that is annually assessed by the department is less than 75% of the department's original assessed value, the governing body may demand that the state refund from the general fund the protested taxes equivalent to the difference between the final determined assessed value and 75% of the original assessed value.

~~(B) For industrial property under subsection (6)(d)(i)(A) in which the school district has elected to waive its right to its portion of protested taxes for that specific year, the department shall refund from the school district property tax protest state special revenue fund the protested portions of property taxes and interest to a taxpayer.~~

~~(C)(B) The provisions of subsection (6)(d)(i)(A) do not apply to protested taxes for which the taxpayer protests the classification of the property.~~

(ii) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax

payments and costs, for which the taxing jurisdiction is proratably responsible. The treasurer is not responsible for the amount required to be refunded by the state treasurer as provided in subsection (6)(b).

(iii) For an adverse protest action against the state for centrally assessed property, the department shall refund from the centrally assessed property tax state special revenue fund the amount of protested taxes and from the state general fund the amount of interest as required in subsection (6)(b). The amount refunded for an adverse protested action from the centrally assessed property tax state special revenue fund may not exceed the amount of protested taxes or fees required to be deposited for that action pursuant to subsections (4)(b)(ii) and (4)(b)(iii). If the amount available for the adverse protested action in the centrally assessed property tax state special revenue fund is insufficient to refund the tax payments to which the taxpayer is entitled and for which the state is responsible, the department shall pay the remainder of the refund proportionally from the state general fund and from money deposited in the state special revenue fund levied pursuant to 15-10-109.

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction, including the state, is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the rate referred to in subsection (6)(b) from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus 4 percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction, except the state, may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of \$5 or less, a refund is not owed."

Section 5. Section 20-5-323, MCA, is amended to read:

“20-5-323. Tuition and transportation – rates. (1) Except as provided in subsections (2) through (5), whenever a child enrolls in and attends a school outside of the child’s district of residence under the provisions of 20-5-320 or 20-5-321, the district of residence shall pay the district of attendance a percentage equal to the lesser of the percentage of either school district’s adopted general fund budget funded by ~~BASE and~~ over-BASE property tax levies in the year of attendance not to exceed ~~35.3%~~ 20% of the tuition per-ANB amount for the year of attendance as described in 20-5-324.

(2) Except for the tuition paid by the district of residence under 20-5-324(2)(b), the tuition for a child with a disability must be determined under rules adopted by the superintendent of public instruction for the calculation of tuition for special education pupils. The rules must provide:

(a) that tuition amounts must be reduced by the funding generated by the district of attendance due to the child’s attendance; and

(b) an option for tuition set at the actual unique costs of providing a free appropriate public education.

(3) The state-paid tuition rate for out-of-district placement pursuant to 20-5-321(1)(d) and (1)(e) in addition to the tuition paid by the district of residence under 20-5-324(2)(b) for a student without disabilities who requires a program with costs that exceed the average district costs must be determined as the actual individual costs of providing that program according to the following:

(a) the district of attendance and the district or entity responsible for the tuition payments shall approve an agreement for the tuition cost;

(b) for a Montana resident student, 120% of the tuition per-ANB amount, received in the year for which the tuition charges are calculated, must be subtracted from the per-student program costs for a Montana resident student; and

(4) When a child attends a public school of another state or province, the amount of daily tuition may not be greater than the average annual cost for each student in the child's district of residence. This calculation for tuition purposes is determined by totaling all of the expenditures for all of the district budgeted funds for the preceding school fiscal year and dividing that amount by the October 1 enrollment in the preceding school fiscal year. For the purposes of this subsection, the following do not apply:

(a) placement of a child with a disability pursuant to Title 20, chapter 7, part 4;

(6) The amount, if any, charged for transportation may not exceed the lesser of the average transportation cost for each student in the child's district of residence or 35 cents a mile. The average expenditures for the district transportation fund for the preceding school fiscal year must be calculated by dividing the transportation fund expenditures by the October 1 enrollment for the preceding fiscal year.

(7) As used in this section, "tuition per-ANB amount" means the applicable per-ANB maximum rate established in 20-9-306, plus the per-ANB amounts of the instructional block grant and related services block grant under 20-9-321."

(1)(d) and (1)(e) of this section had been enrolled in the resident district in the prior year; and

(iii) reimburse the district of residence for the state portion of the per-ANB entitlement for each student reported in subsections (1)(d) and (1)(e) of this section, not to exceed the district's actual payment of tuition or fees for service for the student in the previous year.

(b) The district of residence for each child reported under the provisions of subsection (1)(a) of this section shall pay the district of attendance the tuition rate under 20-5-323(1) prorated for the actual days of enrollment. The superintendent of public instruction is only responsible for any additional tuition amount pursuant to 20-5-323(2) and (3).

(3) Whenever a child enrolls in and attends a school outside of the child's district of residence under the provisions of 20-5-320 or 20-5-321, by July 15 following the year of attendance, the district of attendance shall notify the district of residence of an obligation under 20-5-323.

(4) (a) (i) When a child attends a school outside the child's district of residence at the resident district's expense under the provisions of 20-5-320 or 20-5-321 or when a child has approval to attend a day-treatment program under an approved individualized education program at a private, nonsectarian school located in or outside of the child's district of residence, the district of residence shall finance any tuition amount required under 20-5-323 from the levy authorized to support the district tuition fund or from the district's general fund or any other legally available fund in the discretion of the trustees and any transportation amount from the levy authorized to support the transportation fund or from the district's general fund or any other legally available fund in the discretion of the trustees.

(ii) By December 31 of the school fiscal year following the year of attendance, the district of residence shall pay at least one-half of any tuition and transportation obligation established under subsection (4)(a)(i). The remaining tuition and transportation obligation must be paid by June 15 of the school fiscal year following the year of attendance.

(iii) In addition to use of a tuition levy to pay tuition for out-of-district attendance of a resident pupil, a school district may also include in its tuition levy an amount necessary to pay for the full costs of providing a free appropriate public education, as defined in 20-7-401, in the district to any child with a disability who lives in the district. The amount of the levy imposed for the costs associated with educating each child with a disability under this subsection (4)(a)(iii) is limited to the actual cost of service under the child's individualized education program minus:

(A) the student's state special education payment;

(B) the student's federal special education payment;

(C) the student's per-ANB amount;

(D) the prorated portion of the district's basic entitlement for each qualifying student; and

(E) the prorated portion of the district's general fund payments in 20-9-327 through 20-9-330 for each qualifying student.

(b) When a child has approval to attend a school outside the child's district of residence because of a parent's or guardian's request under the provisions of 20-5-320 or 20-5-321(1)(c), the parent or guardian of the child is responsible for transportation unless otherwise agreed to in the out-of-district attendance agreement.

(5) (a) Except as provided in subsection (5)(b), the district of attendance shall anticipate and credit tuition receipts to the district general fund, ~~to reduce the general fund net levy requirement first to the BASE budget and any remaining~~

Section 15. Section 20-9-308, MCA, is amended to read:

“20-9-308. BASE budgets and general fund budget limits. (1) The trustees of a district shall adopt a general fund budget that is at least equal to the BASE budget established for the district. The trustees of a district may adopt a general fund budget up to the greater of:

(a) the current year maximum general fund budget; or

(b) the previous year's general fund budget plus any increase in direct state aid for the basic and per-ANB entitlements and any increases in state funding of the data-for-achievement payment under 20-9-325 and in the general fund payments in 20-9-327 through 20-9-330.

(2) (a) Except as provided in subsection (2)(b), whenever the trustees of a district propose to adopt a general fund budget that exceeds the BASE budget for the district and propose to increase the over-BASE budget levy over the highest revenue previously authorized by the electors of the district or imposed by the district in any of the previous 5 years to support the general fund budget, the trustees shall submit a proposition to the electors of the district, as provided in 20-9-353.

(b) The intent of this section is to increase the flexibility and efficiency of elected school boards without increasing school district property taxes. In furtherance of this intent and provided that budget limitations otherwise specified in law are not exceeded, the trustees of a district may increase the district's over-BASE budget levy without a vote if the board of trustees reduces nonvoted property tax levies authorized by law to be imposed by action of the trustees of the district by at least as much as the amount by which the over-BASE budget levy is increased. The ongoing authority for any nonvoted increase in the over-BASE budget levy imposed under this subsection (2)(b) must be decreased in future years to the extent that the trustees of the district impose any increase in other nonvoted property tax levies.

(3) The BASE budget for the district must be financed by the following sources of revenue:

Section 16. Section 20-9-310, MCA, is amended to read:

“20-9-310. Oil and natural gas production taxes for school districts – allocation and limits. (1) Except as provided in subsection (5), the maximum amount of oil and natural gas production taxes that a school district may retain is 130% of the school district's maximum budget, determined in accordance with 20-9-308.

(2) Upon receipt of school district budget reports required under 20-9-134, the superintendent of public instruction shall provide the department of

revenue with a list reporting the maximum general fund budget for each school district.

(3) Except as provided by 15-36-332(9), the department of revenue shall make the full quarterly distribution of oil and natural gas production taxes as required under 15-36-332(6) until the amount distributed reaches the limitation in subsection (1) of this section. The department of revenue shall deposit any amount exceeding the limitation in subsection (1) in the guarantee account provided for in 20-9-622.

(4) ~~(a) Subject to the limitation in subsection (1) and the conditions in subsection (4)(b), the trustees shall budget and allocate the oil and natural gas production taxes anticipated by the district in any budgeted fund at the discretion of the trustees. Oil and natural gas production taxes allocated to the district general fund may be applied to the BASE or over-BASE portions of the general fund budget at the discretion of the trustees.~~

~~(b) Except as provided in subsection (4)(c), if the trustees apply an amount less than 12.5% of the total oil and natural gas production taxes received by the district in the prior school fiscal year to the district's general fund BASE budget for the upcoming school fiscal year, then:~~

~~(i) the trustees shall levy the number of mills required to raise an amount equal to the difference between 12.5% of the oil and natural gas production taxes received by the district in the prior school fiscal year and the amount of oil and natural gas production taxes the trustees budget in the district's general fund BASE budget for the upcoming school fiscal year;~~

~~(ii) the mills levied under subsection (4)(b)(i) are not eligible for the guaranteed tax base subsidy under the provisions of 20-9-366 through 20-9-369; and~~

~~(iii) the general fund BASE budget levy requirement calculated in 20-9-141 must be calculated as though the trustees budgeted 12.5% of the oil and natural gas production taxes received by the district in the prior year and the number of mills calculated in subsection (4)(b)(i) must be added to the number of mills calculated in 20-9-141(2);~~

~~(c) The provisions of subsection (4)(b) do not apply to the following:~~

~~(i) a district that has a maximum general fund budget of less than \$1 million;~~

~~(ii) a district whose oil and natural gas revenue combined with its adopted general fund budget totals 105% or less of its maximum general fund budget;~~

~~(iii) a district that has a maximum general fund budget of \$1 million or more and was eligible for a significant enrollment increase payment pursuant to 20-9-166 in the fiscal year immediately preceding the fiscal year to which the provisions of this subsection (4) would otherwise apply; or~~

~~(iv) a district that has issued outstanding oil and natural gas revenue bonds. Funds received pursuant to this section must first be applied by the district to payment of debt service obligations for oil and natural gas revenue bonds for the next 12-month period.~~

(5) (a) The limit on oil and natural gas production taxes that a school district may retain under subsection (1) must be increased for any school district that was eligible for a significant enrollment increase payment pursuant to 20-9-166. The increase in the limit on oil and natural gas production taxes that a school district may retain under subsection (1) applies in the fiscal year immediately following the fiscal year in which the district was eligible and must be calculated by multiplying \$45,000 times each additional ANB used to calculate the significant enrollment increase payment pursuant to 20-9-166, including the absorption factor reduction.

(b) For a district in nonoperating status under 20-9-505, the maximum amount of oil and natural gas production taxes that a school district may retain is 130% of the school district's maximum budget in the district's most recent operating year, determined in accordance with 20-9-308.

(6) In any year in which the actual oil and natural gas production taxes received by a school district are less than 50% of the total oil and natural gas production taxes received by the district in the prior year, the district may transfer money from any budgeted fund to its general fund in an amount not to exceed the amount of the shortfall."

Section 17. Section 20-9-336, MCA, is amended to read:

"20-9-336. School equalization and property tax reduction account – uses. (1) There is a school equalization and property tax reduction account in the state special revenue fund. Contingent on appropriation by the legislature, money in the account is for distribution to school districts as the second source of funding for state equalization aid as provided in 20-9-343. At fiscal yearend, any fund balance in the account exceeding what was appropriated must be transferred to the guarantee account established in 20-9-622.

(2) The account receives revenue as described in 20-9-331, 20-9-333, and 20-9-360.

(3) Beginning in fiscal year 2025, each December the superintendent of public instruction shall forecast the amount of revenue the account will receive in that fiscal year by dividing the sum of the taxable value of all property in the state reported by the department of revenue pursuant to 20-9-369 by 1,000 to determine a statewide value mill and then multiplying that amount by 95 mills, or the number of mills calculated by the department of revenue under 15-10-420(8) for the applicable fiscal year. If the forecasted amount differs from the amount determined through the same calculation in the prior fiscal year by \$2 million or more and is:

(a) less, then the superintendent shall:

(i) decrease the multiplier used to calculate the statewide ~~elementary and high school guaranteed tax base ratios used for funding BASE budgets~~ *guaranteed tax base ratio for the countywide levy for BASE funding support* under 20-9-366 to the nearest whole number determined by the superintendent to result in a decrease in the amount of guaranteed tax base aid distributed to eligible ~~school districts~~ *counties* equal to 85% of the decrease in the calculated amount between the 2 years; and

(ii) decrease the multiplier used to calculate the statewide elementary and high school mill value per ANB for school retirement guaranteed tax base purposes under 20-9-366 to the nearest whole number determined by the superintendent to result in a decrease in the amount of retirement guaranteed tax base aid distributed to eligible school districts equal to 15% of the decrease in the calculated amount between the 2 years;

(b) more, then the superintendent shall increase the multipliers used in the guaranteed tax base formulas under 20-9-366 and in the formula for school major maintenance aid under 20-9-525 to the nearest whole number by an amount calculated by the superintendent to result in an increase in the amount of guaranteed tax base aid and school major maintenance aid distributed to eligible counties and school districts equal to 55% of the increase in the calculated amount between the 2 years in the following order, with any amount exceeding the caps under subsections (3)(b)(i) through (3)(b)(iii) flowing to the next mechanism:

(i) first, the multiplier used in calculating the statewide mill value per elementary and high school ANB for retirement purposes, not to exceed 305%;

(ii) second, the multiplier used in calculating the amount of state school major maintenance aid support for each dollar of local effort, not to exceed 365%; and

(iii) third, the multiplier used in calculating the facility guaranteed mill value per ANB for school facility entitlement guaranteed tax base purposes, not to exceed 300%.

(4) (a) The adjustments to the multipliers under subsection (3) are applicable to state equalization aid distributions in the fiscal year following the adjustment.

(b) Adjustments to the multipliers made under subsection (3) remain in effect in subsequent years unless further changed under 20-9-366 or subsection (3) of this section or as otherwise provided by law."

Section 18. Section 20-9-366, MCA, is amended to read:

If a county or district receives more guaranteed tax base aid than it is entitled to, the excess must be returned to the state as required by 20-9-344."~~

(i) *first increase the multiplier used to calculate statewide mill value per elementary and high school ANB for retirement purposes under 20-9-366, not to exceed 305%, to the nearest whole number determined by the superintendent to result in an increase in the amount of guaranteed tax base aid distributed to eligible counties as close as mathematically possible to the excess amount determined in subsection (3)(c); and*

(ii) if there is an excess amount remaining after the 305% cap is hit under subsection (3)(c)(i), then:

(A) the superintendent shall increase the percentages of the basic and per-ANB entitlements in 20-9-306(2)(b) and (3)(a) by whole numbers not to exceed 45.3% and 90% respectively, then the multiplier used to calculate the statewide elementary and high school guaranteed tax base ratios used for guaranteed tax base funding for the countywide levy for BASE funding support under 20-9-366 by whole numbers in a manner determined by the superintendent to result in an increase in the amount of guaranteed tax base aid distributed to eligible counties as close as mathematically possible to the excess amount remaining without an increase in the amount of countywide BASE funding levies on a statewide basis; and

(B) in making the calculations under subsection (3)(c)(ii)(A) and in calculating the guaranteed tax base aid ratios under 20-9-366 for the ensuing school fiscal year, the superintendent shall utilize a GTBA budget area for the prior year based on the adjusted percentages of the basic and per-ANB entitlements.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-5-320, MCA, is amended to read:

“20-5-320. Out-of-district attendance by parent or guardian request with no extenuating circumstances. (1) A child may be enrolled in and attend a school in a Montana school district that is outside of the child's district of residence at the request of the child's parent or guardian as described in this section. ~~If the trustees of the district of attendance approve of the child's attendance in a school of the district, the parent or guardian may be responsible for transportation.~~

(2) (a) Whenever a parent or guardian of a child wishes to have the child attend a school under the provisions of this section, the parent or guardian shall apply to the trustees of the district where the child wishes to attend.

(b) The application must be made on an out-of-district attendance agreement form supplied by the district and developed by the superintendent of public instruction. The attendance agreement must set forth the financial obligations, if any, for costs incurred for transporting the child ~~under as provided in 20-5-323 and Title 20, chapter 10. Unless otherwise agreed by the~~

~~district of residence and the district of attendance, the family of a nonresident child whose application for attendance has been approved is responsible for transportation of the child and the child is not an eligible transportee as defined in 20-10-101. The district of attendance may discretionarily provide transportation pursuant to 20-10-122.~~

(c) The trustees of the district of attendance may adopt policies for the application process, including but not limited to reasonable timelines for the submission of applications.

(d) The trustees of the district of attendance shall serve children who are residents of the district and nonresident children seeking enrollment under 20-5-321 prior to enrolling children under this section.

(e) In reviewing and determining whether to approve an application for attendance by a nonresident child, the trustees of the district of attendance shall approve the application unless the trustees find that the impact of approval of the application will negatively impact the quality of education for resident pupils by grade level, by school, or in the district in the aggregate in one or more of the following ways:

(i) the approval would result in exceeding limits of:

(A) building construction standards pursuant to Title 50, chapter 60;

(B) capacity and ingress and egress elements, either by individual room or by school building, of any fire code authorized by Title 50, chapter 3; or

(C) maximum student contact hours for a teacher of the class or maximum class sizes under accreditation standards of the board of public education; or

~~(C)~~*(D)* evacuation elements of the district's adopted school safety plan;

(ii) the approval would impede meeting goals, standards, or objectives of quality that the trustees have previously adopted in a plan for continuous educational improvement required under rules adopted by the board of public education; or

(iii) the approval would risk jeopardizing the educational quality within the district because the nonresident child who is applying was:

(A) truant as defined in 20-5-106 in the last school district attended;

(f) The trustees of a district that receives more applications than the district can accommodate under subsections (2)(e)(i) and (2)(e)(ii) may adopt and implement policy providing priority among the applications on any rational basis that prioritizes the quality of education for students who are residents of the district of attendance and the obligations of resident taxpayers.

(3) This section does not preclude the trustees of a district from approving an attendance agreement for educational program offerings not provided by the resident district, such as the kindergarten or grades 7 and 8 programs, if the trustees of both districts agree to the terms and conditions for attendance and any transportation requirement. The tuition requirements under 20-5-323 and 20-5-324 apply to agreements under this subsection. For purposes of this subsection, the trustees of the resident district shall initiate the out-of-district agreement.

(4) As used in 20-5-320 through 20-5-324, the term "guardian" means the guardian of a minor as provided in Title 72, chapter 5, part 2."

(2) Within 10 days of the initial application for an agreement, the trustees of the district of attendance shall notify the parent or guardian of the child and the trustees of the district of residence involved in the out-of-district attendance agreement of the anticipated date for approval or disapproval of the agreement.

(3) Within 10 days of approval or disapproval of an out-of-district attendance agreement, the trustees of the district of attendance shall:

(a) provide copies of the approved or disapproved attendance agreement to the parent or guardian and to the child’s district of residence. In the case of a disapproval, the trustees shall provide the specific allowable reason for the disapproval pursuant to 20-5-320(2)(e) or 20-5-321(4) and supporting documentation.

(b) for an approved agreement, provide a copy of the completed agreement to the county superintendent of schools of the county of residence; *and* the county superintendent of schools of the county of attendance; ~~and the superintendent of public instruction.~~

(4) If an out-of-district attendance agreement is disapproved or no action is taken, the parent or guardian may appeal the disapproval or lack of action to the county superintendent of the district of attendance and, subsequently, to the superintendent of public instruction under the provisions for the appeal of controversies pursuant to 20-3-107 and 20-3-210.

(5) For purposes of payment under 20-5-324(2), a nonresident student who becomes a resident by reaching 18 years of age during the school year may continue to have tuition paid on the student’s behalf for the duration of the student’s enrollment in the district for that school year.”

“20-5-323. Tuition and transportation – ~~rates~~ – transportation.

(1) (a) Except as provided in subsections (1)(b), (1)(c), and (2) through (5), whenever a child enrolls in and attends a school outside of the child’s district of residence under the provisions of 20-5-320 or 20-5-321, the district of residence shall pay the district of attendance a percentage equal to the lesser of the percentage of either school district’s adopted general fund budget funded by BASE and over-BASE property tax levies in the year of attendance not to exceed 35.3% of the tuition per-ANB amount for the year of attendance as described in 20-5-324.

(b) *If the district of residence is a nonoperating district, the required tuition is the percentage of the adopted general fund budget funded by BASE and over-BASE property taxes in the district of attendance in the year of attendance, not to exceed 35.3% of the tuition per-ANB amount for the year of attendance as described in 20-5-324.*

(c) *Tuition amounts for partial-year attendance, including midyear changes in residency under 1-1-215, must be prorated for the portion of the year the student is enrolled as a nonresident student, based on the percentage calculated by dividing the number of days the student is enrolled by the number of pupil instruction days scheduled by the school district of attendance in the year of attendance.*

(2) Except for the tuition paid by the district of residence *and the superintendent of public instruction* under 20-5-324(2)(b), *the district of residence shall pay the district of attendance as described in 20-5-324 the tuition for a child with a disability, and the amount of tuition must be the regular*

rate under subsection (1), plus the special education tuition rate determined by the district of attendance under rules adopted by the superintendent of public instruction for the calculation of tuition for special education pupils. The rules must provide:

(b) an option for tuition set at the actual unique costs of providing a free appropriate public education.

(3) The state-paid tuition rate for out-of-district placement pursuant to 20-5-321(1)(d) and (1)(e) in addition to the tuition paid by the district of residence under 20-5-324(2)(b) for a student without disabilities who requires a program with costs that exceed the average district costs must be determined as the actual individual costs of providing that program according to the following:

(a) the district of attendance and the district or entity responsible for the tuition payments shall approve an agreement for the tuition cost;

(b) for a Montana resident student, 120% of the tuition per-ANB amount, received in the year for which the tuition charges are calculated, must be subtracted from the per-student program costs for a Montana resident student; and

(c) the maximum tuition rate paid to a district under this subsection (3) may not exceed \$2,500 per student.

(4) When a child attends a public school of another state or province, the amount of daily tuition may not be greater than the average annual cost for each student in the child's district of residence. This calculation for tuition purposes is determined by totaling all of the expenditures for all of the district budgeted funds for the preceding school fiscal year and dividing that amount by the October 1 enrollment in the preceding school fiscal year. For the purposes of this subsection, the following do not apply:

(a) placement of a child with a disability pursuant to Title 20, chapter 7, part 4;

(b) placement made in a state or province with a reciprocal tuition agreement pursuant to 20-5-314;

(i) *when a child has approval to attend a school outside the child's district of residence because of a parent's or guardian's request under the provisions of 20-5-320 or 20-5-321(1)(c), the parent or guardian of the child is responsible for transportation and the child is not an eligible transportee as defined in 20-10-101. The district of attendance may discretionarily provide transportation for a child who is not an eligible transportee pursuant to 20-10-122.*

(ii) *when a child attends a school outside the child's district of residence under the provisions of 20-5-321(1)(a) or (1)(b), the district of residence is responsible for transportation; and*

(7) As used in this section, "tuition per-ANB amount" means the applicable per-ANB maximum rate established in 20-9-306, plus the per-ANB amounts of the instructional block grant and related services block grant under 20-9-321."

(i) except as provided in subsection (2)(b) of this section, pay the district of attendance the amount of the tuition obligation reported under subsection (1)(c) of this section, prorated for the actual days of enrollment;

(ii) determine the total per-ANB entitlement for which the district of residence would have been eligible if the students reported in subsections (1)(d) and (1)(e) of this section had been enrolled in the resident district in the prior year; and

(iii) reimburse the district of residence for the state portion of the per-ANB entitlement for each student reported in subsections (1)(d) and (1)(e) of this section, not to exceed the district's actual payment of tuition or fees for service for the student in the previous year.

(b) The district of residence for each child reported under the provisions of subsection (1)(a) of this section shall pay the district of attendance the tuition rate under 20-5-323(1) prorated for the actual days of enrollment. The superintendent of public instruction is only responsible for any additional tuition amount pursuant to 20-5-323(2) and (3).

(ii) By December 31 of the school fiscal year following the year of attendance, the district of residence shall pay at least one-half of any tuition and transportation obligation established under ~~subsection (4)(a)(i) this part.~~ The remaining tuition and transportation obligation must be paid by June 15 of the school fiscal year following the year of attendance.

The amount of the levy imposed for the costs associated with educating each child with a disability under this subsection ~~(4)(a)(iii)~~ (4)(b) is limited to the actual cost of service under the child's individualized education program minus:

~~(b) When a child has approval to attend a school outside the child's district of residence because of a parent's or guardian's request under the provisions of 20-5-320 or 20-5-321(1)(c), the parent or guardian of the child is responsible for transportation unless otherwise agreed to in the out-of-district attendance agreement.~~

(5) (a) Except as provided in subsection (5)(b), the district of attendance shall anticipate and credit tuition receipts to the district general fund, to reduce the general fund net levy requirement first to the BASE budget and any remaining to the over-BASE budget pursuant to 20-9-141, and transportation receipts to the transportation fund. In order to provide local property tax reduction for the tuition amount received under 20-5-323(1), the amount of the reduction in the BASE budget mills levied as a result of anticipated tuition payments must be calculated as a final step in computing the district's general fund net BASE levy requirement pursuant to the procedure set forth in 20-9-141(2) and the district's guaranteed tax base aid must be calculated prior to the reduction in BASE mills.

(b) Any tuition receipts received for a pupil who is a child with a disability under 20-5-323(2) or for a student without disabilities who requires a program with costs that exceed the average district costs under 20-5-323(3) that exceed the tuition amount received for a pupil without disabilities must be deposited in the district miscellaneous programs fund and must be used in the manner provided for in 20-9-507 to support the costs of the program for which the tuition was received.

(b)(ii) the number of nonresident students served by the district under out-of-district attendance agreements, *broken down by district of residence*; and

(c)(iii) the number of resident students served by other school districts under out-of-district attendance agreements, *broken down by district of attendance*.

(b) *School districts shall provide the superintendent of public instruction with the information necessary to comply with this subsection (8) in a manner prescribed by the superintendent that must minimize the reporting burden on school districts.*

Section 5. Section 20-7-118, MCA, is amended to read:

“20-7-118. Remote instruction. (1) A school district may provide remote instruction, including the provision of services through electronic means. A district shall comply with any rules adopted by the board of public education that specify standards for remote instruction. The provision of remote instruction by a district is limited to pupils:

(a) meeting the residency requirements for that district as provided in 1-1-215;

A course is not equivalent if the course does not provide the same level of advantage on successful completion, including but not limited to dual credit, advanced placement, and career certification.

(2) A school of a district providing remote instruction shall provide remote instruction to an out-of-district pupil under subsection ~~(1)(c)~~ *(1)(d)* unless, because of class size restrictions, the accreditation of the school would be adversely impacted by providing remote instruction to the pupil.

(3) (a) *A district providing remote instruction shall include pupils in enrollment counts for ANB calculation purposes as described in 20-9-311.*

(b) Except as provided in subsection (1)(c) of this section, the provisions of out-of-district attendance and tuition laws under Title 20, chapter 5, part 3, do not apply to remote instruction.

~~(3)(4)~~ The superintendent of public instruction shall adopt rules for the administration and enforcement of this section.”

Section 6. Section 20-7-421, MCA, is amended to read:

“20-7-421. Arranging attendance in another district in lieu of a special education program – tuition. (1) In accordance with a placement decision made by persons determining an individualized education program for a child with a disability, the trustees may arrange for the attendance of a child in need of special education and related services in another district within the state of Montana.

~~(2) Tuition and transportation as required under 20-5-323 may be charged as provided in 20-7-420. Financial obligations for tuition and transportation for a child with a disability attending a school district other than the child’s resident school district are governed by Title 20, chapter 5, part 3.”~~

Section 7. Section 20-9-505, MCA, is amended to read:

“20-9-505. Purpose and establishment of nonoperating fund.

(1) The trustees of a district that will not operate a school during the ensuing school fiscal year shall establish a nonoperating fund on the first day of the school fiscal year. In establishing the nonoperating fund, the trustees shall cause the transfer of the end-of-the-year fund balance of each fund maintained by the district during the immediately preceding school fiscal year to the nonoperating fund. However, fund balances of the debt service fund and the miscellaneous programs fund, if any, must be maintained in their individual funds.

(2) The trustees of a district establishing a nonoperating fund for the first year of nonoperation may earmark a portion of the nonoperating fund balance as a nonoperating fund operating reserve when they anticipate the reopening of a school in the following school fiscal year. The operating reserve may not be more than the general fund operating reserve designated for the immediately preceding school fiscal year. If a school is not operated in the following school fiscal year, the authority of the trustees to earmark a nonoperating fund operating reserve terminates and the money earmarked as an operating reserve must be used to reduce the levy requirement of the nonoperating fund. If the trustees acquire approval to reopen a school in the following school fiscal year under the provisions of 20-6-502 or 20-6-503 and operate the school, the nonoperating fund operating reserve must be restored as the general fund operating reserve.

(3) The purpose of the nonoperating fund is to centralize the financing and budgeting for the limited functions of a district not operating a school. The functions include:

- (a) elementary tuition obligations to other districts;
- (b) transportation of the resident pupils;
- (c) maintenance of district-owned property; and
- (d) any other nonoperating school function of the district considered necessary by the trustees or required by law.

(4) Any expenditure of nonoperating fund money must be made in accordance with the financial administration provisions of this title for a budgeted fund.”

Section 8. Effective date. [This act] is effective July 1, 2025.

Section 9. Coordination instruction. If House Bill No. 156 and [this act] are both passed and approved, then [section 3(1)(b) of this act], amending 20-5-323, is void and must be replaced with:

“(b) If the district of residence is a nonoperating district, the required tuition is the percentage of the adopted general fund budget funded by over-BASE property taxes in the district of attendance in the year of attendance, not to exceed 20% of the tuition per-ANB amount for the year of attendance as described in 20-5-324.”

Section 10. Applicability. [This act] applies to out-of-district attendance agreements for school fiscal years beginning on or after July 1, 2025.

~~(i) the youth's:~~

~~(A) age;~~

~~(B) physical and mental maturity; and~~

~~(C) present mental state, including whether the youth presents an imminent risk of harm to the youth's self or others;~~

~~(v) any other relevant factor.~~

(9) *If the court finds, based on the criteria in subsection (8)(b), that it is in the interest of justice to detain a youth under the jurisdiction of district court in an adult jail or adult detention facility pending the final disposition of the youth's case, the court must:*

(a) hold a hearing at least once every 30 days to review whether it is still in the interest of justice to require the youth to continue to be held in an area of a secure adult facility that provides sight and sound separation from adults accused or convicted of criminal offenses;

(b) hold an additional hearing before the youth has been detained for 180 days to determine, in writing, if there is good cause for an extension unless the youth expressly waives this limitation."

Section 3. Section 20-5-101, MCA, is amended to read:

"20-5-101. Admittance of child to school. (1) The trustees shall assign and admit a child to a school in the district when the child is:

(b) a resident of the district; and

(c) otherwise qualified under the provisions of this title to be admitted to the school.

(2) The trustees of a district may assign and admit any nonresident child to a school in the district under the tuition provisions of this title.

(3) (a) The trustees may at their discretion assign and admit a child to a school in the district who is under 5 years of age or an adult who is 19 years of age or older if there are exceptional circumstances that merit waiving the age provision of this section. The trustees may also admit an individual who has graduated from high school but is not yet 19 years of age even though no special circumstances exist for waiver of the age provision of this section.

(b) As used in this subsection, "exceptional circumstances" means any of the following:

(i) the child is being admitted into a preschool program established by the trustees pursuant to 20-7-117;

(ii) the child is determined by the trustees to be ready for kindergarten and the child's parents have requested early entry into the district's regular 1-year kindergarten program;

(iv) the adult is 19 years of age or older and in the trustees' determination would benefit from educational programs offered by a school of the district.

(c) The admittance of an individual under this subsection (3) does not in and of itself impact the ANB calculations governed by 20-9-311.

(4) The trustees shall assign and admit a child who is homeless, as defined in the Stewart B. McKinney Homeless Assistance Act, (Public Law 100-77), to a school in the district regardless of residence. (5) The trustees shall assign and admit a child whose parent or guardian is being relocated to Montana under military orders to a school in the district and allow the child to preliminarily enroll in classes and apply for programs offered by the district prior to arrival and establishing residency.

(6) Except for the provisions of subsection (4), tuition for a nonresident child must be paid in accordance with the tuition provisions of this title.

(7) The trustees' assignment of a child meeting the qualifications of subsection (1) to a school in the district outside of the adopted school boundaries applicable to the child is subject to the district's grievance policy. Upon completion of procedures set forth in the district's grievance policy, the trustees' decision regarding the assignment is final.

(8) The trustees shall assign and admit a child who is enrolled in a nonpublic or home school and who meets the requirements of subsection (1) as a part-time enrollee at the request of the child's parent or guardian.

(9) For the purposes of this part, "part-time enrollee" means a qualifying pupil who is enrolled and admitted at one of the fractional levels that qualify for part-time ANB pursuant to 20-9-311(4)(a) or (4)(d)."

Section 4. Section 20-7-1801, MCA, is amended to read:

"20-7-1801. Findings – purpose – legislative intent. (1) The legislature finds that the ability to read *and to perform math* at or above grade level is essential for educational success. The legislature also finds that too many Montana children are not ~~reading~~ *proficient in reading or math* at the end of 3rd grade.

(2) The purposes of this ~~bill~~ *part* are to:

(a) provide parents with voluntary early ~~literacy~~ interventions for their children;

(b) increase the number of children who are ~~reading~~ *proficient in reading and math* at the end of 3rd grade and in so doing help those children develop their full educational potential pursuant to Article X, section 1(1), of the Montana constitution; and

(c) foster a strong economic return for the state on early ~~literacy~~ *educational* investment through enhancing Montana's skilled workforce and decreasing future reliance on social programs and the criminal justice system.

(3) The legislature intends that the board of public education, the office of public instruction, and the boards of trustees of school districts collaborate to implement this part and achieve the purposes under subsection (2).

(4) The legislature further intends that the board of public education, the office of public instruction, and the boards of trustees of school districts collaborate on an ongoing basis to gather, analyze, and make available

outcome data and continually refine the interventions to increase the efficacy and efficiency of each intervention.”

Section 5. Section 20-7-1802, MCA, is amended to read:

“20-7-1802. Definitions. As used in this part, unless the context clearly indicates otherwise, the following definitions apply:

This part may not be construed to limit the duty or authority of trustees to provide educational opportunities described elsewhere in this title.

(2) The board of public education shall determine ~~an evaluation methodology~~ *evaluation methodologies* to determine, based on a child’s age or grade level, whether the child is above, at, or below a developmental trajectory leading to reading *or math* proficiency on completion of 3rd grade. The evaluation *methodologies* must be:

(3) The superintendent of public instruction shall provide school districts with access to and technical support for the evaluation ~~methodology, instrument, or assessment~~ *methodologies* determined by the board of public education.

(4) A child may not be evaluated for the purposes of this part unless requested by the child’s parent or guardian. The trustees may administer ~~the~~ *an evaluation methodology in April, May, or June* to a child who will be 4 years of age or older on or before the following September 10 and who has not yet entered 3rd grade. A child who is evaluated to be below trajectory for 3rd-grade reading *or math* proficiency for the child’s age or grade level is an eligible child ~~for the subsequent school year~~.

(5) (a) For an eligible child who is 4 years of age or older on or before September 10 of the year in which the child is to participate in the program and who is not entering and who has not completed kindergarten, the trustees may offer a classroom-based program, which may be a half-time or full-time program. A full-time program must allow a parent or guardian to enroll the child half-time.

(iii) be aligned to a framework determined by the board of public education; *and*

(iv) be designed in a manner to increase the likelihood of a child being evaluated at the end of the ensuing school year to be at or above a trajectory leading to reading *or math* proficiency at the end of 3rd grade."

Section 7. Section 20-7-1804, MCA, is amended to read:

"20-7-1804. Early literacy targeted interventions -- funding -- reporting. (1) An eligible child participating in a classroom-based program pursuant to 20-7-1803(5) must be included in enrollment counts for the purpose of ANB calculations in the manner described in 20-9-311.

(2) The superintendent of public instruction shall pay for the costs for an eligible child participating in a home-based program pursuant to 20-7-1803(6) from funds appropriated for this purpose. If the annual appropriation for this program is not sufficient to fully fund all eligible children participating in the home-based program, the superintendent shall limit participation on a first-come, first-served basis.

(3) An eligible child participating in a jumpstart program pursuant to 20-7-1803(7) must be counted as quarter-time enrollment for the purpose of ANB calculations pursuant to 20-9-311.

(4) Trustees offering an early literacy targeted intervention shall closely monitor the program and report annually to the superintendent of public instruction on the efficacy of the program no later than July 15. The superintendent shall collaborate with trustees in maximizing the efficiency of fulfilling this reporting requirement. The report must include anonymized information on student progress, including the student's performance on:

- (d) a list of schools offering one or more targeted interventions and a list of the matched comparable nonparticipating schools that on the most recent 4th grade statewide reading ~~assessment~~ *and math assessments*:

- (i) had 75% or more of its students score at proficient or above; or
- (ii) improved the percentage of students scoring at proficient or above by 10 or more percentage points.”

Section 8. Section 20-9-311, MCA, is amended to read:

“20-9-311. Calculation of average number belonging (ANB) – 3-year averaging. (1) Average number belonging (ANB) must be computed for each budget unit as follows:

(a) compute an average enrollment by adding a count of regularly enrolled pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on the first Monday in February of the prior school fiscal year or the next school day if those dates do not fall on a school day, and divide the sum by two; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(4) (a) Except as provided in subsection (4)(d), for the purpose of calculating ANB, enrollment in an education program:

(i) from 180 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-time enrollment;

(ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time enrollment;

(iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-quarter-time enrollment; and

(iv) 720 or more aggregate hours of pupil instruction per school year is counted as full-time enrollment.

(b) Except as provided in subsection (4)(d), enrollment in a program intended to provide fewer than 180 aggregate hours of pupil instruction per school year may not be included for purposes of ANB.

(c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based on the hours necessary and appropriate to provide the course within a regular classroom schedule.

(d) A school district may include in its calculation of ANB a pupil who is enrolled in a program providing fewer than the required aggregate hours of pupil instruction required under subsection (4)(a) or (4)(b) if the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by the school board using district assessments. The ANB of a pupil under this subsection (4)(d) must be converted to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the student has demonstrated proficiency.

(e) (i) Except as provided in subsection (4)(e)(ii), a pupil in kindergarten through grade 12 who is concurrently enrolled in more than one public school, program, or district may not be counted as more than one full-time pupil for ANB purposes. When a pupil is concurrently enrolled in more than one district, any fractional enrollment under subsection (4)(a) must be attributed first to a pupil's nonresident district.

(ii) A pupil who participates in a jumpstart program under Title 20, chapter 7, part 18, may be counted as up to 1 1/4 enrollment for ANB purposes. A district shall add one-quarter enrollment for a pupil who participated in ~~an~~ *early literacy* a jumpstart program to the pupil's regular enrollment count under this subsection (4) in both the October and February enrollment counts following the student's participation in the jumpstart program.

(5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose of calculating ANB for the elementary programs offering full-time kindergarten in the current year. For the purposes of calculating the 3-year ANB, the superintendent of public instruction shall count the kindergarten enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year average ANB for districts offering full-time kindergarten.

(6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil resumes attendance prior to the day of the enrollment count.

(7) (a) The enrollment of preschool pupils, as provided in 20-7-117, may not be included in the ANB calculations.

(b) Except as provided in subsection (7)(c), a pupil who has reached 19 years of age by September 10 of the school year may not be included in the ANB calculations.

(c) A pupil with disabilities who is over 19 years of age and has not yet reached 21 years of age by September 10 of the school year and who is receiving special education services from a school district pursuant to 20-7-411(4)(a) may be included in the ANB calculations if:

(i) the student has not graduated;

(ii) the student is eligible for special education services and is likely to be eligible for adult services for individuals with developmental disabilities due to the significance of the student's disability; and

(iii) the student's individualized education program has identified transition goals that focus on preparation for living and working in the community following high school graduation since age 16 or the student's disability has increased in significance after age 16.

(d) A school district providing special education services pursuant to subsection (7)(c) is encouraged to collaborate with agencies and programs that serve adults with developmental disabilities in meeting the goals of a student's transition plan.

(8) The average number belonging of the regularly enrolled pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled pupils attending the schools of the district, except that:

(a) the ANB is calculated as a separate budget unit when:

(i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled pupils of the school must be calculated as a separate budget unit for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and incorporated territory is not involved in the district, the number of regularly enrolled pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(iii) the superintendent of public instruction approves an application not to aggregate when geographic barriers exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iv) two or more districts consolidate or annex under the provisions of 20-6-422 or 20-6-423, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the consolidation or annexation. Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:

(A) 75% of the basic entitlement for the fourth year;

(B) 50% of the basic entitlement for the fifth year; and

(C) 25% of the basic entitlement for the sixth year.

(b) when a junior high school has been approved and accredited as a junior high school, all of the regularly enrolled pupils of the junior high school must be considered as high school district pupils for ANB purposes;

(c) when a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

(d) when a school has been designated as nonaccredited by the board of public education because of failure to meet the board of public education's assurance and performance standards, the regularly enrolled pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE funding program for the district.

(9) The district shall provide the superintendent of public instruction with semiannual reports of school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the superintendent.

(10) (a) Except as provided in subsections (10)(b) and (10)(c), enrollment in a basic education program provided by the district through any combination of in-person or remote instruction may be included for ANB purposes only if the pupil is offered access to the complete range of educational services for the basic education program required by the accreditation standards adopted by the board of public education.

(b) Access to school programs and services for a student placed by the trustees in a private program for special education may be limited to the programs and services specified in an approved individual education plan supervised by the district.

(c) Access to school programs and services for a student who is incarcerated in a facility, other than a youth detention center, may be limited to the programs and services provided by the district at district expense under an agreement with the incarcerating facility.

(d) This subsection (10) may not be construed to require a school district to offer access to activities governed by an organization having jurisdiction over interscholastic activities, contests, and tournaments to a pupil who is not otherwise eligible under the rules of the organization.

(11) A district may include only, for ANB purposes, an enrolled pupil who is otherwise eligible under this title and who is:

(a) a resident of the district or a nonresident student admitted by trustees under a student attendance agreement and who is attending a school or an offsite instructional setting of the district;

(b) unable to attend school due to a medical reason certified by a medical doctor and receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;

(c) unable to attend school due to the student's incarceration in a facility, other than a youth detention center, and who is receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;

(d) receiving special education and related services, other than day treatment, under a placement by the trustees at a private nonsectarian school or private program if the pupil's services are provided at the district's expense under an approved individual education plan supervised by the district;

(e) participating in the running start program at district expense under 20-9-706;

(f) receiving educational services, provided by the district, using appropriately licensed district staff at a private residential program or private residential facility licensed by the department of public health and human services;

(g) enrolled in an educational program or course provided at district expense using remote delivery methods, including but not limited to tutoring, distance learning programs, online programs, and technology delivered learning programs. The pupil:

(i) must meet the residency requirements for that district as provided in 1-1-215;

(ii) shall live in the district and must be eligible for educational services under the Individuals With Disabilities Education Act or under 29 U.S.C. 794; or

(iii) must be enrolled in the educational program or course under a mandatory attendance agreement as provided in 20-5-321; or

(iv) must be receiving remote instruction under 20-7-118(1)(c).

(h) a resident of the district attending the Montana youth challenge program or a Montana job corps program under an interlocal agreement with the district under 20-9-707.

(12) A district shall, for ANB purposes, calculate the enrollment of an eligible Montana youth challenge program participant as half-time enrollment.

(13) (a) A district may, for ANB purposes, include in the October and February enrollment counts an individual who is otherwise eligible under this title and who during the prior school year:

(i) resided in the district;

(ii) was not enrolled in the district or was not enrolled full time; and

(iii) completed an extracurricular activity with a duration of at least 6 weeks.

(b) (i) Except as provided in subsection (13)(b)(ii), each completed extracurricular activity under subsection (13)(a) may be counted as one-sixteenth enrollment for the individual, but under this subsection (13) the individual may not be counted as more than one full-time enrollment for ANB purposes.

(ii) Each completed extracurricular activity lasting longer than 18 weeks may be counted as one-eighth enrollment.

(c) For the purposes of this section, "extracurricular activity" means:

(i) a sport or activity sanctioned by an organization having jurisdiction over interscholastic activities, contests, and tournaments;

(ii) an approved career and technical student organization, pursuant to 20-7-306; or

(14) (a) For an elementary or high school district that has been in existence for 3 years or more, the district's maximum general fund budget and BASE budget for the ensuing school fiscal year must be calculated using the current year ANB for all budget units or the 3-year average ANB for all budget units, whichever generates the greatest maximum general fund budget.

(b) For a K-12 district that has been in existence for 3 years or more, the district's maximum general fund budget and BASE budget for the ensuing school fiscal year must be calculated separately for the elementary and high school programs pursuant to subsection (14)(a) and then combined.

(15) The term "3-year ANB" means an average ANB over the most recent 3-year period, calculated by:

(a) adding the ANB for the budget unit for the ensuing school fiscal year to the ANB for each of the previous 2 school fiscal years; and

(b) dividing the sum calculated under subsection (15)(a) by three."

Section 9. Transition. (c) ~~Upon~~ *On* approval of the application, the department shall issue to the distributor a nonassignable license that is in force until surrendered, *canceled*, or revoked.

At its discretion, the department may issue a probationary license to a distributor who repeatedly fails to report in the manner prescribed. The probationary license must be issued for a specified time period and may require the distributor to attend motor fuel tax training conducted by the department. If a distributor issued a probationary license fails to provide accurate reports by the end of the time period specified by the probationary license, the department may revoke the distributor license.

(4) If an application for a distributor license is denied or revoked or if the distributor is under disciplinary action, the applicant or distributor has the right to appeal the department's decision pursuant to Title 2, chapter 4, part 6.

(b) *If gasoline, special fuel, or aviation fuel is withdrawn for shipment or delivery to a licensed distributor, it is considered to be distributed by the first licensed distributor to take possession of the gasoline, special fuel, or aviation fuel as shown by the bill of lading issued by the terminal or refinery.*

(5) *Imported gasoline, special fuel, or aviation fuel, except for gasoline, special fuel, or aviation fuel placed in storage at a refinery or pipeline terminal, is considered to be distributed after it arrives and is brought to rest in this state by the person who is the owner of the gasoline, special fuel, or aviation fuel at the time the gasoline, special fuel, or aviation fuel is unloaded from its shipping vessel. (4)(7) Gasoline or special fuel may not be included in the measure of the distributor's tax if it is sold for export unless the distributor is not licensed and is not paying the tax to the state where the fuel is destined.

(5)(8) Special fuel may not be included in the measure of the distributor's tax if it is dyed by injector at a refinery or terminal for off-highway use.

(6)(9) When no Montana fuel tax has been paid by a distributor or any other person, the department shall collect or cause to be collected from the owners or operators of motor vehicles operating on the public roads and highways of this state a tax equal to the tax rate provided for in subsection (1)(a) for gasoline and subsection (1)(b) for dyed or undyed special fuel. The tax must be paid for each gallon of gasoline or special fuel as defined in this part, or other volatile liquid, except liquid petroleum gas, of less than 46 degrees A.P.I. Section 5. Section 15-70-441, MCA, is amended to read:
